KENYA COMMUNICATIONS (APPEALS) RULES, 1999

[L.N. 2/2000, L.N. 176/2003.]

1. Citation

These Rules may be cited as the Kenya Communications (Appeals) Rules, 1999.

2. Interpretation

In these Rules, unless the context otherwise requires—

“**appeal**” means an appeal to the Tribunal under any of the provisions of the Act;

“**appellant**” means a person entering an appeal and the advocate or duly authorised agent of that person;

“**Chairman**” means the Chairman of the Tribunal appointed under section 102(1) of the Act;

“**Executive Officer**” means the Executive Officer of the Tribunal appointed pursuant to rule 3;

“**memorandum**” means a memorandum of appeal presented under rule 4;

“**Permanent Secretary**” means the Permanent Secretary of the Ministry for the time being responsible for Communications;

“**respondent**”—

- (a) in relation to an appeal brought by a licensee who is a party to a dispute determined by the Commission under regulation 8 of the Kenya Communications Regulations, 2001, means any licensee (other than the appellant) who was bound by the determination; or
- (b) in any other case, means the Commission.

[L.N. 176/2003, s. 2.]

3. Appointment of Executive Officer

(1) The Permanent Secretary shall appoint a person to be the Executive Officer of the Tribunal.

(2) The Executive Officer shall, in matters relating to appeals to the Tribunal and to the procedure therefore, comply with general or special directions lawfully given by the Chairman or the Tribunal.

(3) The appeals shall be filed in the offices of the Appeals Tribunal at Transcom House along Ngong Road, Nairobi.

4. Form and time for lodging an appeal

(1) An appeal shall be entered by presentation of memorandum of appeal, together with five copies thereof, to the Executive Officer within the period specified in the Act, or, where not specified, within thirty days of notification of the decision appealed against to the appellant in writing:

Provided that where the appellant has made an application under subrule (2) and the tribunal is satisfied that, owing to absence from his normal place of residence, sickness or other reasonable cause, the appellant was prevented from presenting a memorandum within that period, and that there has been no unreasonable delay on his part, the Tribunal may extend that period notwithstanding that the period has already expired.

(2) An appellant may, by application in writing—

- (a) signed by him;
- (b) supported by an affidavit setting out the reasons for delay; and
- (c) files, with five copies, together with the memorandum of appeal apply for leave to file an appeal out of time or;

(3) The Executive Officer shall give every appeal filed pursuant to subrule (1) an appeal number and every document filed together with the memorandum or subsequently filed in relation to the appeal shall bear the said number.

[L.N. 176/2003, s. 3.]

5. Memorandum of appeal

A memorandum shall be signed by the appellant and shall set out concisely, under distinct heads, numbered consecutively, the grounds of appeal without argument or narrative.

6. Statement of facts of appeal

Each copy of a memorandum shall be accompanied by—

- (a) a copy of the decision appealed against; and
- (b) a statement, signed by the appellant, setting out precisely all the facts on which the appeal is based and referring specifically to documentary or other evidence which it is proposed to adduce at the hearing of the appeal, and to which shall be annexed a copy of each document or extract from a document upon which the appellant proposes to rely as evidence at the hearing of the appeal.

7. Service of memorandum of appeal

Within four (4) days after the presentation of a memorandum to the Executive Officer a copy thereof and of the statement of facts of the appellant and the documents, annexed thereto, together with any application for leave to file the appeal out of time shall, be served by the appellant upon the respondent.

[L.N. 176/2003, s. 4, s. 5.]

8. Statement of facts of the respondent

(1) The respondent shall, if he does not accept any of the facts of the appellant, within twenty-one (21) days after the service thereof upon him under rule 7, file with the Executive Officer a statement of facts together with five copies thereof and the provisions of rule 6(b) shall *mutatis mutandis* apply to the statement of facts.

(2) At the time of filing a statement of facts pursuant to subrule (1), the respondent shall serve a copy thereof, together with copies of the documents annexed thereto, upon the appellant.

(3) If the respondent does not desire to file a statement of facts under this rule, he shall forthwith give written notice to that effect to the Executive Officer and to the appellant, and in that case the respondent shall be deemed at the hearing of the appeal to have accepted the facts set out in the statement of facts of the appellant.

[L.N. 176/2003, s. 5.]

9. Notice and place of hearing

(1) As soon as may be convenient after receipt by him of the memorandum, the Executive officer shall notify the Chairman thereof.

[Subsidiary]

(2) The Chairman shall, after the respondent has filed a statement of facts or has notified the Executive Officer that he does not intend to do so, fix a time, date and place for a meeting of the Tribunal for the purpose of hearing the appeal, and the Executive Officer shall cause notice thereof to be served on the appellant and the respondent.

(3) The Executive Officer shall cause to be supplied to each member of the Tribunal a copy of the notice of the hearing and of all documents received by him from the parties to the appeal.

(4) Unless the parties to the appeal otherwise agree, each party shall be entitled to not less than seven days' notice of the time, date and place fixed for the hearing of the appeal.

[L.N. 176/2003, s. 5.]

10. Procedure at hearing of appeal

At the hearing of an appeal, the following procedure shall be observed—

- (a) the respondent shall be entitled to be present or be represented;
- (b) the appellant shall state the grounds of his appeal and may support it by any relevant evidence, but, save with the consent of the Tribunal and upon such terms as it may determine, the appellant may not at the hearing rely on a ground of appeal other than a ground stated in the memorandum and may not adduce evidence of facts or documents unless those facts have been referred to in, and copies of those documents have been annexed to, the statement of facts of the appellant;
- (c) at the conclusion of the statement and evidence on behalf of the appellant, the respondent may make submissions supported by relevant evidence, and sub-paragraph (b) shall *mutatis mutandis* apply to evidence of facts and documents to be adduced by the respondent;
- (d) the appellant shall be entitled to reply but may not raise a new issue or argument;
- (e) the Chairman or a member of the Tribunal may at any stage of the hearing, ask any questions of the appellant or the respondent or a witness examined at the hearing, which he considers necessary to the determination of the appeal;
- (f) a witness called and examined by either party may be cross-examined by the other party to the appeal;
- (g) a witness called and examined by the Tribunal may be cross-examined by either party to the appeal;
- (h) the Tribunal may adjourn the hearing of the appeal for the production of further evidence or for other good cause, as it considers necessary, on such terms as it may determine;
- (i) at the conclusion of the hearing of the appeal the Tribunal may, if necessary, adjourn the proceedings and reserve its decision to be delivered on a day to be notified;
- (j) notes of proceedings including submissions and evidence, if any, given by witnesses as far as they are relevant shall be recorded by the Chairman or, where possible, may also be recorded electronically.

[L.N. 176/2003, s. 5.]

11. Tribunal to determine own procedure in certain matters

In matters of procedure not governed by these Rules or the Act, the Tribunal may determine its own procedure.

12. Copies of documents admissible

Save where the Tribunal in any particular case otherwise directs or where a party to the appeal objects, copies of documents shall be admissible in evidence, but the Tribunal may at any time direct that the original shall be produced notwithstanding that a copy has already been admitted in evidence.

13. Costs

The Tribunal may make such order as to costs on an appeal as it may determine.

PART I – PRELIMINARY**1. Citation**

These Regulations may be cited as the Kenya Communications Regulations, 2001.

2. Interpretation

In these Regulations, unless the context otherwise requires—

“**Act**” means the Kenya Communications Act, No. 2 of 1998;

“**basic telecommunications service**” means a service offered to subscribers which provides such subscribers with a telephone connection to, and a unique local telephone number address on a licensed local access provider and which enables such subscribers to place calls to, or receive calls from, other telecommunications stations on those systems and shall include residence and business line services;

“**basic telephone service**” means a service provided to the public which allows end users to transmit and receive real time voice communications, including voice telephony service, public pay telephone service, operator assisted services, local, domestic and international long distance telephone services whether by wire or wireless means as well as basic, non-packet switched data communications, such as facsimile transmissions but does not include advanced or enhanced telephone services or dedicated data communications services such as paging services;

“**basic telephony**” means fixed or mobile communications service in which two-way connections are established without any deliberate removal or addition to the information content transmitted over that connection or any additional service having been provided thereof;

“**circuit**” means the physical connection or path of channels or conductors and equipment between two given points through which an electric current may be established;

“**communications**” shall, where used in these Regulations refer to telecommunication, postal and radio communications services;

“**Commission**” means the Communications Commission of Kenya established under section 3 of the Act;

“**confidential business information**” means a proprietary information of a trade, commercial or financial nature that is—

- (a) of a kind that would customarily not be released to the public by the person from whom it is obtained; and
- (b) the disclosure of which is likely to impair the Commission’s ability to obtain similar necessary information in the future or to cause substantial harm to the competitive position of the person from whom the information is obtained;

“**contract**” means any agreement, arrangement, bond, commitment, franchise, indemnity, indenture, instrument, lease, concession, licence or understanding, whether in writing or not in writing;

“global navigation system” means an arrangement of technical apparatus by means of which an end user can determine location parameters of latitude, longitude and altitude at any instant of time anywhere on the earth surface;

“international call completion rate” means the minimum percentage of international telephone calls originating within a licensee’s network completed per total of international call attempts measured during the peak traffic hour;

“international telephone call” means an effective or completed telephone call exchanged with a telecommunications station outside the country in which the calling telecommunications station is situated;

“ITU” means the International Telecommunications Union;

“leased line” means a telecommunications line that is made available to a subscriber for his exclusive use;

“licensee” means the holder of a licence issued by the Commission under the Act or these Regulations;

“line” means a transmission medium between terminal locations and includes associated repeaters;

“local call completion rate” means the minimum percentage of local telephone calls completed per total of local call attempts measured during the peak traffic hour which originate and terminate from the licensee’s network;

“local service provider” means a telecommunications licensee licensed to provide local basic telephone service excluding international and long distance services but include value added services in accordance with the relevant licence issued by the Commission;

“local telephone call” means an effective or completed telephone call exchanged with a telecommunications station within the local charging area in which the calling telecommunications station is situated;

“mobile radio communication service” means a telecommunications service that operates through a mobile radio-communications system employing a network architecture in a “cell” configuration in which low-powered radio transmissions allow for the re-use of the same frequency simultaneously in multiple cells and shall include both voice telephony services and non-voice telephony services but shall unless otherwise expressly provided in a licence, exclude video, paging and high speed data services;

“mobile radio communication system” means a telecommunications system consisting of mobile service switching centres each of which typically serves a number of “cells” which establish calls to and from mobile subscribers in their respective call service areas, thereby allowing calls to be transferred from one cell to another cell without interruption and established or to be established by an operator under a licence to provide mobile radio-communications services;

“national long distance call completion rate” means the percentage of national long distance telephone calls completed per total of national long distance call attempts measured during the peak traffic hour which originate and terminate within a licensee’s network (internal national long distance call completion rate), or which terminate outside the licensee’s network (external national long distance call completion rate);

“national long distance telephone call” means an effective or completed telephone call exchanged with a telecommunications station outside the local charging area in which the calling telecommunications station is situated;

“non-service specific interfaces” means a shared boundary between two functional units that is not specific to any one telecommunications service;

“operational subscriber’s line” means an operational subscriber’s line connecting a subscriber’s premises to the exchange;

“paging service” means a telecommunications services that provide subscribers with radio messages, through portable radio equipment used in a given zone, which may be accompanied by a verbal or codified visual message;

“private telecommunications services” means telecommunications services established by any person for the sole purpose of satisfying his own communications needs within Kenya and may include telephony service or value added services, radio communication and cable services;

“roaming services” means a type of telecommunications or radio communications service that enables subscribers of one mobile cellular communications system to utilise the facilities of another mobile radio communications system with which the subscriber has no direct pre-existing service or contractual relationship to place an outgoing call, to receive an incoming call, or to continue an in-progress call;

“satellite mobile telecommunications service” means a service which allows for voice or data communications through the use of mobile terminal equipment and capable of maintaining a direct uplink to or direct downlink from a satellite-based telecommunications network;

“satellite telecommunications service” means a telecommunications service provided through connections from earth stations to authorised public or private satellite-based telecommunications system;

“service agreement” means any agreement between an operator and a subscriber or subscribers relating to the provision and use of a telecommunications service;

“service quality requirements” means conditions of licence established by the Commission pursuant to section 25 of the Act for the purpose of improving the quality and delivery of telecommunications services in Kenya;

