2. Meaning of “development” and “new development”.

“development,” means the carrying out of building, engineering, mining or other operations in, on, over or under land, or the making of any material change in the use of any buildings or other land.

3. The objectives of this Bill are to—
   (a) Provide a uniform, effective and comprehensive system of spatial planning and land use management;
   (b) Ensure that the system of spatial planning and land use management promotes social and economic inclusion;
   (c) Provide for development principles and standards;
   (d) Provide for the sustainable and efficient use of land;
(e) Provide for a systematic development application and approval process

(f) Provide for co-operative government and intergovernmental relations amongst the national, county and other spheres of government; and

(g) Ensure that there is equity in the application of spatial development planning and land use management systems.

4. The spatial planning system consists of—

(a) Spatial development plans and policies to be prepared and adopted by the County Government;

(b) Development principles and standards that shall guide spatial planning, land use management and land development;

(c) The management and facilitation of land use through the use of spatial plans;

(d) Procedures and processes for the preparation, submission and consideration of land development applications and related processes; and

(e) Implementation, monitoring and evaluation of spatial plans.

PART II—DEVELOPMENT PRINCIPLES AND STANDARDS

5. The general principles set out in this part shall apply to the actions of all organs of state, and other authorities responsible for the implementation of legislation regulating land use and development, and shall guide the—

(a) Preparation, adoption and implementation of any Spatial Development Framework, policy or by-law concerning spatial planning and the development or use of land;
(b) Compilation, implementation and administration of any Land Use Scheme or other regulatory mechanism for the management or control of the use of land;

(c) Use and development of land;

(d) consideration by a competent authority of any application that impacts or may impact upon the use and development of land; and

(e) Performance of any function in terms of this Bill or any other law regulating spatial planning and Land Use Management.

6. The following principles apply to spatial planning, land use management and land development:

(a) Spatial sustainability, in order to—

(i) promote land development that is within the County’s fiscal, institutional and administrative means;

(ii) ensure protection of agricultural land, the environment and other protected lands and the safe utilisation of land;

(iii) promote and stimulate the effective and equitable functioning of land markets; and

(iv) promote land development in locations that are sustainable and limit urban sprawl.

(b) Public participation that ensures transparent decision-making in which citizens:

(i) are educated and made aware of the reasoning behind decisions.

(ii) have access to information about development proposals, plans and policies, as well as to the officers and committees which make such decisions;
(iii) are involved in decision making;
(iv) provide information to facilitate
Spatial Planning;
(c) Efficiency whereby:
(i) land development optimises the
use of existing resources and
infrastructure;
(ii) decision-making procedures are designed with a view to
minimising negative financial,
social, economic or environmental
impacts; and
(iii) development application procedures are efficient and streamlined and
time frames are adhered to by all parties;
(d) Spatial resilience whereby flexibility in spatial plans, policies and land use
management systems is accommodated to ensure sustainable livelihoods in
communities most likely to suffer the impacts of economic and environmental
shocks;
(e) Good administration whereby—
(i) all spheres of government ensure an integrated approach to land
use and land development that is
guided by the constitution, this
Bill and any other written law;
(ii) the preparation and amendment of
spatial plans, policies, land use
schemes as well as procedures for
development applications, include
transparent processes of citizen
participation; and
(iii) policies, legislation and procedures are clearly set out and citizens informed.
(f) Integration whereby spatial planning facilitates policy coherence and integration through spatial plans fostering integration between levels of government and help to create complementary and mutually reinforcing policies and actions; and

(g) Recognition of the needs of people with disabilities and other marginalised groups.

7. (1) The County Executive Member shall in consultation with relevant stakeholders, prescribe standards for land use management and land development.

(2) The standards must—

(a) reflect the County and National Government development policy, policy priorities and programmes relating to land use management and land development;

(b) promote social inclusion, spatial equity, desirable settlement patterns, rural revitalisation, urban regeneration, and sustainable development;

(c) Include—

(i) a report on and an analysis of existing land use patterns;

(ii) a framework for desired land use patterns;

(iii) existing and future land use plans, programmes and projects relative to key sectors of the economy; or

(iv) mechanisms for identifying strategically located vacant or underutilised land and for providing access to and the use of such land;

Prescribed standards.
(d) Standardise the compilation of all maps and diagrams at an appropriate scale;
(e) Differentiate between geographic areas, types of land use and development needs;
(f) Provide for the effective monitoring and evaluation of compliance with this Bill.

(3) The County Executive Member may in consultation with or at the request of the Governor or another County Executive responsible for a related land use or land development function prescribe standards to guide the related sectoral land use or land development.

