THE BUSIA COUNTY WATER AND SEWERAGE SERVICES BILL, 2014

A Bill for

AN ACT of the County Assembly of Busia to provide for development, regulation and management of County public works related to water and sewerage services, storm water management systems, water conservation and for connected purposes.

ENACTED by the county assembly of Busia as follows;—

PART I—PRELIMINARY

1. This Act may be cited as the Busia County Water and Sewerage Services Act, 2014 and shall come into operation on the date of publication in the Gazette.

2. In this Act unless the context otherwise requires:

   "authorized officer" means an officer appointed under section 52 of the Act;

   "Board of Company" means the Board of the Water and Sewerage Services Company established under section 6;

   "Chief Officer" means the chief officer for the time being responsible for water services;

   "Company" means the Water and Sewerage Services Company established under section 4;

   "County" means the County of Busia;

   "Directorate" means the Directorate of Water and Sewerage Services established under section 28;

   "Executive Member" means the County Executive Committee Member for the time being responsible for water services;

   "flood plain" means the land adjoining a watercourse which in the opinion of the county is susceptible to inundation by floods;

   "Fund" means the Water and Sewerage Services Fund established under section 59;
“Governor” means the Governor of Busia County;

“public works” in this context means storage, intakes, transmission, distribution, pipelines, canals, dykes, water treatment works, sewer treatment works, pumping stations and pumps, drilling and distribution lines;

“riparian buffer” is an area around or situated next to bodies of water that act as buffers or cushions to that water body;

“sanitation” means conditions relating to public health, especially the provision of clean drinking water and adequate sewage disposal;

“storm water” means water resulting from natural precipitation and accumulation and includes ground water and spring water ordinarily conveyed by the storm water system, as well as sea water within estuaries, but excludes water in a drinking water or waste water reticulation system;

“water catchment area” means an area of land that water can drain across, over, or under to a common point on a stream, river, lake or wetland;

“water pollution incident” means an incident or occurrence which has a detrimental impact or a potential detrimental impact on the quality of the water in the storm water system to such an extent that public health or the natural ecosystem may be threatened;

“water works” means any construction, excavation, piping, drainage of any land, supply or transportation of water, water abstraction works, management of storm water and floods or storage, impounding of water for supply to the public or for private purposes, and drainage of any swamp or other land.

3. The object and purpose of this Act is to provide for a legal framework for implementation of Paragraphs 10 (a) and 11 of Part 2 of the Fourth Schedule of the Constitution and Article 43 (1) (b) and (d) thereof in order to;

(a) ensure equitable and continuous access to clean water;

(b) promote soil and water conservation;
(c) promote water catchment conservation and protection;
(d) provide for the development and management of County Water Services Public Works;
(e) provide for regulation of County Water and Sanitation Public Works;
(f) ensure effective and efficient provision of water and sanitation services;
(g) promote effective and efficient management of storm water in built up areas;
(h) enhance suitable management of water resources;
(i) promote inter agency collaboration and public participation in water resource development and management.

2. The board shall maintain an updated register of the assets and liabilities of the company and have them availed to the relevant stakeholders as the need may arise.
MEMORANDUM OF OBJECTS AND REASONS

The Constitution of Kenya at Article 43(1) (d) mandates the County Government to fulfill the rights set forth thereof which is that every person has a right to clean and safe water in adequate quantities. The demands for water as a resource are increasing rapidly and Article 69 (1) (a) of the Constitution further requires that the state should ensure sustainable exploitation, utilization, management and conservation of the environment and natural resources, and ensure equitable sharing of the accruing benefits.

This Bill therefore seeks to bring to fruition the role of the County Government as stipulated at paragraph 10 (a) and paragraph 11 of Part 2 of the Fourth Schedule of the Constitution.

The Bill at Part II thereof seeks to establish a County Water and Sewerage Services Company which according to the Bill, shall be the successor of the outgoing Water and Sewerage Services Company established under the Water Act. The Bill also establishes a board which shall be responsible for carrying out the activities of the company. It stipulates the membership of the board and the schedule to the Bill stipulates the rules and guidelines for the conduct of the affairs and business of the board.

PART III identifies the water services that are available to the residents of the county and makes provisions for the payment of tariffs to enable residents enjoy such services. It also stipulates the forms of application to be made by a person or a corporate entity which wishes to carry out water works or public works which are to the benefit of the county residents.

PART IV mainly touches on forms and modes of water and soil conservation. The company is mandated to carry out the provisions of this Act and ensure their implementation to ensure the objectives of this Bill are achieved.

Provisions for storm water management are made at Part V of the Bill where the company responsible for water services is tasked with coming up with storm water management plans to help conserve storm water.

PART VI of the Bill makes provisions for sewerage services and pollution control providing for the company to come up with a master plan which shall ensure the control of pollution activities, provision of sanitation services and management of waste water.

PART VII makes provisions for establishment of a Fund to be administered by a committee established by the Executive Committee Member in-charge of water services. The relevant section makes a provision that the Managing director of the board shall be the Chairperson to the committee to ensure that the company is represented in the administration of this Fund.
PART VIII, IX and X of the Bill makes general provisions touching on matters transitional, enforcement and miscellaneous provisions pertaining the Bill, including the powers of the Executive Member having powers to make regulations to ensure the proper performance of the objectives of the Bill.

Pursuant to Standing Order No. 114 of the Busia County Interim Standing Orders, it is provided at section 56 of the Bill that the County Executive Committee Member is given delegatory powers of legislation but with proper consultation and recommendations from the relevant stakeholders.

The Bill does not limit any fundamental rights and freedoms of individuals; it only seeks to enforce them.

The Bill concerns the County Government and it falls under the ambit of the functions of the County Government as outlined at paragraph 2 of this Memorandum.

The enactment of this Bill shall occasion further expenditure of Public funds in terms of the establishment of the Fund referred to at section 49 of the Bill; which expenditure ought to be factored in the County Government’s Budget estimates.

LUCAS WAKULIOBA,
Chairperson,
Transport, Public Works and Disaster Management Committee.