“store and forward messaging service” means a service whereby messages can be exchanged between subscribers using storage and retransmission devices;

“subscriber” means any person provided with a telecommunications service by a licensee, and who is responsible for payment of all charges and rentals;

“subscriber line” means a telecommunications link connecting the local telecommunications center to the subscriber’s premises or telephone instrument or system;

“tariffs” means the charges by a telecommunications service operator or its subscribers;

“telex service” means a telecommunications service that provides for the interactive telecommunication of texts between subscribers through teleprinting devices interconnected by a telex network via transmission of codified information;

“third party private network service” means a service over a user-dedicated network supplied by a licensee providing such services, whether directly or indirectly, to the user of such services;

“Tribunal” means the Appeals Tribunal established under section 102 of the Act;

“trunk capacity resale service” means a type of telecommunications service which, using a trunk capacity resale system, provides the necessary capacity to carry and route telecommunications signals constituting the main interconnection between telecommunications systems and networks and which allows the provision of final services, distribution services and value added services;

“value added services” means such services as may be available over a telecommunications system in addition to voice telephony service, and specifically those services listed as “value added services” in these Regulations, including the following—

- (a) **“videotex”** means a service involving a two-way interactive computer-based information system in which a subscriber is linked to a database by telephone line or cable;
- (b) **“teletex”** means a service whereby a subscriber can exchange office correspondence in the form of documents containing teletex coded information on an automatic memory-to-memory basis;
- (c) **“teleaction”** means a service used to send short messages at very low transmission speeds between the subscriber and a communications network;
- (d) **“telecommand”** means a service whereby a supervised system is controlled from a remote control device;
- (e) **“telealarm”** means a service whereby an electric signal is sent to a remote control device each time there is a threshold change of conditions in the supervised system;
- (f) **“store and forward messaging service”** means a service whereby messages can be exchanged between subscribers using storage and retransmission devices;
- (g) **“teleprocessing and data processing”** means an interactive service used for the processing of data and exchange of messages between the terminals of geographically distant subscribers;
- (h) **“electronic mail services”** means a service whereby subscribers may send messages to one or more addressees and receive messages using a combination of data storage and retransmission techniques so that the final subscriber may recover the message. This service may be used as follows—
 - (i) electronic mail (X.400): a service allowing a subscriber to send messages instantaneously to another subscriber’s directory or electronic “mailbox” (i.e. person-to-person messaging, according to the ITU X.400 international standards);
 - (ii) electronic document interchange (EDI): person-to-person messaging, according to electronic data interchange fact (EDIFACT);
 - (iii) electronic fund transfer;
 - (iv) electronic voice mail: a storage and retrieval service whereby voice messages from one subscriber are digitally stored in order to be received by another subscriber;
- (i) **“voice messaging”** means a service whereby the subscriber transmits a brief message by calling one or more telephone numbers at a given time or by answering the call of another subscriber;
- (j) **“voice telephony service”** means a telecommunications service which provides subscribers with the ability to conduct real-time two-way speech conversation via a fixed or mobile network;

[Subsidiary]

- (k) “**information services**” means an interactive service that provides access to information stored in database centres and which may be sent to the world wide web subscriber only upon request;
- (l) “**packet switching service**” means without using the systems network, data signals called packages are split up according to a sequence of signals arranged in a specific format, in accordance with the ITU X.25 and X.75 standards and such other generally recognised standards as may be approved for use over the public communications network by the Commission;
- (m) any other service as may be classified as such in the *Gazette* by the Commission.

PART II – OPERATING PROCEDURES

3. Protected information

(1) Any person who communicates with the Commission, and whose communication includes confidential business information, may submit a written request to the Commission that the specific portion of that communication consisting of such confidential information be protected from disclosure.

(2) Any request made under subregulation (1) of this regulation that is deemed by the Commission to be valid shall entitle the person who has made such a request to—

- (a) protection of confidential business information from being referred to in any writing or communication issued by the Commission;
- (b) non-publication of the confidential information in its entirety in any writing or communication issued by the Commission and, to the extent that the confidential information quoted or referred to by the Commission in any writing or communication, it shall be identified as such, together with directions on how the full text of the information may be obtained by the public.

(3) Trade secrets and other confidential or proprietary information pertaining to the commercial interests of any person, which are submitted in connection with a communication by any person to the Commission, may be entitled to treatment as confidential business information.

(4) A person seeking to have information or materials treated as confidential business information may submit the information or materials to be considered separately from the other communications to the Commission, together with a written request that the Commission treat such information as confidential business information.

(5) The Commission may on its own motion determine that the information or materials should not be routinely available for public inspection.

(6) In the absence of a request referred to in subregulation (4), materials or information that are submitted may be made available for inspection upon request, even though such information or materials may contain trade secrets or confidential information.

(7) The presence of confidential business information within the body of a communication to the Commission shall not entitle the entirety of those communications to confidential treatment, but that portion of the communications which is entitled to confidential treatment as confidential business information may be extracted from the main body of the communication made available for public inspection.

(8) The disclosure of confidential business information may be compelled pursuant to a parliamentary, judicial or other lawful process.

PART III – FINANCIAL PROVISIONS

4. Payments to the Commission

(1) The Commission may from time to time prescribe fees payable in respect of any licence issued or service performed under the Act or these Regulations.

(2) Every fee payable to the Commission in connection with applications for licences, frequency spectrum assignments, or any other matter shall be paid in full before the licence is granted or the frequency is assigned by the Commission.

(3) Unless otherwise prescribed by the Commission, all licensees shall make yearly payment of the annual operating fees due for the current year by the 1st day of July of each calendar year, but not later than three months after the end of the licensee's financial year.

(4) Where any licensee is required to pay fees to the Commission on the basis of information or records in the custody of such licensee, the licensee shall submit a declaration to the Commission in the manner prescribed by the Commission, attesting to the completeness and accuracy of the information upon which such computation of fees is based.

(5) Where a licence requires that payment of a licence or an annual operating fee be based on a percentage of a licensee's gross annual revenues, the base for calculating a licensee's gross annual revenues shall include—

- (a) payments from subscribers and other users; and
- (b) the amount billed including uncollected payments from subscribers and other customer accounts.

PART IV – FAIR COMPETITION AND EQUALITY OF TREATMENT

5. *Revoked by L.N. 29/2010, s. 5.*

6. *Revoked by L.N. 29/2010, s. 5.*

7. *Revoked by L.N. 29/2010, s. 5.*

7. *Revoked by L.N. 29/2010, s. 5.*

PART V – TELECOMMUNICATIONS LICENCES

9. Licences required

The Commission shall issue telecommunications licences in accordance with the provisions of the Act.

10. Licensing

(1) The Commission shall prescribe the terms and conditions of all licences, as it considers consistent with the objectives of the Act, these Regulations and such other circumstances as the Commission may consider appropriate, including the terms and conditions upon which the license is granted, the services to be provided by the licensee and the network to be operated by the licensee.

(2) The Commission may issue licences for the provision of local access services, national long distance services, international services, very small aperture terminal services, internet backbone, global mobile personal communications services (GMPCS) and customer premises wiring, terminal equipment and maintenance, repair work Shop services and radio station licence.

(3) Local access services shall be provided by a licensed local access provider or a regional telecommunications operator.

[Subsidiary]

(4) Licences granted shall contain an obligation to provide services efficiently and at reasonable costs.

(5) Licences may include the provision of services to rural or sparsely populated areas or other specified areas and other conditions as the Commission may deem necessary.

11. International conventions

The Commission may require licensees to comply with international conventions or agreements relating to communications services to which Kenya is signatory.

12. Transfer of licence

(1) A licence granted under the Act may not be transferred without the written consent of the Commission.

(2) An application for the transfer of a licence shall be accompanied by an application in the prescribed Form 1 set out in the First Schedule, completed by the person to whom the licensee intends to transfer the licence.

(3) The Commission shall in considering an application for transfer have regard to the same terms and conditions as in considering a grant of a new licence, provided that the Commission may in its discretion refuse to approve such an application for transfer under this regulation.

13. Lapse and renewal of licence

(1) An application for renewal of a licence shall be made in accordance with the conditions of each licence.

(2) In considering an application for renewal of a licence, the Commission shall have regard to the fulfilment by the licensee of the obligations contained in the licence in the previous licence period.

(3) The process for renewal of a licence for telecommunications services shall be contained in each licence and each application process shall be considered as part of these Regulations.

PART XI – TARIFF REGULATION

90. Scope

Except as provided in regulation 97, this Part shall apply to licensed services which are not open to competition and whose tariffs are subject to regulation by the Commission.

91. Price cap

(1) All licensees whose tariff rates are subject to review by the Commission pursuant to the price cap condition provided for in respective licences shall file with the Commission applications for the adjustment of such tariff rates.

(2) All licences for services that are subject to price cap condition shall contain the period in which such tariffs may be adjusted once a year.

(3) The obligation to comply with the terms and conditions of the price cap shall extend from the date on which a licence becomes effective up to the period when the services whose tariffs are regulated are open to competition as provided for in the relevant licences or as may be determined by the Commission.

92. Application for approval of tariff

All applications for approval of tariffs shall be filed with the Commission and shall—

- (a) conform to the methodology and formula defined in the relevant licence or such other terms as the Commission may prescribe; and
- (b) contain relevant documentation, including all calculations and other information in support of the application.

93. Notice on tariffs

(1) The Commission shall, at least sixty (60) days before approving any proposed tariffs submitted to it under regulation 93, give notice in the *Gazette* and in such other manner as it considers necessary—

- (a) specifying the name and particulars of the licensee or class of licensees providing the service to which the tariffs relates;
- (b) stating the reasons for the proposed review of the tariffs and the new tariffs;
- (c) specifying the time within which representation or objections may be made to the proposed new tariffs.

(2) The Commission shall in considering the application for review of the tariffs take into account such written representations or objections received under subregulation (1)(c).

94. Decision on tariffs

(1) Any proposed tariffs under the price cap condition shall be deemed approved if the Commission does not communicate its disapproval of the same to the applicant within sixty (60) days after receipt of the application or within fifteen (15) days after the applicant has furnished the Commission with any information sought and the Commission has not indicated its approval of the proposed tariffs.

(2) The Commission may reject an application for the imposition of proposed tariffs if it is of the view that the proposed rates are unjustifiable.

(3) A decision of the Commission rejecting the imposition of proposed tariffs shall—

- (a) be in writing;
- (b) state the reasons for the rejection; and
- (c) be made available to the licensee.

[Subsidiary]

(4) Upon approval by the Commission of any new tariffs, a licensee shall notify its customers of the new tariffs through publication in the *Gazette* or in such other publications as the Commission may determine and shall in such notice provide for a grace period of not less than fourteen days before implementing the new tariffs.

95. Investigation and suspension of tariffs

(1) The Commission may, on its own motion or pursuant to a complaint made under this regulation, investigate any tariffs charged by a licensee.

(2) An application for investigation, suspension or rejection of any tariffs brought under subregulation (1) shall—

- (a) be in writing;
- (b) specify the name and address of the petitioner and state the interest of such petitioner; and
- (c) the reasons why such tariffs should be investigated, suspended or rejected.

(3) Where after the investigations, the Commission is of the view that the tariffs should be suspended or rejected, it may reject or suspend such tariffs:

Provided that in case of a suspension of the tariffs the Commission shall notify the licensee and give such licensee twenty (20) days to respond to the intended cancellation.

96. Tariffs (file and use)

(1) All licensees under the Act who provide services to the public shall file with the Commission schedules of their tariff rates including those of their agents and correspondents.

(2) All licensees whose services are not subject to the price cap condition shall file with the Commission changes to existing tariffs, including the terms and conditions applicable thereto but excluding special offers and other promotions.

(3) All licensees, unless exempted by the Commission, shall only charge their customers the filed tariffs and shall further ensure that all filed tariff rates are printed and kept open for public review and inspection and shall furnish its customers upon request with such schedules.

(4) In this Part unless the context otherwise requires—

“**price cap**” means a methodology where the price charged for a service is allowed to change by the rate of inflation over the initial price with an adjustment factor (X) based on factors such as technological changes, need to finance development infrastructure and need to adopt efficient working systems; and

“**tariff-regulated services**” means services offered by a licensee which are not open to competition and whose tariffs are subject to regulation by the Commission.

PART XIII – MISCELLANEOUS PROVISIONS

101. Roaming agreements

(1) Mobile cellular telecommunications licensees may enter into agreements to provide roaming services on a reciprocal basis to every other licensee of mobile cellular service that requests such service.

