(Cap. 300, section 33)

Registration of Instrument

Whereas Geoffrey Kirera Mashimba (deceased), is registered as proprietor of that piece of land known as Kagaari/Kigaa/778, containing 3.33 hectares or thereabout, in the district of Embu, and whereas the High Court judge in succession cause No. 81 of 2010, has ordered that the said piece of land be registered in the name of (1) Linus Ireni Kirera and (2) Peter Kirera Mashimba, and whereas all efforts made to recover the land title deed issued in respect of the said piece of land by the land registrar have failed, notice is given that after the expiration of thirty (30) days from the date hereof, provided no valid objection has been received within that period, I intend to dispense with the production of the said land title deed and proceed with the registration of the said grant document and issue land title deed to the said (1) Linus Ireni Kirera and (2) Peter Kirera Mashimba, and upon such registration the land title deed issued earlier to the said Geoffrey Kirera Mashimba (deceased), shall be deemed to be cancelled and of no effect.

Dated the 26th July, 2013.

J. M. Munguti
Land Registrar, Embu District.

i. Performance Evaluation: Performance targets to be met and ascertained by WASREB, at the end of the 1st year of the tariff period. Non achievement of the set targets without justifiable cause shall lead to penalty.

ii. SPA Revision: the clause on tariffs and licensee remuneration levy which is the equivalent of Clause 9 of the Model Service Provision Agreement (SPA) on “Tariffs, Remuneration and Financial Arrangements”, shall be amended to conform with the approved tariffs. The agent shall remit fixed annual payments to Licensee, which shall be paid on equal monthly rates, at the end of respective months according to the amount in section 3.

iii. Regulatory Levy: the WSP shall remit the regulatory levy on monthly basis being 1% of the billing as per Legal Notice No. 36 of 2008. Arrears of the levy shall be paid up by 1st March 2013.

iv. Loan Repayment:
   (i) KIWASCO shall immediately establish a standing order with LVSWSB where it shall remit on a monthly basis, equal instalments for the semi-annual loan repayments.
   (ii) The Surpluses realized during the tariff period shall be used to repay the current arrears in loan repayment. LVSWSB shall agree with KIWASCO on a schedule to clear the arrears in loan repayment. This is in addition to the scheduled repayment of the loan.

That the tariff shall apply for Two (2) years.

Emmissions
- Prohibit idling of vehicles.
- Water should be sprayed during the construction phase of excavated areas.
- Regular maintenance of construction plant and equipment.
- Engage sensitive construction workers.
- Proper use of PPE.
- Sensitize drivers of construction machinery on effects of noise.
- Maintain plant equipment (if present/used).
- Construction activities to be restricted to daytime.
- Workers in the vicinity of or involved in high-level noise to wear respective safety & protective gear i.e. earplugs & earmuffs.
- Appropriate selection of machinery.
- Proper storage, handling and disposal of new oil and used oil and related wastes.
- Maintain plant and equipment to avoid leaks.
- Maintenance of construction vehicles should be carried out in the contractor’s yard (off the site).
- Provide oil interceptors along the drains leading from oil storage areas and dispensing pump islands.
- Management of water usage. Avoid unnecessary wastage.
- Recycling of water at the construction phase where possible.
- Use of water conservation signs at the wash rooms and install water conserving taps.
- Appropriate selection of machinery.
- Provide First Aid kits on the site.
- Sensitize residents/workers on environmental management.
- Ensure there is no ponding to eliminate breeding of mosquitoes during construction.
- Workers should be trained on occupational health & safety and first Aid administration.
- Train staff on petroleum product handling.
- Sensitise workers on HIV and AIDS.

Fire Safety Training/Emergency Response Procedures (ERPS)
- Training in fire fighting and regular drills.
- To enhance health and safety preparedness among stakeholders.
- Ensure equipment is in good working condition.
- Put up emergency response contacts.
- Put up ERP notification instructions.
- Put up simple instructions on how to handle fires, product spills, LPG incidents, armed robbery and product contaminations.

Record Keeping
- Collection and analysis of relevant environmental data at the site.
- Data of maintenance of firefighting equipment.
- Monthly product reconciliation (stock loss control).
- Staff Training records.
- Incidents and accidents registers.
- Weekly inspection records of oil water interceptor and drainage systems.