(b) such maps and description as may be necessary to indicate the manner in which the land in the area may be used having regard to the requirements set out in the Third Schedule in relation to each type of local physical development plan.
48. The Director shall not later than thirty days after the preparation of a local physical development plan, publish a notice in the Gazette and in such other manner as he deems expedient to the effect that the plan is open for inspection at the place or places and at the times specified in the notice.

The provisions of Section 37 relating to the making of representations or objections to the Director concerning County Spatial development plans and to the consideration by the Director of such representations or objections and to appeals shall apply mutatis mutandis to this section.

49. (1) The provisions of Section 35 relating to the approval and coming into effect of the County Spatial development plan shall apply *mutatis mutandis* to the approval or disapproval of a local physical development plan by the County Assembly.

(2) A local physical development plan approved under subsection (1) shall not be altered in any manner without the prior written authorisation of the Director.

50. The County Executive Committee member shall within fourteen days after approval of a local physical development plan by the County Assembly cause to be published in the County Gazette, by the Director, a notice to the effect that the plan has been approved with or without modification and may be inspected at the place or places and times specified in the notice during normal working hours.
C—SPECIAL AREA PLANS

51. (1) The Director may, by notice in the *County Gazette*, declare an area with unique development potential or problems as a special planning area for the purpose of preparation of a physical development plan.

(2) Subject to subsection (1), the Director may by notice in the *County Gazette*, suspend for a period of not more than one year, any development he deems necessary in a special planning area until the physical development plan in respect of such area has been approved by the County Assembly.

(3) Where, before the declaration of a special planning area under subsection (1), a development permission has been granted by a development approval committee in the area, such permission shall not be affected by the suspension if the development in respect of which the permission is granted has been commenced not less than six months before the suspension of development of the kind in the special planning area.

D—DETAILED PLANS AND AREA ACTION PLANS

52. The Director may prepare a detailed area action plan which shall address the following—

(a) treatment of a particular planning aspect like residential, transportation, water supply, sewerage, in part or as part of a long-term plan;

(b) advisory or subdivision plans, indicating permitted subdivision, use and density of development;

(c) an assessment of immediate land requirement to accommodate specific population needs as they arise;

(d) detailed allocation of the land requirements to various land uses taking into account compatibility of adjoining land uses and conforming to the existing physical development plan proposals for the area.
PART VI—CONTROL OF DEVELOPMENT

53. For the purposes of this Bill “building operations” includes—
   (a) demolition of buildings;
   (b) rebuilding;
   (c) structural alterations of or additions to buildings; and
   (d) other operations normally undertaken by a person carrying on business as a builder.

(2) The following operations or uses of land shall not be taken for the purposes of this Bill to involve development of the land—
   (a) the carrying out for the maintenance, improvement or other alteration of any building of works which—
      (i) affect only the interior of the building, or
      (ii) do not materially affect the external appearance of the building, and are not works for the alteration of a building by providing additional space in it underground;
   (b) the carrying out on land within the boundaries of a road by a highway authority of any works required for the maintenance or improvement of the road but, in the case of any such works which are not exclusively for the maintenance of the road, not including any works which may have significant adverse effects on the environment;
   (c) the carrying out by an authority or statutory undertakers of any works for the purpose of inspecting, repairing or renewing any sewers, mains, pipes, cables or other apparatus, including the breaking open of any street or other land for that purpose;
(d) the use of any buildings or other land within the cartilage of a dwelling house for any purpose incidental to the enjoyment of the dwelling house as such;

(e) the use of any land for the purposes of agriculture or forestry (including afforestation) and the use for any of those purposes of any building occupied together with land so used;

(f) the demolition of any description of building specified in a direction given by the County Executive Committee member to County planning authorities generally or to a particular County planning authority.

54. Development control shall be undertaken by the County Planning Authorities in accordance with plans approved in accordance with this Bill.

55. County planning authorities shall have power to—

(a) Prohibit or control the use and development of land and buildings in the interest of proper and orderly development of its area.

(c) commences, undertakes, or carries out, or permits to be commenced, undertaken, or carried out, any development where the planning permission has been revoked;

(d) commences, undertakes, or carries out, or permits to be commenced, undertaken, or carried out, any development after the planning permission or the approval of the building plan, as the case may be, in respect of the development has been modified or is inconsistent with the approved modification.

(e) commits an offence and is liable, on conviction, to a fine not exceeding one million shillings or to imprisonment for a term not exceeding two years or to both and, in the case of a continuing offence, to a further fine which may extend to five thousand shillings for each day during which the offence continues after the first conviction for the offence.

(3) Unless the contrary is proved, the owner of the land in respect of which any act that constitutes an offence under subsection (2) is done shall be deemed to have permitted the doing of that act.