(2) An agreement to provide roaming services shall, upon request, require a licensee to provide mobile cellular telecommunications to all subscribers of another licensee of a mobile cellular telecommunications system, while such subscribers are located within any portion of the licensee's authorised geographic service area where facilities have been constructed and service to subscribers has commenced, if such subscribers are using mobile equipment that is technically compatible with the licensee's base stations.

102. Registration of telecommunications contractors and vendors

(1) Any person who intends to be a contractor of telecommunications wiring or a vendor of a telecommunications or vendors of such equipment or apparatus shall register with the Commission upon payment of the prescribed fees.

(2) Upon application and registration, the Commission shall issue such contractor or vendor with a registration certificate in the prescribed form.

(3) Any person who conducts any business of wiring, installing or maintaining customer premises equipment or vending of telecommunications equipment without a registration certificate from the Commission shall be guilty of an offence.

103. Fees

The fees structure set out in the Second Schedule shall be applicable in respect of any application made under these Regulations and may be reviewed from time to time by the Minister.

SECOND SCHEDULE—continued

13. Alarm systems—

The basic charge for each alarm unit is K.Sh. 1250, but the specific charges for each particular customer will be determined by the applicable charge grouping.

14. Broadcasting stations & fixed satellite earth stations

The fee payable for broadcasting stations and fixed satellite earth stations is commensurate with the power and the occupied bandwidth and calculated on the basis of these parameters using the following formula—

Fees per transmitter or carrier in Kenya shillings is:

$$= K_1 \log_{10} \left(\frac{P_{nom} \text{ (watts)}}{25 \text{ watts}} + K_2 \log_{10} \left(\frac{P_{tot} - 1000}{25 \text{ watts}} \right) \right) \times \left(\frac{BW(kHz)}{8.5 \text{ kHz}} \right) \times 574.10$$

Where—

- (a) $K_1 = 1$ for the first 1 kW of radiated carrier power
- (b) $K_2 = 0.2$ for additional power above 1 kW.
- (c) **25 watts** is the maximum power allowable for VHF base stations.
- (d) **8.5 kHz** is maximum allowable RF bandwidth for VHF base stations.
- (e) P_{nom} is the nominal transmitter power.
- (f) P_{tot} is the effective isotropically radiated power
- (g) **Bandwidth** is the width, of frequency band that is just sufficient to ensure the transmission of information at a rate and with the quality acceptable under specific conditions.

15. Terrestrial Links (Fixed Station Licence)

A licence to establish a radio communication station at a fixed location for carrying on a Fixed Radio Communication Service to provide a public service.

This category of licence is drawn for radio stations used to interconnect two specified fixed points.

The fee payable for this licence is based on the occupied bandwidth, and is calculated using the following formula—

The fee, F (KShs) per transmitter per location is—

$$F \text{ (KShs)} = \left(\frac{RF \text{ Bandwidth (kHz)}}{8.5 \text{ kHz}} \right) \times \left(\frac{\text{Number of}}{RF \text{ channels}} \right) \times K1 \times \text{Unit fee}$$

Where, unit fee = 574.10, as KShs. 574.10 is the unit spectrum fee for a 8.5kHz band.

$K1 = 0.6$ for frequency band < 1700 MHz

$= 0.5$ for frequency band 1700 to 10000 MHz

$= 0.4$ for frequency band > 10000 MHz.

Where **RF** means Radio Frequency, and other parameters are as defined above.

Transmitter shall include terminal and repeater stations.

The formula is applicable to point-to-point links, microwave radio relay equipment, studio-to-transmitter links, etc.

16. Cellular Networks and Fixed Wireless Access Networks

Licence to establish a fixed radio station to operate a mobile cellular radio service and fixed wireless access.

$$\text{Fee } F \text{ (K.Sh)} = \left(\frac{2 \times RF \text{ Bandwidth (kHz)}}{8.5 \text{ kHz}} \right) \times (\text{number of cell sites}) \times 1043.65$$

The parameters are as defined above.

[Subsidiary]

SECOND SCHEDULE—*continued***17. Trunked Network (Mobile Trunked Radio Licence)**

A licence to operate a private trunked radio network.

The fee, *F* per transmitter per location is—

$$F \text{ (KShs)} = \left(\frac{\text{RF Bandwidth (kHz)}}{8.5 \text{ kHz}} \right) \times (\text{number of cell sites}) \times 574.10$$

The parameters are as defined above.

18. Alarm Systems

The basic charge for each alarm unit is KShs 1250, where the specific charges for each particular customer will be determined by the applicable charge grouping

19. Single channel radiosThe fee *F* per transmitter per location is;

$$F \text{ (KSh)} = \left(\frac{\text{RF Bandwidth (kHz)}}{8.5 \text{ kHz}} \right) \times 1043.65$$

- 20.** The Commission is not bound to use any or all of the above formulas if in its opinion the service involved requires technical or other considerations. Spectrum fees for radio equipment not covered in the above schedule shall be determined at the time of application.

PART II – LICENSING

3. General requirements

(1) Any person who wishes to provide broadcasting services in Kenya shall apply to the Commission for the licence through the prescribed procedure.

(2) The Commission shall provide information relating to the availability of broadcasting frequencies, the application requirements and the selection criteria for issuance of a licence.

(3) A person who wishes to provide broadcasting services in more than one station shall apply for a licence for every broadcasting station it wishes to operate.

(4) The Commission may require an applicant to provide additional documentation or information which is directly relevant to assessing whether the applicant meets the criteria established in the Act and regulations for the grant of the licence.

(5) The Commission shall publish applications received for broadcasting licences in the *Gazette* and invite the public to comment before it issues a licence.

(6) The Commission shall grant successful applicant a broadcasting services licence and require the licensee to establish the necessary broadcasting infrastructure and commence broadcasting within a period of twelve months.

(7) The Commission shall revoke the licence of a licensee who does not establish the necessary broadcasting infrastructure within the period specified in paragraph (6).

4. Application for a commercial broadcasting services license

(1) A person applying for a licence for a free-to-air commercial broadcasting service or services shall furnish the Commission with a business plan which shall include the—

- (a) evidence of technical capacity in terms of personnel and equipment to carry out the broadcasting services;
- (b) evidence of relevant experience and expertise to carry out the broadcasting services;
- (c) evidence of the capacity to offer broadcasting services for at least eight continuous hours in a day;
- (d) programme line-up or schedule for the broadcasting services which the licence is sought; and
- (e) such other information or requirement as the Commission may from time to time prescribe.

(2) A person who applies for a licence to provide subscription television or radio service shall, unless it is otherwise prescribed by the Commission, comply with paragraph (1) and satisfy the Commission that it has the capacity to offer a minimum of ten channels to each subscriber.

5. Application for a community broadcasting licence

(1) A person applying for a community broadcasting licence shall furnish the Commission with—

- (a) information on the service for which the community broadcasting licence is sought for;

- (b) the minutes of the meeting where it was resolved to establish a community broadcasting station;
- (c) proof of the sources of funding and sustainability mechanisms;
- (d) weekly programme schedules for the broadcasting services which the licence is sought; and
- (e) such other information or requirement as the Commission may from time to time prescribe.

6. Obligations relating to broadcasting services

(1) The Commission shall—

- (a) ensure that broadcasting services reflect the national identity, needs and aspirations of Kenyans;
- (b) ensure that broadcasting services are delivered using the most efficient and effective available technologies;
- (c) develop a frequency plan which sets out how the frequencies available for broadcasting services in Kenya will be shared equitably and in the public interest among various tiers of broadcasting;
- (d) ensure that every applicant secures relevant permission or entered into agreements or arrangements necessary for the operation of the broadcasting service.

(2) All broadcasters shall—

- (a) annually file with the Commission documents showing their station identity and any changes thereto;
- (b) ensure that their station identity is unique and does not cause confusion;
- (b) keep such records as the Commission may prescribe from time to time;
- (c) reveal their station's identity at intervals of sixty minutes during the period which broadcasts are made from that station; and
- (d) state, at least twice within a period of twenty four hours, all the frequencies and channels on which the broadcasting station is licensed to operate state.

(3) In the case of free-to-air broadcasting services the Commission shall ensure that the services—

- (a) provide the amount of local content as specified in the licence;
- (b) include news and information in their programming, as well as discussions on matters of national importance; and
- (c) adhere to strictly to the Commission's or subscribed programme codes in the manner and time of programming schedules.

7. Broadcasting licence fees

The Commission may—

- (a) prescribe fees payable for, among others, the broadcasting services licence, application, renewal, transfer, annual licence fee and any other fees related to the services; or
- (b) exempt the public broadcasting services and any other licence category from payment of any fees prescribed pursuant to paragraph in (1).

[Subsidiary]

8. Commencement of broadcasting service

A licensee shall, not later than fourteen days before commencement of broadcasting services publish a notice in a news paper, with wide circulation in the licensee's coverage area, containing—

- (a) a statement on the licensee's intention to transmit a broadcasting service from a station in the licensee's coverage area;
- (b) the commencement date and time of transmissions;
- (c) the assigned frequency or channel that the station shall operate from;
- (d) the station programming format;
- (e) a statement inviting the members of the public to contact the licensee in case any transmission by the licensee causes interference with the services provided by other licensees; and
- (f) the address and telephone number of the licensee.

9. Renewal of licences

(1) A licensee may, within a period of six months before the expiry of its licence apply to the Commission for the renewal of the licence in such manner as the Commission may prescribe.

(2) Where a licence is renewed, the applicant shall prior to the issuance of the licence pay such fees as the Commission may prescribe.

10. Ownership and control

(1) No persons other than the public broadcaster shall be directly or indirectly, entitled to more than one broadcast frequency or channel for radio or television broadcasting in the same coverage area:

Provided the Commission shall prescribe a timeframe for existing stations to comply with this requirement.

(2) The shareholding of a licensee shall at all times comply with the Government's Communications Sector Policy, as may be published from time to time.

(3) A licensee shall, at least ninety days prior to effecting such change, notify the Commission of any proposed change in ownership, control or proportion of shares held in it:

Provided that—

- (a) any change in shareholding exceeding fifteen *per centum* of the issued share capital; or
- (b) the acquisition by an existing shareholder of at least five *per centum* additional shares, shall require the prior written consent of the Commission and the Commission shall notify the applicant of its acceptance or refusal stating the reasons for the refusal, within thirty days of receipt of the application for the consent.

(4) A notification of change in ownership, control or proportion of shares held in a licensee shall state—

- (a) the date when the intended transfer of ownership or part thereof is to be effected;
- (b) the name and address of the acquirer;

- (c) the names, nationality and addresses of persons who are in control of the business; and
- (d) any change in the name or address of the business.

(5) In considering an application for a written consent for transfer of ownership or change of person in control or change in shareholding of a broadcasting licensee the Commission shall consider—

- (a) the capacity of the acquiring entity to roll out the broadcasting services;
- (b) the nature of broadcasting services and programming that the acquiring entity intends to roll out;
- (c) the extent to which the allocated frequency resource(s) of the entity to be acquired have been utilized;
- (d) the possible impact on promotion of pluralism and diversity that the transfer may have;
- (e) the effect or impact of the transfer on competition or promotion of competition in the sector;
- (f) whether the transfer conformity with the stipulations of the sector policy;
- (g) the past and current compliance record, relating to the conditions of the current licences, of the acquiring and acquired entities; and
- (h) any other matter as the Commission may consider relevant.

(6) A broadcaster shall not lease or transfer broadcast frequencies or channels assigned to it to any other person without the written authority of the Commission.

(7) For companies that are listed in the stock exchange, the Capital Markets Authority Act (Cap. 485A) shall apply.

PART III – BROADCASTING SERVICES

11. Public broadcasting service

(1) A Public Broadcaster shall—

- (a) provide independent and impartial broadcasting services of information, education and entertainment in English and Kiswahili and such other languages as the broadcaster may decide;
- (b) conduct the broadcasting services impartially and consider to the interests and susceptibilities of the different communities in Kenya;
- (c) provide and receive from other persons material to be broadcast:

Provided that in acquiring such material, the public broadcaster shall have regard to the need to maintain the distinctive character of the public broadcasting service and to cater for the expectations of audiences who are not generally catered for by other broadcasting services.

(2) The public broadcasting service shall be supported by revenues from the exchequer, grants, donations and its commercial services but shall not draw from advertising and sponsorship.