Internal Audits
- Monitoring will involve measurements, observations, evaluations, assessment of changes in water quality, waste management, Noise levels, contractor safety etc.

Fire Outbreak
- Install fire-fighting equipment as provided by municipal council fire department.
- Sensitize the residents on fire risks i.e. conduct regular fire drills.
- Adapt effective emergency response plan.

Security
- Provide emergency numbers at strategic points.
- Provide security guards and facilities during construction period.
- Security men should always be available to alleviate cases of robbery.

Water Quality and Waste Management
- Construct oil interceptors and monitor daily.
- Strict adherence to the provisions of Waste Management and Water Quality Regulations.
- Construct adequate and standard wastewater treatment plant/system.
- Reduce waste at source, recycling and disposal of recyclable waste in approved dumpsites. The proponent should explore engaging the services of a registered waste handler.

The full report of the proposed project is available for inspection during working hours at:
(a) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.
(b) Permanent Secretary, Ministry of Environment and Mineral Resources, NHIF Building, Community, P.O. Box 30521, Nairobi.
(c) County Director of Environment, Makueni County.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process of the plan.
### Environmental Impact Mitigation Measures

| Traffic congestion and obstruction | - Set up overhead storage tanks.  
- Construct additional interceptor channels to the already existing ones.  
- Construct bund walls for storage tank.  
- Construct a drainage channel for storm water.  
- Set up an operational site office.  
- Transport waste oil from the Port of Mombasa to the waste oil handling yard.  
- Separate water from waste oil. |
| Potential increase in road incidences | - Signage at the proposed site’s entrance to notify other motorists in the area about the project.  
- Marking of the road to be done along the access road.  
- Drivers of the trucks to be trained to observe road safety rules and comply with traffic regulations such as speed limits at the site especially while driving in and out of the yard. |
| Noise disturbance to the neighbors from machineries | - Construction work to be restricted to day time to minimize noise disturbance.  
- The contractor to be advised to use well serviced machines to avoid generation of unnecessary noise. |
| Dust disturbance | - Building materials especially ballast that are likely to produce dust to be sprinkled with water before use. |
| Increased demand for water | - Water for construction to be brought in to the proposed site.  
- Avoid wastage.  
- Recycle water when possible. |
| Littering by solid waste | - Transportation of such waste to follow the laid down regulations to prevent scattering of waste while in transit to disposal sites.  
- Workers handling the waste to be provided with appropriate protective clothing. |
| Occupational health and safety risks | - Employees to be provided with appropriate personal protective clothing such as helmets, safety boots, gloves, nose muffs and overalls.  
- First aid services and sanitary facilities to be readily available on site. |
| Oil spillages | - Appropriate siphoning equipment is to be used at the port to avoid oil spills.  
- Transportation tankers and reception/storage tanks to be checked for any leakages at the start of operations and at regular intervals and the necessary precautions taken. |
| Pollution by waste water | - Waste water to be stored in one of the chambers in the yard and to be discharged to a designated facility from time to time by a contracted waste handler registered by NEMA. |
| Occupational health and safety risks | - Employees to be provided with appropriate personal protective clothing such as helmets, safety boots, gloves, nose muffs and overalls.  
- Regular medical check-ups  
- First aid services and sanitary facilities, including water for drinking and bathing, to be readily available on site. |
| Provision of fire fighting appliances | - Provision of fire fighting appliances and clearly marking the fire points at the yard.  
- Workers to be trained on how to operate the fire fighting appliances. |
| Potential fire hazard | - Waste to be stored in one of the chambers in the yard and to be discharged to a designated facility from time to time by a contracted waste handler registered by NEMA. |
| Noise disturbance | - Provision of fire fighting appliances.  
- Workers to be trained on how to operate the fire fighting appliances. |
| Pollution by waste water | - Waste to be stored in one of the chambers in the yard and to be discharged to a designated facility from time to time by a contracted waste handler registered by NEMA. |

