MEMORANDUM OF OBJECTS AND REASONS

Article 175 of the Constitution of Kenya requires county governments established thereunder to reflect the principles of devolved Government that include the principle that they shall have reliable sources of revenue to enable them to govern and deliver services effectively. A major and principle source of Government revenue is taxation and levying of fees and charges for the services delivered.

Article 209 (4) of the Constitution of Kenya read together with Part II of the Fourth Schedule thereto gives counties the power to impose fees and charges for services provided and for regulatory purposes in respect of certain licensed activities including power to —

(a) license undertakings that sell food,

(b) issue trade and liquor licenses, and

(c) license dogs,

Though these licensing powers are not taxing powers, they are powers to charge fees for services that will regulate these services and at the same time constitute a reliable and sustainable way to raise county revenue.

This Bill provides for the grant of trade licenses by the County Government to conduct business in the county in accordance with the powers mentioned above in Part II of the Fourth Schedule of the Constitution.

The enactment of this Bill into law does not occasion additional expenditure of public funds.

Chairperson, Trade, Industrialization and Tourism Committee