(3) The public broadcaster shall not lease or transfer the broadcast frequencies or channels assigned to it for use in public broadcasting.

(4) The Commission may, on application by the public broadcaster, grant the public broadcaster a licence to provide broadcasting services on a commercial basis.

[Subsidiary]

(5) Where the public broadcaster is granted a licence to provide broadcasting services on a commercial basis, it may be required to maintain and keep separate accounts for its public and commercial broadcasting services.

(6) The public broadcaster may, when providing its commercial services, enter into public private partnership:

Provided that the public private partnership complies with the law relating to public procurement.

(7) The Commission shall give priority and ensure equitable allocation of resources for the public broadcasting services.

12. Commercial free-to-air broadcasting service

(1) A commercial free-to-air broadcaster shall—

- (a) be issued with a broadcasting service licence which includes the frequency or channel licence for each broadcast station that utilizes a frequency or channel resource;
- (b) provide a diverse range of programming that reflects the identity, needs and aspirations of people in its broadcasting area;
- (c) where the commercial broadcaster provides national coverage, be required, without prejudice to paragraphs (a) and (b), to provide programming that reflects the identity and needs of the people of Kenya;
- (d) commence broadcasts within twelve months after being issued with a licence;
- (e) not acquire exclusive rights for the non-commercial broadcast of national events identified to be of public interest as may be determined by the Commission from time to time.

(2) The Commission shall, in consultation with the Minister in charge of information, license foreign commercial broadcasters, subject to availability of frequencies or channels.

13. Community broadcasting services

(1) A Community broadcaster shall—

- (a) reflect the needs of the people in the community including cultural, religious, language and demographic needs;
- (b) deal specifically with community issues which are not normally dealt with by other broadcasting services covering the same area; and
- (c) be informational, educational and entertaining in nature:

Provide a distinct broadcasting service that highlights community issues.

(2) The Commission shall, through the frequency plan, ensure that an equitable number of frequencies or channels are reserved for community broadcasting.

(3) A community broadcaster shall ensure all the funds generated from the operations of a community broadcasting station are reinvested in activities benefiting the Community.

(4) The Commission shall monitor community broadcasters to ensure that the funds generated from operations of a community broadcasting station are re-invested in activities benefiting the community.

(5) The Commission shall allow community broadcasting licensees to advertise, on their stations, adverts that are relevant and specific to that community within the broadcast area.

14. Subscription broadcasting service licenses and subscription management services

(1) The Commission may upon application, in the prescribed form, grant a subscription broadcasting services licence for—

- (a) satellite broadcasting services;
- (b) cable broadcasting services; and
- (c) subscription Management services.

(2) The Commission may require a licensee granted a licence under paragraph (1) to—

- (a) distribute broadcasting services, whether through cable or satellite within the borders of the Kenya or from Kenya to other territories;
- (b) provide a prescribed minimum number of Kenyan Broadcasting channels;
- (c) provide diversity in programming;

“promotion or special offer” means any information, whose content is controlled directly or indirectly by a licensee, that is expressed in any language and communicated through any medium with the intention of influencing the choice, opinion or behaviour of consumers;

“tariff” means any charge, price, levy and underlying terms and conditions imposed by a licensee for the services provided;

“regulated services” means a service offered or supplied by a licensee—

- (a) in a market or market segment that is uncompetitive; or
- (b) subject to price controls by the Commission on the basis that the provider of the service has been found to be dominant in the relevant market and the Commission has judged that the price control is appropriate, pursuant to both the Kenya Information and Communications (Fair Competition and Equality of Treatment) Regulations, 2010 and regulation 4 of these Regulations;

“uncompetitive market” means market or market segment in which there is no competition in the provision of service or in which consumer choice of service provider or service is either absent, limited, impeded, obstructed or constrained.

[L.N. 149/2010, s 2.]

3. Purpose and object

(1) The purpose of these Regulations is to provide a framework for the determination of tariffs and tariff structures.

(2) Without prejudice to the generality of paragraph (1), these Regulations seek to—

- (a) ensure licensees maintain financial integrity and attract capital;
- (b) protect interests of investors, consumers and other stakeholders;
- (c) provide market incentives for licensees to operate efficiently; and
- (d) promote efficient and fair competition within the framework for a free market economy;
- (e) ensure compliance with all competition laws.

(3) In the exercise of its powers, the Commission shall ensure that decisions made pursuant to the provisions of these Regulations are consistent with the objectives outlined in paragraph (2).

[L.N. 149/2010, s. 3.]

3A. Commission to declare regulated services

(1) The Commission may declare services in specific markets to be regulated services.

(2) The Commission shall, prior to making a declaration under paragraph (1)—

- (a) identify the relevant specific market;
- (b) notify all affected licensees and issue a consultation, allowing sufficient time for stakeholder comments;
- (c) demonstrate that there is a competition concern as specified in regulation 8A(2) of the Kenya Information and Communication (Fair Competition and Equality of Treatment) Regulations, 2010, (L.N. 29/2010, Sub. Leg.) or that a licensee who has been declared to be in a dominant market position has been found to have abused the dominant market position, and where there is a competition concern, the Commission shall, in satisfying itself, demonstrate pursuant to a report prepared by the Commission that—
 - (i) effective competition amongst existing licensees cannot develop;
 - (ii) there exists strong and non-transitory barriers to entry in the identified market segment;
 - (iii) there is no other competition law that is sufficient to deal with the competition concern;
 - (iv) in the case of a retail service, no wholesale remedies are available to address the competition concern in the identified market segment; and
 - (v) such other circumstances that the Commission may consider necessary from time to time;
- (d) follow the guidelines contained in the Schedule to these Regulations to prepare the report mentioned in paragraph (2)(c);
- (e) show that declaring the relevant service to be a regulated service would prevent a potential abuse; and
- (f) show that the declaration would be consistent with the objectives of these Regulations.

[L.N. 149/2010, s. 4.]

4. Tariffs setting

(1) A licensee shall set tariffs that are—

- (a) just and reasonable;
- (b) sufficiently clear and enable the end-user to determine the description of the service, the details relating to the nature of service and charges payable for the service; and
- (c) *Deleted by L.N. 149/2010, s. 5.*

(2) A licensee shall provide accurate billing information on tariffs to enable customers to verify whether they are billed correctly.

(3) A licensee shall not apply tariffs that prevent market entry or distort competition.

(4) A licensee who contravenes this regulation commits an offence.

[Subsidiary]

(5) The tariff of a licensee shall be non-discriminatory and shall guarantee equality of treatment.

(6) A tariff shall not be in breach of this Regulation if it is shown that there are legitimate commercial reasons for the tariff, such as different costs of providing the service and different identifiable market segments that have different ability to pay and different levels of usage and customer preference.

[L.N. 149/2010, s. 5.]

5. Filing of tariff rates

(1) A licensee shall, on a quarterly basis, file the schedules of their tariff rates, including those of its agents and correspondents with the Commission.

(2) A licensee shall not charge its customers using tariff rates that have not been filed with the Commission under paragraph (1).

(3) A licensee shall ensure that all the tariff rates that have been filed with the Commission are available to the public for review and inspection and shall furnish its customers with the filed tariff rates, upon request.

(4) A licensee who contravenes this regulation commits an offence.

6. Tariff approval for regulated services

(1) The Commission may from time to time publish in the *Gazette* a schedule of regulated services.

(2) A licensee shall charge regulated services using tariffs that have been file and approved by the Commission.

(3) Subject to regulation 7 all applications for approval of tariffs for regulated services shall be filed with the Commission and shall—

- (a) conform to the form, manner and methodology prescribed by the Commission; and
- (b) be accompanied by relevant documents, including all calculations, notes and any other information in support of the application.

(4) Where the Commission does not approve the tariffs proposed by a licensee for a regulated service and recommends that the licensee to makes the adjustments specified to the proposed tariffs, the licensee shall adjust the proposed tariff accordingly.

(5) *Deleted by L.N. 149/2010, s. 6.*

(6) A licensee shall not discontinue the provision of a regulated service without the prior written approval of the Commission.

(7) Where the Commission determines that a service no longer meets the conditions that describe a regulated service, the Commission shall through a *Gazette* notice notify the public that the service is no longer a regulated service.

(8) *Deleted by L.N. 149/2010, s. 6.*

(9) A licensee who contravenes this Regulation commits an offence.

[L.N. 149/2010, s. 6.]

7. Review of tariffs for regulated services

(1) A licensee who wishes to increase the tariffs for a regulated service shall file an application for approval of the increase with the Commission in the prescribed manner, at least forty-five days before the proposed increase is intended to come into effect.

(2) The obligations that relate to the provision of a regulated service shall cease when the Commission determines that tariff regulation is no longer necessary in view of market developments.

[L.N. 149/2010, s. 7.]

8. Notice on review of tariffs for regulated services

(1) The Commission shall, within seven days after receiving an application to increase the tariff of a regulated service under these Regulations, place a notice in the *Gazette* and in such other manner as it considers necessary.

(2) The notice under paragraph (1) shall—

- (a) contain the name and particulars of the licensee or class of licensees providing the service to which the tariffs relates;
- (b) state the new tariff and the reasons for the proposed review of the tariff; and
- (c) specify the period, which shall not be less than thirty days, within which written objections or representations to the proposed new tariff may be made.

(3) The Commission shall in considering the application for tariff revision take into account any written representations or objections received under paragraph (2)(c).

[L.N. 149/2010, s. 8.]

9. Decision on tariff revision application

(1) The Commission shall, within thirty days of notification under regulation 8(1), approve or reject such application.

(2) The Commission may reject an application for the revision of a tariff if it is of the view that the proposed tariff is unjustifiable, unfair or unreasonable.

(3) A decision of the Commission rejecting a proposed tariff shall—

- (a) be in writing;
- (b) state the reasons for the rejection; and
- (c) be made available to the provider.

(4) Where the Commission approves a new tariff, a licensee shall notify its customers of the new tariff through publication in two local daily newspapers with nation wide circulation or through any other method as the Commission may determine and shall in the notice provide for a grace period of not less than fourteen days before implementing the new tariff.

(5) A licensee who contravenes this Regulation commits an offence.

[L.N. 149/2010, s. 9.]

10. Investigation of tariffs

(1) The Commission may on its own motion or pursuant to a complaint made under this regulation investigate any tariff set by a licensee where the tariff is anti-competitive.

(2) A complaint about a tariff brought under paragraph (1) shall—

- (a) be in writing;
- (b) specify the name and address of the complainant;
- (c) state the interest of the complainant; and
- (d) state the reasons why the tariff should be investigated.

[Subsidiary]

(3) Where after investigations under regulation 10(1), the Commission is of the view that the tariff is anticompetitive and should be adjusted, it may recommend to the licensee to make the necessary adjustments on the tariffs:

Provided that where the Commission intends to adjust the tariffs after investigation, the Commission shall notify the licensee and give the licensee twenty days to respond to the intended adjustment.

[L.N. 149/2010, s. 10.]

11. Promotions and special offers

(1) The Commission may from time to time issue guidelines on promotions and special offers.

(2) A licensee shall apply for approval, at least four days before the date of the implementation of a promotion or special offer, and shall file all details of the promotion or special offer with the Commission for approval provided that if no objection is made by the Commission within four days the licensee shall proceed with the promotion or special offer.

(3) A licensee shall ensure that all Promotions and special offers—

- (a) provide of information on the duration and date of the promotion or special offer, where the same is time-bound:

Provided that no promotion or special offer shall run for more than ninety days and be repeated before three months have elapsed;

- (b) state clearly the threshold to be applied, where the duration of the promotion or special offer is not time-bound, but subject to attainment of a specific target;
- (c) provide the terms and conditions and the details of the manner of participation;
- (d) provide clear information to its customers on the terms and conditions of the promotion or special offer, through publication in two local daily newspapers with nationwide circulation and where applicable, in electronic media, sign language or any other method that the Commission may determine;
- (e) indicate and publish, where the special offer or promotion requires the customer to pay a charge, the applicable rate;
- (f) has obtained necessary approval from the Betting Control and Licensing Board, where the special offer or promotion involves games of chance, and inform its consumers accordingly;
- (g) provide details on the minimum number and nature of any prizes, where applicable, state if prizes are to be awarded in installments or are to be shared among recipients;
- (h) state whether or not any restrictions based on, among others, age or the need to obtain permission to enter from an adult or employer, to participation apply;
- (i) provide the name and business address of the licensee in the case of direct promotions or, particulars of third parties in the case of indirect promotions;
- (j) promoters do not overstate the consumers' chances of winning prizes; and
- (k) a not discriminatory or anti-competitive.