| Vegetation disturbance | • Ensure proper demarcation and delineation of the project construction area.  
• Specify locations for vehicles and equipment, and areas of the site which shall be kept free of traffic, equipment and storage.  
• Designate access routes and parking area within the site.  
• Introduction of vegetation (trees, shrubs and grass) on open spaces and around the project site and their maintenance.  
• Design and implement appropriate landscaping program to help on re-vegetation. |
| Erosion control | • Earthworks should be controlled so that land that is not required for the construction works is not disturbed. Wherever possible, earthworks should be carried out during the dry season to prevent soil from being washed away by the rain.  
• Excavated materials and excess earth will be kept at appropriate sites approved by the supervising engineer and the earth dumping sites designed in such a manner as to facilitate natural water discharge.  
• The Contractor shall protect areas susceptible to erosion by installing necessary temporary and permanent drainage works as soon as possible. |
| Waste water and waste oil management practices | Carefully collect used oil in drums and dispose of by licensed refuse contractor.  
• Adhere to wastewater management regulation of the legal Notice 121 and Water quality regulations of the Legal Notice 120.  
• Conduct wastewater monitoring to check compliance.  
• Document and train staff in the emergency spill response plan. |
| Sewer | • Sewer line from the station will be connected to council sewer line across the road.  
• Pave the Pump Island and remote filling area with reinforced concrete.  
• Regular training of staff on pump island operations. |
| Poor housekeeping at dispensing | The tank and lines will be used as per their design life of 30 years and a UST / line replacement program put in to ensure tanks and lines are replaced prior to failure.  
• Monitor daily reconciliation of wet stock and inventory records.  
• In case of suspect losses, institute tank and line integrity testing; and |
| Leakage of tanks and product lines | Increased solid waste generation  
• Conduct a soil gas survey to check the extent of contamination from the leaks.  
• Comply with the requirements of the Environmental Management (Waste Management) Regulations Legal Notice 120.  
• Use of an integrated solid waste management plan through a hierarchy of 3R.  
• Use durable materials that shall not need to be replaced as often.  
• Waste should not be burned on site or dumped in undesignated waste disposal areas.  
• Provide facilities for proper handling and storage of construction materials.  
• Designate and construct an appropriate waste collection facility or refuse skips.  
• Use building materials that have minimal or no packaging to avoid the generation of excessive packaging waste.  
• Reuse packaging materials e.g. cartons, cement bags, empty metal etc.  
• Segregate waste at source.  
• Contract licensed waste contractors to collect waste.  
• Waste collection bins to be provided at designated points on site. |
| Dust emission | • Ensure strict enforcement of on-site speed limit regulations.  
• Sprinkle water during excavation works by heavy machines.  
• Sprinkle water on graded access roads when necessary to reduce dust generation by construction vehicles.  
• Provide masks to be provided to employees and worn. |
| Fire and accident | • Provision and placement of appropriate fire extinguishers and training of personnel.  
• Provision of fully equipped First Aid box on site at all times.  
• Display warning signs at suitable locations.  
• Prohibit unauthorized persons at the station.  
• Weatherproof all lighting and power points located outside the fuel station. |
| Air pollution | • Ensure that the generator is maintained to manufactures specifications.  
• Ensure that tank vents are located away from sensitive receptors.  
• Construction materials shall be from approved sources.  
• Construction materials shall be from approved sources.  
• Procure environmentally friendly and sustainable materials.  
• Do not use the following materials for construction of the building: Asbestos in any form; Lead, Lead paint or other materials containing Lead; Vermiculite, unless it is established as being fiber-free; Any product containing Cadmium.  
• Develop an energy management plan.  
• Noise level is within acceptable limits and construction activities shall, where possible, be confined to normal working hours.  
• All construction machinery are

IMPORTANT NOTICE TO SUBSCRIBERS TO THE KENYA GAZETTE

THE following notes are for the guidance of persons submitting “copy” for inclusion in the Kenya Gazette, Supplement, etc.:

(1) The Kenya Gazette contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.

(2) Legislative Supplement contains Rules and Regulations which are issued by the Central Government. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.

(3) Bill Supplement contains Bills which are for introduction in the National Assembly.

(4) Act Supplement contains Acts passed by the National Assembly.

All “copy” submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typewritten with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

(i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.

(ii) Dates must be correct and filled in where necessary.

(iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

Kenya Gazette

“D 34. (1) Communications for the Kenya Gazette should reach the Government Printer not later than 9 a.m. on Friday of the week before publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the Gazette.

(2) Ministries will be required to pay for the Kenya Gazette and to meet the cost of advertising in it.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
