MEMORANDUM OF OBJECTS AND REASONS

One of the principal objects of devolution under Article 174 of the Constitution is to promote social and economic development. Sustainable development is a national value under Article 10 of the Constitution which binds all persons in Kenya.

Article 175 of the Constitution requires county governments established there-under to reflect the principles of devolved government that include the principle that they shall have reliable sources of revenue to enable them to govern and deliver services effectively. A major and principle source of government revenue is taxation and levying of fees and charges for the services delivered.

Article 209 (2) of the Constitution reserves to county governments the power to impose the taxes stated in Article 209 (3).

Further, Article 209 (4) of the Constitution, read together with Part 2 of the Fourth Schedule thereto, gives counties the power to impose fees and charges for services provided and for regulatory purposes in respect of certain licensed activities.

The taxes, fees and charges imposed and levied ought to be prudently used for service delivery through a transparent and accountable process.

This Bill provides a system for collecting, receiving and accounting for taxes, fees and charges in the County. It confers a general power and responsibility for the administration of county revenue laws on a public official who is to be held accountable for that administration.

To achieve the above purpose, the Bill sets out additional relevant administrative and enforcement provisions relating to revenue legislation.

The enactment of this Bill will occasion additional expenditure of public funds.

SULEIMAN ODANGA,
Chairperson Finance and Economic Planning Committee.