(4) Prior to the launch of a promotion or a special offer a licensee shall submit a statement of compliance with paragraph (3) to the Commission.

(5) The Commission may discontinue a promotion or special offer that does not comply with this regulation and state the reasons for doing so.

[L.N. 149/2010, s. 11.]

12. Offence and penalty

Any person who commits an offence under these Regulations for which no penalty is provided shall on conviction be liable to a fine not exceeding one million shillings or to imprisonment for a term not exceeding three years or both.

13. Transitional provisions

(1) Subject to paragraph (2) a licensee who provides a regulated service shall, within thirty days of these Regulations coming into force or the commencement of the offer of a regulated service to the public, file the tariff applicable to the regulated service with the Commission for approval.

(2) A licensee who provides regulated services at the commencement of these Regulations shall continue to provide the regulated services at the rate and subject to the terms and conditions in effect at that date.

(3) A licensee who provides non-regulated services shall, within thirty days of the commencement of these Regulations, file schedules of their tariff rates, including the terms and conditions of their agents and correspondents with the Commission.

SCHEDULE

[Rule 3A(2)(d), L.N. 149/2010, s. 12.]

GUIDELINES

Guidelines to Address regulation 3A(2)(c)(i)—

When considering whether competition cannot develop with existing players under regulation 3A(c)(i) of these Regulations, the Commission shall consider the following factors

- (a) Current market shares and their evolution over time;
- (b) Price trends and pricing behaviour for the services under analysis;
- (c) Control of an infrastructure not easily duplicated;
- (d) Barriers to expansion;
- (e) Product or service diversification; or
- (f) such other factors as the Commission may consider from time to time.

Guidelines to Address regulation 3A (2)(c)(ii)—

The Commission shall consider all the factors indicated below in order to assess the existence of high and non-transitory barriers to entry under regulation 3A(c)(ii) of the Regulations—

- (a) Existence of sunk costs;
- (b) Scale and scope economies;
- (c) Control of an infrastructure not easily duplicated;
- (d) Technological advantages;
- (e) Easy or privileged access to capital or financial resources;

[Subsidiary]

- (f) Barriers to development of distribution and sales network;
- (g) Switching costs and product diversification;
- (h) Vertical integration;
- (i) Requirement for an administrative authorization or licence in order to operate in the market and conditions for obtaining such an authorization;
- (j) Limits and conditions attached to the use of spectrum;
- (k) Effects of general regulation over new entrants.

Guidelines to Address regulation 3A(2)(c)(iii)—

The commission shall consider all the factors indicated below in order to assess the insufficiency of competition law to address the competition concern identified in sub-regulations 4(c), condition 3A(2)(c) of these Regulations—

- (a) Degree of generalization of non-competitive behaviour associated to the competition concern;
- (b) Degree of difficulty to address the competition concern;
- (c) Expected damaged created by non-competitive behaviour associated to the competition concern;
- (d) Need of regulatory intervention to ensure the accomplishment of the objectives stated in regulation 3(2).

Guidelines to address regulation 3A(2)(c)(iv)—

When considering a retail service, the Commission shall consider whether the identified competition concern can be addressed with—

- (a) existing remedies imposed in related wholesale markets; or
- (b) alternative wholesale remedies.

The analysis of the alternative measures shall consider the costs and benefits associated with each option and the impact for the different undertakings, following a Regulatory Impact Assessment (RIA).

“**enforcement**” includes administrative actions of the Commission and any other action taken for the purposes of ensuring compliance with of the Act or Regulations;

“**licensee**” means any person licensed under the Act;

“**monitoring**” means the powers of the Commission to verify compliance with the provisions of the Act, Regulations and Licenses.

3. Commission's monitoring and enforcement powers

The Commission shall monitor and enforce compliance with the Act, Regulations and conditions of licences by all licensees.

4. Guidelines

The Commission shall issue guidelines on installation and maintenance of communication infrastructure.

5. Principles and procedures of monitoring and enforcement

When carrying out its compliance, monitoring and enforcement duties, the Commission

-
- (a) shall be guided by the Act, Regulations and the following principles—
 - (i) transparency, fairness and non-discrimination;
 - (ii) the need to provide modern, qualitative, affordable and readily available communications systems and services in Kenya;
 - (iii) the need to promote fair competition and investment in the information and communications technology industry;
 - (iv) the need to promote and improve the quality of service provided by licensees in Kenya; and
 - (v) any other principles that the Commission may from time to time consider necessary and in the public interest;
 - (b) may issue directions in writing to any person to secure compliance with the Act and these Regulations;
 - (c) may enlist and rely on the assistance of law enforcement agencies and other relevant departments, ministries and Government of Kenya and international agencies, as provided in the Act; and

- (d) may appoint a person to inquire into and report to the Commission on any matter pending before it and upon the receipt of a report the Commission may —
- (i) give directions on the procedures for conducting such inquiries; and
 - (ii) the person or persons appointed to carry out such inquiries shall submit a report to the Commission in the form and manner as the Commission may direct.

6. Commencement of the processes for monitoring and enforcement

- (1) The Commission shall exercise its powers under these Regulations—
- (a) on its own initiative; or
 - (b) in response to a complaint made by a person or on behalf of a person whom the Commission considers to have an interest in the matter which is the subject of representation.

7. Licensees duty to prepare, submit and maintain reports

- (1) Every licensee shall, after every quarter and at the end of its financial year, prepare and submit to the Commission in the prescribed form, an annual report of its operations.
- (2) Every licensee shall prepare and submit to the Commission a quarterly report of its operations and the extent to which the conditions of their licence have been adhered to.
- (3) A licensee may request the Commission to treat any information contained in a report presented to the Commission under these Regulations as confidential business information that may not be disclosed to third parties other than government agencies.

8. Investigations by the Commission

- (1) The Commission may commence investigations on a licensee's compliance where it has reasonable cause to believe that a licensee has failed to comply—
- (a) with the construction, installation or service provision requirements issued by the Commission; or
 - (b) has contravened any condition of the licence issued by the Commission; or
 - (c) with any of the performance obligations under the Act, Regulations or its licence conditions.
- (2) The Commission, shall in carrying out investigations on any matter under the Act or Regulations, take into account the following factors—
- (a) any representation made to the Commission by or on behalf of a person whom the Commission considers to have an interest in the matter which is the subject of the representation; or
 - (b) a complaint by any customer of the licensee or a member of the public to the Commission in relating to the services provided by a licensee; and
 - (c) the Commission's necessary inquiries and appropriate measures to be taken as the circumstances of the case may require.
- (3) A licensee shall keep proper records in such manner as the Commission may prescribe, and shall allow the Commission to access the records for purposes of carrying out its mandate under the Act.
- (4) The Commission may request a licensee to periodically submit reports, statistics, data and any other information that it considers necessary.

[Subsidiary]

(5) When making any request under paragraph (4), the Commission shall ensure that it does not impose undue burden on the licensee in procuring and furnishing such information.

(6) The Commission may from time to time publish compliance or investigation reports in the *Gazette*, as is necessary.

9. Compliance information

(1) Where after an investigation by the Commission, on its own motion or subsequent to a complaint made by a third party, the Commission is satisfied that a licensee is contravening or has contravened any of the conditions of a licence, the Commission shall notify the licensee, in writing.

(2) The Commission shall, in the notification sent to a licensee under paragraph (1), specify the acts or omissions which, in its opinion, constitute a contravention of the conditions of the licence and require the licensee to remedy the contravention within, unless otherwise specified by the Commission in writing, a period of three months.

(3) A licensee shall, after remedying the contravention specified in the notification, prove to the Commission that it has sustainably remedied of the contravention.

(4) If a licensee fails, without reasonable cause, to remedy the contravention referred to in paragraph (1) within the required period, the licensee shall be liable to a penalty of five hundred thousand shillings and such penalty shall be a debt owed to the Commission and recoverable summarily.

(5) Any licensee aggrieved by the decision of the Commission made under these Regulations may appeal to the Tribunal within fifteen days of receipt of notification by the Commission in that regard.

10. Payment of penalty

(1) Any penalty imposed by the Commission pursuant to the Act or Regulations shall become due and payable by the contravening person within fourteen days from the date of receipt of the notification in that regard by the Commission to the contravening person.

(2) The Commission may in addition to the penalty impose any other enforcement sanctions under the Act or Regulations on a licensee.

11. Appointment of Inspectors

(1) The Commission may appoint inspectors for the purposes of verifying compliance with the provisions of the Act and Regulations.

(2) The Commission shall issue all inspectors appointed under these Regulations with identity cards which shall be produced by the inspectors at the request of any person in charge of any place that is to be inspected.

(3) An inspector may at all reasonable times enter into any premises owned or controlled by a licensee in which the inspector has reasonable grounds to believe that has any document, information, or apparatus relevant for ensuring compliance with the Act or these Regulations and to examine such document, information or apparatus or remove the document, information or apparatus for examination or reproduction as the case may be.

(4) Where an inspector has reason to believe that there is any communication equipment or interference causing apparatus, he may examine such equipment, apparatus, logs, books, reports, data, records, documents or other papers and remove such information, document, apparatus, or equipment for examination or reproduction.

(5) An inspector shall record and sign for any information, document, article, apparatus or equipment removed by him or her and shall leave a copy of the document recording that removal.

(6) For the purpose of exercising, performing and discharging the powers, functions or duties of the Commission under the Act or these Regulations an inspector, may by notice in writing require any person to—

- (a) furnish him or her within such time and at such place as may be specified in the notice, any document specified or described in the notice which is in the custody or control of such a person;
- (b) produce for inspection any book, return, account or record in his possession or control; or
- (c) produce for inspection any equipment, apparatus or systems.

(7) Any person who wilfully obstructs an inspector in the performance of his duties commits an offence and is liable on conviction to a fine not exceeding three hundred thousand shillings or to imprisonment for a term not exceeding one year or both.

12. Right of Access

(1) All licensees and authorized persons shall allow inspectors to access their facilities at reasonable times for the purpose of enabling the inspectors to carry out inspection and verification, including visits to premises and facilities and the inspection of equipment and documents.

(2) An inspector shall not have the authority to compel any person, for any reason, to produce any document which he could not be compelled to produce in any civil proceedings.

13. Civil Proceedings

Without prejudice to the provisions of the Act or Regulations, the Commission may, in the exercise of its powers pursuant to this Regulations and the Act, institute civil proceedings against any person for remedies that may include injunctive relief, recovery of penalties, specific performance or pecuniary awards or damages.

14. Revocation of Part XII of L.N. 68/2001

Part XII of the Kenya Communication Regulations, 2001 is hereby revoked.

**KENYA INFORMATION AND COMMUNICATIONS (FAIR COMPETITION
AND EQUALITY OF TREATMENT) REGULATIONS, 2010**

[L.N. 29/2010, L.N. 150/2010.]

1. Citation

These Regulations may be cited as the Kenya Information and Communications (Fair Competition and Equality of Treatment) Regulations, 2010.

2. Interpretation

In these Regulations unless the context otherwise requires—

“**communications services**” means all services provided for under the Act;

“**licensee**” means a person licensed under the Act;

“**service agreement**” means any agreement between a licensee and a subscriber relating to provision and use of a communications service;

“**subscriber**” means a person who has entered into a service agreement with a licensee and who is responsible for payment of all charges and rentals.

[L.N. 150/2010, s. 2.]

3. Purpose and object

(1) The purpose of these Regulations is to—

- (a) provide a regulatory framework for the promotion of fair competition and equal treatment in the communications sector; and
- (b) protect against the abuse of market power or other anticompetitive practices within the communications sector.

(2) Without prejudice to the generality of paragraph (1), these Regulations seek to—

- (a) provide for the standards and procedures to be applied by the Commission in determining whether particular conduct is anti-competitive;
- (b) clarify the agreements, conduct or practices that the Commission shall consider to be anti-competitive, and prohibited under the Act; and
- (c) provide for the standards and processes that the Commission shall apply when determining whether a communications licensee is dominant in a given market.

[L.N. 150/2010, s. 3.]

4. Mandate of the Commission over competition matters

(1) The Commission shall have the power to determine, pronounce upon, administer and enforce compliance of all its licensees with competition laws and regulations, that it relate to commercial activities in the communications sector.