PART VII —GENERAL PROVISIONS

67. The Physical Planning Building and Development Rules (1998) established under Legal Notice No. 135 will form part of this Bill.

68. (1) If the County Planning Authority is satisfied that any use of land should be discontinued, conditions should be imposed on the continued use or any building or works on any land should be altered or removed, the county Planning Authority may, with the approval of the County Planning Assembly, by a requisition notice served on the owner of the land—
   (a) require the discontinuance of that use;
   (b) impose such conditions for the continued use of the land as may be specified in the requisition notice;
(c) require such steps as may be specified in the notice to be taken for the alteration removal of the building or works; and the owner shall, within such period as may be specified in the notice.

(2) A person aggrieved by a notice may, within the period stated therein and in the manner prescribed, appeal to the Land and Environment Court.

(3) If an appeal is filed by the aggrieved party, the requisition notice shall be suspended until the determination or withdrawal of the appeal.

69. (1) In case of towns, municipal councils or cities, citizens may form resident associations and any other for the purposes of participating in development control and enforcement.

(2) County Planning Authority shall sensitise the citizens on development control issues; and

(3) Any person may report any development without development permission within the area of a County to the planning authority.

70. (1) Evaluation and monitoring of National Spatial Plan shall take into consideration the extent to which the plan—

(i) Promotes balanced regional development for National unity.

(ii) Co-ordinates sectoral agencies by providing spatial expression to sectoral policies;

(iii) Secures spatial and environmental quality and diversity for high quality of life;

(iv) Optimise utilisation of land and natural resources for sustainable development;

(v) Rationalises National spatial planning for economic efficiency and global competitiveness;

(vi) Facilitates provision of adequate infrastructure; and
(vii) Articulates the aspiration of the people through their effective participation throughout the plan preparation, approval and implementation.

(2) In Evaluating and monitoring of County Spatial Plan, the Physical Planning Council shall take into consideration the extent to which the plan—

(i) Articulates policies and proposals set out in the regional spatial development plan.

(ii) Promotes equity in the provision of infrastructure and services.

(iii) Safeguards environmental quality.

(iv) Assigns land uses in a manner that promotes rural-urban balance.

(v) Identifies area for strategic infrastructure and investment to stimulate economic growth.

(vii) It engenders sectoral co-ordination and integration of programmes and projects for efficient use of public resources.

(viii) Resolves pertinent issues and challenges identified in stakeholder fora.

71. (1) A development charge may be charged on a developer who presents a planning application which affects a change of use, density, or floor area in respect of any land so as to enhance the value of the land and in so doing increases demand for infrastructure and services, development charge shall be levied in respect of the development commenced, undertaken, or carried out in accordance with the change.

(2) The planning authority may, by regulations exempt any person or class of persons or any development or class, type, or category of development from liability to the development charge, subject to such conditions as the planning authority may specify in the regulations.

72. All plans prepared under this Bill shall be accompanied by an implementation strategy which defines goals, proposals, implementing authority, resources required and time frame. The implementation strategy shall include—

(a) a completed and approved spatial development plan prepared under this bill;
(b) an implementation budget;
(c) identification of key actors;
(d) a communication plan; and
(e) a risk assessment and mitigation plan.

73. (1) In implementing the various spatial plans, the National and County Governments shall foster structured public and private partnerships and public participation in the process.

(2) The implementation process shall be based on the following principles—

(a) Reasonable access to the formulation on plan implementation policies, budgetary estimates and execution of the process;
(b) Timely access to information, data, records, maps, written reports, tools relevant to the implementation process;
(c) Reasonable balance in distribution of roles and responsibilities between the respective governments and the non-state actors;

(d) Promotion of rights and interests of minority groups, marginalised groups and communities with a view to inclusivity and re-address grievances;

(e) Promotion of private-public partnerships and the reciprocal roles played by non-state actors in plan implementation;

(f) The right of citizens to petition or seek redress with regard to the administration and management of plan implementation at all levels of government.

(g) Any other principles as set out in the Urban Areas and Cities Act and the County Governments Act.

74. Where an inconsistency exists between any building by-laws and a development plan in relation to any policies in that plan—

(a) the development plan shall prevail over the by-laws; and

(b) the approving authority shall apply the provisions of the building by-laws in such manner and to such extent as may be necessary to avoid the inconsistency, but so as to ensure that the standards of building soundness for the safety of the occupants and amenity achieved in respect of the development are as good as can reasonably be achieved in the circumstances.

75. The County Executive Committee member in consultation with the County Planning Authority may make regulations for the better carrying into effect the provisions of this Bill.
Amendment of Schedules.

76. The County Executive Committee member may by order in the *County Gazette* and with approval of County Assembly, amend the Schedules to this Bill.
