MEMORANDUM OF OBJECTS AND REASONS

The objective of this Act is to provide a legal framework for the establishment, powers and functions of the Kenya AIDS Control Authority. The Authority is established as a successor to the National AIDS Control Council. In its current state the National AIDS Control Council is a State Corporation established vide the National AIDS Control Council Order published in legal Notice No 170 of 1999.

Even though the Council has made significant steps towards the prevention and spread of the AIDS scourge in the country, a number of defects have been noted which lead to the conclusion that better progress could have been made. Most of these concerns revolve around the operations of the Council.

A number of times, questions have also arisen as to the proper utilisation of resources allocated to the Council. The process of appointment of officials and membership to the Council has often also been criticized as being opaque and subject to patronage while also lacking in meritocracy.

In the current state the Council operates under and reports to the Office of the President. This raises serious questions of autonomy which may end up hampering the effective operations of the Council due to the noted issues. This lack of autonomy may also be a limiting factor in the body exercising general functions. The situation is made worse by the fact that the funds that the Council is dependent on are drawn from the ministerial allocations.

The Bill seeks to reverse this state of affairs by establishing the Authority as a body corporate with perpetual succession and a common seal. This gives it the full autonomy that comes with the status of a corporate body including the capability to sue and be sued, to enter into contracts and to own and transfer property in its own name. The funds to the Authority will also now be directly allocated by the National Assembly which further strengthens the Authority.

The Bill also intends to strengthen the institutional structures of the Authority by providing for a transparent and meritorious system for the appointment of the members of the Authority. The Chair and members of the Authority are made subject to and protected by the provisions of the Constitution as relates to state officers. The appointment process includes nomination by a panel and parliamentary approval.

Part I contains preliminary provisions.

Part II contains provisions on the establishment, powers and functions of the Kenya National AIDS Authority as the body
responsible for the formulation of policy and co-ordination of all matters pertaining to the prevention and control of HIV and AIDS.

**Part III** contains financial provisions which seek to grant the Authority financial autonomy and also subject the resources to transparent audit processes.

**Part IV** contains miscellaneous provisions including the repealing of the National AIDS Control Council Order, 1999 is repealed.

**Part V** contains provisions on delegated powers.

**THE FIRST SCHEDULE** sets out regulations regarding the conduct of business and affairs of the Authority.

**THE SECOND SCHEDULE** sets out the transitional provisions.

**PROVISIONS ON DELEGATED POWERS**

This law when enacted will confer on a number of bodies and persons Authority to make provisions having the force of law in Kenya in terms of Article 94 (6) of the Constitution of Kenya, 2010.

The Authority with the approval of the National Assembly for instance is given Authority by section 28 of this Act to make regulations. The purpose and objectives of making these regulations include the following:

(a) to provide for the appointment, including the power to confirm appointments of persons, to any office in respect of which the Authority is responsible under this Act;

(b) to provide for the disciplinary control and termination of appointments of employees of the Authority; and

(c) to provide for the practice and procedure of the Authority in the exercise of its functions under this Act.

**Limits of the Delegated Authority**