(2) In so far as such matters fall concurrently under the jurisdiction of another statutory agency responsible for competition matters, the Commission shall co-operate with the said agency in matters related to fair competition.

5. Determination of breach

(1) The Commission shall, in order to determine whether a particular agreement or conduct breaches these Regulations—

- (a) evaluate the relevant market or market segment that the agreement, conduct in question or practice relates;

- (b) determine whether the market or market segment is competitive; and
- (c) establish whether a licensee is engaging in anti-competitive practices.

[L.N. 150/2010, s. 4.]

6. Commission to designate market segments

(1) The Commission shall, from time to time, by notice in the *Gazette* designate communications market segments.

(2) The Commission shall, when evaluating or designating the relevant market segments, consider—

- (a) the communications products that constitute a specific market, whose product dimension shall be assessed by analyzing—
 - (i) demand-side substitutability in order to measure the extent to which consumers are prepared or able to substitute other communications products or services for the communications products or services subject to considerations at low cost;
 - (ii) supply-side substitutability to determine the extent to which suppliers are able to supply other communications products or services in place of the communications products or services subject to consideration at low cost;
- (b) the geographic scope of the market for a given group of consumers, considering the following conditions—
 - (i) the geographic distribution of, and evolution over time of market shares;
 - (ii) the pricing of services across the area under consideration;
 - (iii) pricing of the different operators as well as its evolution over time in the relevant areas; and
 - (iv) additional supply and demand characteristics which may indicate the existence of different competitive pressures;
- (c) any other factors or issues which are, in the opinion of the Commission, relevant.

[L.N. 150/2010, s. 5.]

7. Dominant market position

(1) The Commission shall from time to time develop and publish, in the Kenya *Gazette*, guidelines to be followed when determining whether a licensee in a dominant market position in a specific communications market.

(2) The criteria shall among others include—

- (a) the current degree and development of market concentration or the market share of the licensee, determined by reference to revenues, numbers of subscribers or volumes of sales;
- (b) the degree to which a licensee's prices vary over time;
- (c) the ability of the licensee to maintain or erect barriers to entry to the market, including, by means of control of essential facilities, access to superior technology, privileged access to resources or capital markets or superior buying or negotiating position, amongst others;
- (d) the ability of the licensee to earn supernormal profits;
- (e) the global technology and commercial trends affecting market power;
- (f) the licensee's power to make independent rate setting decisions;

[Subsidiary]

- (g) the degree of product or service differentiation and sales promotion in the market;
- (h) the ability to materially raise prices without suffering a commensurate loss in service demand to other licensees; and
- (i) any other matters which the Commission may consider relevant.

(3) *Deleted by L.N. 150/2010, s. 7.*

[L.N. 150/2010, s. 8.]

8. Dominant market power reports

(1) The Commission may on its own motion or on the application of an interested person, prepare a dominant market power report to determine whether a licensee is dominant in a service or geographic communications markets.

(2) The Commission shall, among other factors, use the criteria in regulations 6(2) and 7(2) when assessing or designating a communications market.

(3) The Commission may, where it determines in a dominant market report that a licensee is dominant by considering the criteria established in regulation 7(2), it shall declare that licensee as dominant in a specific communications market.

(4) The Commission may, on its own motion or pursuant to an application by a licensee, review the dominant market power report to determine whether a licensee is still dominant and shall within, twenty-one days, make a determination that the licensee is not dominant or that the licensee shall continue to be designated as dominant.

(5) *Deleted by L.N. 150/2010, s. 8.*

[L.N. 150/2010, s. 8.]

8A. Investigations in respect of competition concerns

(1) The Commission may, on its own motion or pursuant to a complaint made by a licensee, conduct an investigation to determine if the conduct of a communications licensee gives rise to a competition concern under paragraph (2).

(2) Competition concerns shall arise where there is a likelihood that a licensee will engage in any of the following practices—

- (a) directly or indirectly impose purchase or selling prices or other trading conditions that unfairly prevent, restrict or distort competition;
- (b) limit production, markets or technical development to the prejudice of consumers and other licensees;
- (c) apply dissimilar conditions to equivalent transactions with other trading parties, thereby placing them at a competitive disadvantage;
- (d) make the conclusion of contracts subject to acceptance by the other parties of supplementary obligations which, by their nature or according to commercial usage, have no connection with the subject of the contracts; and
- (e) any other practices that the Commission may determine from time to time.

(3) Where the Commission determines that there is a competition concern, it may impose appropriate and proportionate remedies in accordance with regulation 9.

[L.N. 150/2010, s. 9.]

9. Interconnection obligations of a dominant telecommunications service provider

(1) Where the Commission has, pursuant to paragraph 8A, found a competition concern, the Commission may impose any or all of the following remedies—

- (a) meet all reasonable requests for access to its public telecommunications network, in particular access at any technically feasible point on its telecommunications network;

- (b) adhere to the principle of non-discrimination with regard to interconnection offered to other interconnecting licensees, particularly—
 - (i) apply similar conditions in similar circumstances to interconnecting licensees providing similar services; and
 - (ii) provide interconnection facilities and information to other telecommunications licensees under the same conditions and of the same quality as it provides for its own services or those of its affiliates or subsidiaries;
- (c) make available, on request, to other interconnecting licensees considering interconnection with its public telecommunications network, all information and specifications reasonably necessary, in order to facilitate conclusion of an agreement for interconnection, including information on changes planned for implementation within the next six months, unless provided otherwise by the Commission;
- (d) submit to the Commission for approval and publish a Reference Interconnection Offer, sufficiently unbundled, giving the description of the interconnection offerings broken down into components according to the market needs and the associated terms and conditions including tariffs; and
- (e) provide access to the technical standards and specifications of its telecommunications network with which another interconnecting licensee shall be interconnected.

(2) Where a dominant telecommunications service provider abuses its position when negotiating interconnection agreements, the Commission shall—

- (a) require the dominant telecommunications service provider to desist, change its conduct or adopt a particular conduct; or
- (b) declare the interconnection agreement wholly or partially invalid.

(3) The Commission shall, before taking the action in paragraph (2)(b) of this Regulation, request the dominant telecommunications service provider to refrain from the conduct that is inconsistent with these Regulations.

(4) A dominant telecommunications service provider shall set charges for interconnection based on an objective criteria, observe the principles of transparency and cost orientation as set out in regulation 11.

(5) The Commission may request the dominant telecommunications service provider to prove that its interconnection charges are based on actual cost and, where necessary request an adjustment of the charges or impose default interconnection charges in the event the proposed adjustment is not implemented by the dominant telecommunications service provider.

(6) A licensee that has been declared dominant in a market segment shall—

- (a) notify the Commission in writing of any proposal to change interconnection charges in the form and manner as prescribed by the Commission from time to time;
- (b) sufficiently unbundle charges for interconnection, so that the telecommunications licensee requesting the interconnection is not required to pay for any item that is not related to the service requested;
- (c) maintain a cost accounting system that—
 - (i) complies with the cost accounting guidelines that may be published by the Commission from time to time;
 - (ii) demonstrates that its charges for interconnection have been fairly and properly calculated;

[Subsidiary]

- (d) avail to the Commission, on request, a description of its cost accounting system showing the main categories under which costs are grouped and the guidelines for allocation of costs to interconnection and the Commission's, or any other competent body; regulations or guidelines have been adhered to.

(7) A dominant telecommunications service provider shall promptly, on request supply financial information to the Commission to the level of detail specified by the Commission.

(8) The Commission shall upon satisfying that the dominant telecommunications service provider has fully complied with these regulations together with any other guidelines that it may have prescribed, publish a compliance report.

(9) In addition, the Commission while taking account of considerations of commercial confidentiality, may publish such financial information in order to contribute to an open and competitive telecommunications market.

[L.N. 150/2010, s. 10.]

10. Accounts

(1) A licensee shall maintain separate books of account for each service as may be prescribed by the Commission from time to time and shall not cross-subsidize the prices for any service it offers in the market with revenue from the sale of communication systems and services.

(2) A licensee shall maintain accounting separation techniques to be focused on the separation of revenues, costs and capital employed into categories in order to ensure that there is no discrimination between internal and external pricing in all services provided by the licensee.

(3) Where the interconnection services are not provided through a structurally separated subsidiary, a dominant telecommunications service provider shall keep separate accounts as if the telecommunications activities in question were in fact carried out by legally independent companies, to identify all elements of cost and revenue together with the basis of their calculation and the detailed attribution methods used.

(4) A dominant telecommunications service provider shall maintain separate accounts in respect of interconnection services and its core telecommunications services and the accounts shall be submitted for independent audit and thereafter published.

(5) The Commission shall from time to time develop guidelines providing for the system of transfer charges to be applied to services and products provided from one licensee to another and for the implementation of this Regulation.

(6) A licensee shall promptly, on request, supply financial information to the Commission to the level of detail specified by the Commission.

[L.N. 150/2010, s. 11.]

11. Obligations of licensees

(1) All licensees shall provide uniform, non-preferential service on a first-come-first-served basis to all persons within a covered geographical area or a given class who request for such service.

(2) A licensee shall not violate the principle of equal access and non preferential treatment if it—

- (a) considers the ability of a person to pay for a service when deciding whether to provide a service to the person; or
- (b) makes other rational classifications among subscribers, such as business and residential, and to provide service on the basis of the classification.

12. Guidance

(1) Where a licensee intends to enter into an agreement or take any action that may affect another licensee in the same market segment, it may seek guidance from the Commission at least thirty days prior to the entering into the agreement or taking of such action.

(2) The Commission's shall respond within thirty days of receiving the request under paragraph (1) stating whether the agreement or conduct is likely to contravene these Regulations.

(3) Notwithstanding the provision of these Regulations, a licensee shall ensure that all its agreements and conduct are lawful.

13. Investigations into complaints of unfair competition and discrimination

(1) The Commission may, on its own motion or upon a complaint, investigate a licensee whom it has reason to believe has committed an act or omission, or is alleged to have committed an act or omission, or to have engaged in a practice, breaching the requirement for fair competition or equality of treatment.

(2) When conducting an investigation under section 84S and 84T of the Act, the Commission may—

- (a) require the production of any document or information that is specified or that falls within a specified category, which it considers relates to any matter relevant to the investigation, at a time and place, and in the manner or form specified;
- (b) take copies of, or extracts from any document produced;
- (c) require an explanation of any such document; and
- (d) where a document is not produced, require a statement specifying where it can be found;
- (e) enter any premises with a warrant and require the production of any document appearing to be the kind in respect of which the warrant was granted or relevant to the investigation and require any relevant information held in computer to be produced in a form in which it can be read and taken away;
- (f) enter premises with a warrant search the premises and take copies of, or extracts from, any documents appearing to be the kind in respect of which the warrant was granted and require any relevant information held in a computer to be produced in a form in which it can be read and taken away.

14. Exemptions

(1) These Regulations shall not apply to conduct which is necessary—

- (a) for a licensee entrusted with the operation of essential communications services that relate to, among others, health, national security and any other circumstance that the Commission may prescribe, insofar as the application of the Regulations would obstruct the performance of the tasks assigned to the licensee;
- (b) to comply with a legal requirement; or
- (c) to avoid conflict with international obligations.

**KENYA INFORMATION AND COMMUNICATIONS
(INTERCONNECTION AND PROVISION OF FIXED
LINKS, ACCESS AND FACILITIES) REGULATIONS, 2010**

[L.N. 30/2010.]

1. Citation

These Regulations may be cited as the Kenya Information and Communications (Interconnection and Provision of Fixed Links, Access and Facilities) Regulations, 2010.

