MEMORANDUM OF OBJECTS AND REASONS

Education is a centre stage for knowledge acquisition. It is crucial for individual and county development. In this respect, the essence of Polytechnic education in the development of the nation and indeed the county cannot be over emphasized. However, the new county governance structures need to address the core problems confronting them to reap the full benefits of polytechnic education.

Narok County now seeks to promulgate this statute in implementation of the provisions of the paragraph 9 part 2 of the Fourth Schedule of the Constitution of Kenya which vests the operations of county and village polytechnics within the purview of county governments.

The enactment of this Bill shall occasion additional expenditure of public funds which shall be provided for in the County Assembly of Narok estimates.
