5. **Minutes.**

The Board shall cause minutes of all proceedings of meetings of the Board to be entered in books for that purpose.
make further regulations on any matter therein. It is this context that the “The Public Finance Management (Equalization Fund) Regulations, 2015” are made to operationalize the Equalization Fund established under Article 204 of the Constitution by providing a mechanism for use of this Fund directly by the national government or indirectly through conditional or unconditional transfers to marginalized counties as identified by the Marginalization Policy determined by the Commission on Revenue Allocation in accordance with Article 216 (4) of the Constitution. In addition, the Regulations are made to provide the management structure of the Fund which is clearly linked with Ministries, State Departments and Agencies as well as marginalized counties.

4. Policy Background.

The Constitution assigned the duty to decide on the policy for implementation of the Equalization Fund to the National Government under Article 204 of the Constitution. Further, the Constitution provides that the national government may use the Fund either directly or indirectly through conditional or unconditional grants to marginalized counties. In addition, the Public Finance Management Act, 2012 has assigned the duty to administer the Equalization Fund to the Cabinet Secretary responsible for matters relating to finance. Accordingly, the National Government has decided that the Equalization Fund shall need a robust management structure to ensure the Fund’s objectives are achieved through a transparent and accountable mechanism. The management structure has been provided for in the Regulations. In addition, the Fund may be used directly by the national government, where the functions fall under the national government or under intergovernmental agreements between the marginalized counties and the national government. Alternatively, the Fund may be used as conditional grants to marginalized counties, which have been identified through the marginalization policy determined by the Commission on Revenue Allocation in line with Article 216 (4) of the Constitution, and where the functions are assigned to county governments under Schedule Four of the Constitution.

The Marginalization policy determined by the Commission on Revenue Allocation in line with Article 216 (4) of the Constitution, identified fourteen counties to benefit from the Fund namely; Turkana; Mandera; Wajir; Marsabit; Samburu; West Pokot; Tana River; Narok; Kwale; Garrissa; Kilifi; Taifa Taveta; Isiolo; and Lamu.

5. Public Consultations

Extensive consultations were done while preparing the Public Finance Management (Equalization Fund) Regulations, 2015 with key stakeholders and their input taken into account before finalization of these Regulations. Some of the key stakeholders’ consulted are Commission on the Implementation of the Constitution, Commission on Revenue Allocation, Controller of Budget, Accounting Officers of national and county governments, County Executive Committee Members of Finance, Senate, Members of Parliament as well as international experts in public finance management such as the International Monetary Fund and the World Bank among others.

Different stakeholders had different views especially on the mode of implementation of the Equalization Fund. Some held the view that the fund should be implemented directly by the national government through State Departments while others proposed that it be implemented indirectly through conditional grants to marginalized counties. The National Government therefore made a deliberate choice to stick to the Constitutional provisions that the Fund can either be used directly by the National Government or as a conditional allocation to the marginalized counties. This will give flexibility to the Fund to ensure maximum impact in terms of bringing the services of the marginalized counties closer to those enjoyed by other areas.

6. Guidance

The National Treasury will sensitize stakeholders including Parliament, accounting officers of national and county governments and the general public, on the process of accessing the Equalization Fund resources, the accountability mechanism, the monitoring and evaluation mechanism and the need to ensure regular reporting to both the Parliament and relevant County Assemblies.

7. Impact Assessment

An impact assessment has not been prepared for this statutory instrument. (Expected impact is, however, implied in the Marginalization Policy determined by the Commission on Revenue Allocation).

8. Review of the Marginalized Counties.

The National Treasury shall monitor the application of the Equalization Fund resources. This will be done through quarterly reports sent by the relevant accounting officer of the national government. In addition, the Fund Secretariat at the National Treasury will also carry out regular monitoring and evaluation of the specific projects funded through the Equalization Fund.

It is important to note that the marginalization policy determined by the Commission on Revenue Allocation and approved by Parliament shall be in force for a maximum period of three years from the operationalization of these Regulations. In this respect, a review thereof will be done by the Commission on Revenue Allocation for in line with Article 216 (4) of the Constitution.

9. National Treasury Contact Person.

The contact person at the National Treasury is Henry Rotich, Cabinet Secretary, or Dr. Kamau Thugge, EBS, Principal Secretary.