2. Interpretation

In these Regulations, unless the context otherwise requires—

“access” means availing facilities or services, to another service provider under specified conditions, on an exclusive or non-exclusive basis, for the purpose of providing telecommunications services;

“calling line identity” means the information generated by a telecommunications system that identifies the calling number and forwards it through the telecommunications network to a receiving communications system;

“co-location” means accommodation of two or more switches, transmission equipment, antennas or any other electronic communications equipment in, or on a single building tower or any other structure for the purpose of interconnecting communications networks;

“customer” means a user of telecommunications services provided by a telecommunications service licensee;

“end-to-end connectivity” means property that allows all nodes of the network to send information to all other nodes of the network, and do not require intermediate network elements to further interpret them;

“facilities acquirer” means a licensee who provides network services who has leased or shares facilities or has requested to lease or share facilities from a facilities provider;

“facilities provider” means a network facilities licensee who has been requested by a facilities acquirer for lease or to share facilities;

“interconnect capacity” means a transmission and switching capability and any other facility for connecting telecommunications networks of two or more telecommunications service licensees;

“interconnect licensee” means a provider of a telecommunications service who, in accordance with a licence issued by the Commission, is required to provide interconnection service to other telecommunications licensees;

“interconnecting licensee” means a provider of telecommunication services who has interconnected or has requested to interconnect its telecommunications system to the telecommunications system of an interconnect provider;

“interconnection” means the physical and logical linking of telecommunication networks used by the same or different service licensees in order to allow the users of one licensee to communicate with users of the same or another licensee or to access services provided by another licensee;

“interconnection agreement” means an agreement, entered into, before or after the commencement of these Regulations, between an interconnect licensee and an interconnecting licensee in relation to the interconnection of their telecommunication systems;

“interconnection information” means information in the possession or control of parties to an interconnection agreement or intending to interconnect their telecommunications systems and services which may assist such parties to formulate their interconnection or plans, to establish or maintain their telecommunication systems or a telecommunication service for the purpose of interconnection, which information may include—

- (a) technical, traffic and other relevant information system and facilities specifications; and
- (b) any material changes to that information or specifications which may impact on the parties’ interconnection arrangements or the services they intend to provide to customers by means of that interconnection;

“interoperability” means the ability of communication systems, units, or elements to provide services to and accept services from other systems, units or forces and to use the services exchanged to enable them to operate effectively together;

“licensee” means a person licensed under the Act;

“local access provider” means any person licensed by the Commission to provide telecommunications service within a geographical area (telecommunications region) prescribed by the Commission within which a licensee is licensed to operate telecommunications systems and services and shall include regional telecommunications service providers;

“network facility” means any element that forms part of an electronic communications network and includes any wire, cable, antenna, mast or other thing which is or may be used for or in connection with communications;

“just and reasonable charges” means charges that enable a licensee maintain its financial integrity, attract capital, operate efficiently and fully compensate investors for risks borne;

“licensee” means a person licensed under the Act;

“local access licensee” means any person licensed by the Commission to provide telecommunications service within a specified geographical area (telecommunications region) within which a licensee is licensed to operate telecommunications systems and services and shall include regional telecommunications service licensees;

“network facility” means any element that forms part of an electronic communications network and includes any wire, cable, antenna, mast or other thing which is or may be used for or in connection with communications;

“point of interconnection” means a mutually agreed upon point where the exchange of traffic between the telecommunication system or apparatus of an interconnect provider and the telecommunications system or apparatus of an interconnecting licensee, takes place, including the exchange of traffic between a local access provider or mobile cellular communication service provider (where applicable) and another licensed telecommunications network service provider;

“private network licensee” means the licensee of a telecommunications system that provides private telecommunication services for its own use;

“public network licensee” means a provider of a public telecommunications service;

“reference access offer” means a document setting out the terms and conditions under which an interconnect licensee undertakes to permit access to its telecommunications network in a nondiscriminatory manner;

“reference interconnect offer” means a document setting out the terms and conditions under which an interconnect licensee undertakes to permit interconnection to its telecommunications network in a nondiscriminatory manner.

3. Application

These Regulations shall apply to all interconnect licensees and interconnecting licensees, including the form and content of interconnection agreements, access and facilities.

4. Rights and obligations to interconnect

(1) An interconnecting licensee shall, subject to compliance with the provisions of the Act and any guidelines on interconnection of telecommunications systems and services that the Commission may from time to time publish, have the right to choose its interconnection licensee to route its data traffic and calls towards customers of another licensee.

(2) Notwithstanding paragraph (1), an interconnecting licensee shall route its data traffic and calls towards international destinations through a licensee who has been licensed to provide the service.

(3) An interconnection licensee shall have the right and, when requested by an interconnecting licensee, an obligation, to negotiate the interconnection of its telecommunications system, facilities and equipment with the telecommunications system, facilities and equipment of the interconnecting licensee, in order to provide end-to-end connectivity and interoperability of services to all customers.

(4) A interconnection licensee shall accept all reasonable requests for access to its telecommunications system at the network termination points offered to the majority of the interconnecting operators.

(5) The Commission may exempt an interconnection licensee from the obligation under paragraph (1), where—

- (a) an interconnection agreement is prohibited by law;
- (b) the licence issued to a licensee does not permit a licensee to offer the services for which the interconnection is requested;
- (c) the requested interconnection is rendered impossible as a result of technical specifications; or
- (d) the interconnection would endanger the life or safety or result in injury of any person or harm to the interconnect licensee's property or hinder the quality of the services provided by the licensed service provider.

(6) The Commission shall publish any exemption granted under paragraph (5) of this Regulation.

5. Negotiation of interconnection agreements

(1) An interconnect licensee shall provide interconnection information to an interconnecting licensee upon receipt of written request.

(2) An interconnecting licensee's request for interconnection shall be given reasonable priority over customer orders of the interconnect licensee.

(3) Parties to an interconnection agreement shall negotiate in good faith and reasonably endeavour to resolve disputes relating to the form and subject of an interconnection agreement that may arise.

(4) Parties to an interconnection agreement shall negotiate freely between themselves and each negotiating party shall not—

- (a) intentionally mislead the other party;
- (b) coerce the other party into making an agreement that it would not otherwise have made; or
- (c) intentionally delay or obstruct negotiations.

(5) The terms and conditions for interconnection of telecommunications networks shall be based on the agreement reached between the parties to an interconnection agreement and promote increased access and efficient use of telecommunications systems, services and facilities.

(6) All interconnection agreements shall facilitate end-to-end connectivity by ensuring that calls originated on the telecommunications system of an interconnecting operator can be terminated at any point on the telecommunications system of any other telecommunications service provider on a non-discriminatory basis.

(7) The telecommunication system licensees shall make all interconnection agreements between them in writing and specify—

- (a) the scope and specification of interconnection;
- (b) access to all ancillary or supplementary services or access to and use of premises or land necessary to support interconnection;
- (c) maintenance of end-to-end quality service and other service levels;
- (d) charges for interconnection;
- (e) billing and settlement procedures;
- (f) ordering, forecasting, provisioning and testing procedures;
- (g) points of interconnection or co-location;
- (h) the amount of, or the forecast procedures to be used to determine, interconnect capacity to be provided;
- (i) transmission of call line identity;
- (j) network information;
- (k) information regarding system modernization or rationalization;
- (l) technical specifications and standards;
- (m) interoperability testing, traffic management, measurement and system maintenance;
- (n) an information handling process and confidentiality agreement;
- (o) duration for and renegotiation of the agreement;
- (p) formation of appropriate working groups to discuss matters relating to interconnection and to resolve any disputes;
- (q) formal dispute resolution procedures;
- (r) definition and limitation of liability and indemnity;
- (s) adequate capacity, service levels and reasonable remedies for any failure to meet those service levels;
- (t) *force majeure*;
- (u) other contractual terms and conditions; and
- (v) any other matters that the Commission may prescribe.

[Subsidiary]

- (8) Interconnection agreements shall not, directly or indirectly—
- (a) preclude or frustrate the exercise of rights or privileges given under the Act or a licence or by any person;
 - (b) impose any penalty, obligation or disadvantage on any person for exercising any rights under the Act or a licence;
 - (c) prohibit a person from providing an interconnection service which that person is able to lawfully provide; or
 - (d) frustrate the provision of a telecommunications service by a person is able to lawfully provide.
- (9) The Commission may on its own initiative or upon the request of a party—
- (a) intervene in negotiations on agreements for interconnection where no agreement is reached between the negotiating parties within six weeks of the commencement of the negotiations; or
 - (b) set time limits within which negotiations on interconnection are to be completed, which time limits shall not exceed six weeks unless the Commission considers that a longer period is necessary.
- (10) The Commission may from time to time issue technical, costing and other relevant guidelines to guide licensees in negotiating interconnection agreements.
- (11) Where a telecommunications service licensee—
- (a) enters into an interconnection agreement with another telecommunications licensee, the Commission may review the agreement to ensure that it conforms with the Act, Regulations and any guidelines on interconnection of telecommunications networks issued by the Commission; or
 - (b) has not interconnected its facilities upon request by another licensee, the Commission shall require the licensee concerned to interconnect its facilities in order to protect essential public interests and may set the terms and conditions of the interconnection.

6. Approval of interconnection agreements

- (1) Parties to an interconnection agreement shall file with the Commission an application for approval of the proposed interconnection agreement at least fourteen days before the date of implementation of the interconnection agreement.
- (2) Parties to an interconnection agreement shall file with the Commission an application for approval of the renewal or extension of an existing interconnection agreement at least fourteen days prior to the expiry of the agreement.
- (3) The Commission may request for information from the parties to an interconnection agreement that it considers necessary to evaluate the terms and conditions and the charges set forth in the agreement, and request that the interconnection agreement be modified in the manner specified by the Commission, in writing.
- (4) Upon receipt of a request by the Commission to modify an interconnection agreement the parties shall negotiate and submit a revised interconnection agreement to the Commission within ten days of receipt of the request by Commission.
- (5) Where the parties are unable to agree on the requested modification, the Commission may, if it determines that a negotiated agreement is not achievable, provide an interconnection agreement to the parties that includes the terms and conditions and with the charges payable for the interconnection.

(6) Where licensees are in the process of negotiating an interconnection agreement or have agreed on an agreement but the agreement is pending before the Commission for approval, the parties may agree to exchange traffic based on interim conditions and notify the Commission.

Provided that the conditions agreed on in the interconnection agreement once approved by the Commission shall apply in respect of the period for which the agreement is negotiated.

(7) A party who is aggrieved by the decision of the Commission may, within fifteen days from the date of the Commission's decision, appeal to the Tribunal.

7. Confidentiality

(1) A party to an interconnection agreement may, before the filing of the agreement with the Commission, mark provisions containing trade or operating secrets and the party shall additionally submit to the Commission for review a modified version of the agreement which does not, in that party's view, disclose the trade or operating secrets.

(2) Where the Commission considers the marking unjustified, it shall consult with the respective telecommunications service provider prior to making a decision to allow third parties to inspect the agreements in whole or in part and may subsequently restrict inspection to the modified version of the interconnection agreement.

8. Interconnection

(1) Any transmission of calls across and within telecommunications systems shall be seamless to both the calling party and the party receiving the call.

(2) All procedures for forecasting, ordering and provisioning interconnection shall be efficient and shall occur within reasonable time frames.

(3) All facilities or systems used for interconnection shall be provided in sufficient capacity to enable the efficient transfer of information between interconnected telecommunication systems.

(4) A service acquired as part of interconnection may be used for any lawful purpose.

9. Non-discrimination and transparency

In similar conditions and similar circumstances, an interconnection licensee shall provide interconnection on a non-discriminatory basis and the interconnection licensee shall ensure that—

- (a) the rates it charges do not vary on the basis of the class of customers to be served;
- (b) it provides interconnecting licensees with interconnection facilities and information under the same conditions and in the same quality that it affords to its subsidiaries, affiliates, or other similarly situated interconnecting licensees;
- (c) it avails to interconnecting licensees all necessary information and specifications related to interconnection; and
- (d) customers of an interconnecting licensees receive treatment that is no less favourable than the treatment which it affords to its own customers or the customers of its subsidiaries, affiliates, or other similarly situated interconnecting licensees.

10. Quality of service

(1) Parties to an interconnection agreement shall comply with all relevant service standards of the International Telecommunications Union and other technical standards that the Commission may publish from time to time.

[Subsidiary]

(2) A licensee shall ensure that the prescribed quality of service is not impaired on interconnection.

11. Network upgrading

(1) In order to achieve the quality of inter-operability to the prescribed level a licensee shall—

- (a) notify the Commission and all other licensees interconnecting in the network, of any planned change in the network capacity, technology, structure and configuration, at least three months prior to the planned change; and
- (b) provide details relating to any change in the licensee's network, including traffic forecast to the Commission at least three months prior to the planned change.

12. Interconnection charges structure

(1) All charges for interconnection services shall—

- (a) be objective, independently verifiable and fair;
- (b) be charged for each type of telecommunications service related to interconnection;
- (c) not be designed to facilitate cross-subsidies by an interconnect provider of its network;
- (d) be below the retail charges levied by the interconnect provider for the provision of any retail service that makes similar use of those network elements that are required by both the retail and interconnection service; and
- (e) be sufficiently below retail service charges to allow for recovery of the incremental retail costs associated with provision of the retail service supported by the interconnection service that the interconnect service provider would have to incur in order to compete effectively with the interconnect provider at the retail level.

(2) All charges for interconnection shall be structured to distinguish and separately price

- (a) fixed charges for the establishment and implementation of physical interconnection;
- (b) periodic rental charges for use of facilities, equipment and resources including interconnect and switching capacity; and
- (c) variable charges for telecommunications services and supplementary services.

(3) A licensee shall be free to acquire services from an interconnect provider at any retail price offered by the interconnect provider without prejudice to any rights to acquire the same or similar services under an interconnection agreement.

(4) The Commission shall prescribe guidelines on interconnection charging methodology from time to time.

13. Interconnection procedures

(1) All requests by an interconnecting licensee for any form of interconnection shall be in writing and shall provide the interconnection licensee with information relating to—

- (a) the form of interconnection;
- (b) the date for the commencement of negotiations;

- (c) the approximate date the interconnection is required; and
- (d) an estimate of the capacity required.

(2) A copy of the request for interconnection in paragraph (1) shall be forwarded to the Commission by the requesting party within seven days of the request by the requesting party.

(3) The interconnect licensee shall inform the interconnecting operator in writing within fourteen days of receipt of the request for interconnection of its ability and willingness to supply the form of interconnection requested within the time frames requested by the interconnecting licensee and its ability to commence negotiations on the date requested.

(4) Where the parties do not agree on the date to commence negotiations, the Commission shall facilitate negotiations to an interconnection agreement on a date specified by the Commission.

(5) Where the Commission is of the view that parties to an interconnection agreement have taken longer than necessary to negotiate and conclude an interconnection agreement, and the proposed charges to an interconnection agreement are unreasonable and do not promote effective competition the Commission shall make a determination to be applicable during the time when negotiations are going on and the time within which negotiations on interconnection are to be completed.

(6) Where a party or any other person alleges that there has been a contravention or failure to comply with the provisions of the Act, Regulations and any guidelines on interconnection or an interconnection agreement, the Commission shall investigate and make a decision.

(7) Where the interconnect licensee has informed the interconnecting licensee that it is able to provide interconnection, it shall ensure that the system conditioning and provisioning procedures required to provide such interconnection are undertaken within the time required by the interconnecting licensee.

(8) Disputes that relate to the timely provision of interconnection or notice of planned changes shall be submitted to the Commission for determination.

14. Establishment and location of points of interconnection

(1) Parties to an interconnecting agreement shall establish and maintain points of interconnection at any technically feasible points agreed by the parties.

(2) An interconnecting licensee shall, in sufficient detail, notify the interconnection licensee of the points at which they wish to be interconnected to enable the interconnection licensee to assess the systems conditioning and other requirements for establishing such points of interconnection.

(3) Points of interconnection shall be established as soon as practicable following a request and not later than thirty days from the date of the request.

(4) Unless otherwise determined by the Commission, interconnecting licensees shall be responsible for the cost of building and maintaining the points, data fill and switching capacity to support the interconnection and for the costs of transport from their points of origination to points of interconnection.

(5) Licensees providing interconnection services may mutually agree on the point of interconnection and share the costs of establishing such points of interconnection.

(6) Where a licensee seeking interconnection from any interconnection licensee requests that its facilities for interconnection be co-located with the facilities or premises of the interconnection licensee, such co-location may be provided and the costs of such collocation shall be mutually agreed by the parties.

[Subsidiary]

15. Calling line identity

Parties to an interconnecting agreement shall pass calling line identity and all necessary signalling data between interconnecting parties in accordance with standards prescribed and published from time to time by the Commission.

16. Modification, suspension and termination

(1) Parties to an interconnection agreement shall ensure that any modification, suspension or termination of the interconnection agreement does not adversely affect customers.

(2) An interconnect provider may not terminate an interconnection agreement unless—

- (a) the termination is as a result of a fundamental breach of the interconnection agreement and the interconnecting licensee after having been given an opportunity to remedy the breach, has failed to do so;
- (b) the interconnect provider gives reasonable written notice of its intention to terminate and—
 - (i) specifies the grounds for termination; or
 - (ii) gives, in the case of breach, a notice of one month, for the service provider to remedy the breach;
- (c) the Commission has been notified of the intended termination and it has given consent, in writing.

(3) A party to an interconnection agreement may only suspend interconnection in exceptional circumstances and only where such suspension is intended to address a material degradation of telecommunications systems or services and the Commission notified of the intended suspension and it has given its consent.

(4) Parties to an interconnection agreement that has been approved by the Commission may amend or modify the agreement by giving the Commission a copy of the proposed amendment not less than fourteen days prior to the effective date.

17. Confidentiality

(1) A party who receives information relating to interconnection from another party which is designated as confidential shall keep the information confidential and may disclose it—

- (a) to employees, agents or advisers who need to know that information for the purpose of the provision of interconnection, or giving advice thereon;
- (b) to persons to whom such disclosure is authorised by that other party;
- (c) where such disclosure is authorized or required by law; and
- (d) to the Commission.

(2) Confidential information relating to interconnection of a party received by another party, or business information generated by the telecommunications system of a party as a result of interconnection, shall be used solely for the purpose of providing interconnection, and shall not be disclosed to any person involved in the development or provision of retail services of the other party, its subsidiaries or affiliates.

(3) The provisions relating to confidentiality of any matter in an interconnection agreement shall not prevent the disclosure by the Commission of any provisions therein due to public interest or pursuant to a legal process.

18. Reference interconnection offer and reference access offer obligations

(1) Where the Commission issues an order requiring a dominant telecommunications service licensee to publish a reference interconnection offer or a reference access offer, the licensee shall, unless otherwise determined by the Commission—

- (a) submit a proposed reference interconnection or reference access offer, as the case may be, to the Commission for review and approval within three months after the issuance of the order by the Commission; and
- (b) be subject to the terms and conditions of the approved reference interconnection or reference access offer approved by the Commission, subject to any amendments considered appropriate by the Commission, within three months after the issuance of the order by the Commission.

(2) Prior to approving any reference interconnection or reference access offer or any amendments thereto, the Commission may—

- (a) request for additional information or clarification from the dominant telecommunications service licensee with regard to the proposed reference interconnection or reference access offer; or
- (b) consult with the industry and public on the proposed reference interconnection or reference access offer.

(3) The Commission may publish guidelines or models for the uniform sector-wide application of reference interconnection or reference access offers, which shall be used by all dominant telecommunications service licensees.

(4) The reference interconnection offers shall be sufficiently unbundled to ensure that the interconnecting operators do not pay for network elements or facilities which are not necessary and shall contain a description of the components of the offer, associated terms and conditions, including the structure and level of prices.

(5) The reference access offers shall be sufficiently unbundled to ensure that the access seekers do not pay for network elements or facilities which are not necessary and shall contain a description of the components of the offer, associated terms and conditions, including the structure and level of prices.

(6) Where applicable, the reference access offers shall, where applicable, include detailed information related to access to—

- (a) network elements and associated facilities, which may involve the connection of equipment, by fixed or non-fixed means;
- (b) physical infrastructure including buildings, ducts and masts;
- (c) relevant software systems including operational support systems, access to number translation or systems offering equivalent functionality;
- (d) fixed and mobile networks, in particular for roaming, access to conditional access systems for digital television services; and
- (e) access to virtual network services.

19. Co-location

(1) Where a licensee has the right to install facilities on, over or under private land or take advantage of a procedure for the expropriation or use of property, the Commission shall encourage the sharing of such facilities and property with other licensees, in particular, where other licensees do not have access to viable alternatives.

(2) A service provider providing such co-location shall—

- (a) file with the Commission a schedule of fees charged for co-location;

[Subsidiary]

- (b) agree on a meet-point with another licensee seeking interconnection and designating location for interconnecting the network;
- (c) provide reasonable, just, and non-discriminatory rates, terms and conditions for physical collocation of equipment necessary for interconnection or for providing access to the unbundled network elements at the licensee's premises;
- (d) resort to virtual co-location, requiring interconnection at a place outside the licensee's usual premises such as switching, transmission, or main distribution door frame room if it is demonstrated that physical co-location is not practical for technical reasons or for space limitations;
- (e) agree with a licensee seeking interconnection on a facility that is based in the central office of either party to complete the transmission; and
- (f) charge a fee according to filed tariffs.

(3) The terms and conditions for co-location or sharing of facilities shall be subject to a commercial and technical agreement between the parties concerned and the Commission may intervene to resolve disputes arising from such agreements.

20. Network access and facilities

(1) A Facilities licensee shall facilitate access to network facilities in the following manner

- (a) access to network facilities shall be commercially agreed upon between the facilities acquirer and the facilities licensee;
- (b) request for access to network facilities shall be reasonable and in writing;

“licensee” means a person licensed under the Act;

“outage credit” means a credit to be paid to a subscriber for a period of time when the service is not operating for reasons not caused by the subscriber;

“subscriber” means any person who purchases a communications service or agrees to receive and pay for the service from a licensee through a subscriber service agreement;

“subscriber service agreement” means an agreement entered into by a licensee and subscriber for the provision of the licensed services to the subscriber;

“vendor” means a person who carries out the business of selling, reselling or distributing ICT terminal equipment used for the provision of licensed services.

3. Rights and obligations of customers

(1) A customer shall have the right to—

- (a) receive clear and complete information about rates, terms and conditions for available and proposed products and services;
- (b) be charged only for the products and services they subscribe to;
- (c) where possible, select a service provider and service of the customer's choice;
- (d) personal privacy and protection against unauthorized use of personal information;

- (e) accurate and understandable bills for products and services authorised by the customer, and to fair prompt redress in the event of a dispute in the provision of the products and services;
 - (f) protection from unfair trade practices, including false and misleading advertising and anti-competitive behaviour by licensees; and
 - (g) equal opportunity for access to the same type and quality of service as other customers in the same area at substantially the same tariff limiting variations to available or appropriate technologies required to serve specific customers.
- (2) A consumer shall—
- (a) use communications systems and services in the appropriate manner, without abusing them;
 - (b) familiarize with and honour their obligations under any contract entered into with a product supplier or service provider;
 - (c) make reasonable decisions in exercising their right of choice; and
 - (d) familiarize with and abide by any safety or security requirements pertaining to the use of communications systems and services.

4. Safeguards

(1) A service provider shall take appropriate technical and organizational measures to safeguard the security of its services.

(2) Where there is a particular risk of a breach of the security of the network, a licensee shall—

- (a) inform the subscribers of the risk; and
- (b) where the risk lies outside the scope of the measures that may be taken by the licensee, of any possible remedies, including an indication of the likely costs involved.

5. Customer care system

(1) A licensee shall, within the period specified in its licence or by the Commission, establish a customer care system within which customers can make inquiries and complaints concerning its services in such format and containing such details as may be required by the Commission within the time prescribed in the licence or within a reasonable time after the grant of a licence, or as may be specified by the Commission and be available upon commencement of provision of service to the public.

(2) The Commission may from time to time publish guidelines relating to the customer care systems that the licensee may establish.

6. Provision of services and sale of ICT terminal equipment

(1) A vendor shall provide all pertinent information on the equipment it offers for sale, including among others, the type-approval or type acceptance status and whether or not such equipment is new or used, to prospective buyers in a clear and unambiguous manner.

(2) A vendor shall honour all agreements entered into with a buyer, through the sale of terminal equipment and shall ensure that such equipment is in proper working order at the time of sale.

(3) A vendor shall ensure that its advertisements relating to the goods regulated under the Act are unambiguous and factual.

[Subsidiary]

7. Complaint handling procedures of licensees

(1) A licensee shall provide easily understood information about its complaint handling processes in various media and formats, including as specifically directed by the Commission from time to time.

(2) A customer who wishes to lodge a complaint shall reduce the complaint in writing and lodge it within six months from the date of the incident that the complaint arises from.

(3) A licensee shall acknowledge the receipt of a complaint filed with it.

(4) A licensee shall where possible, advise a customer at the time of making the complaint on the expected action, timing for investigation and resolution of the complaint and in the event that the service provider regards the complaint as frivolous or vexatious, the consumer shall be informed accordingly.

(5) A licensee shall resolve all complaints made by its customers within a reasonable time.

(6) A licensee shall put in place a process to provide customer with sufficient information and the means to inquire on the progress of complaints and the processes may include complaint reference numbers or other identifiers in order to facilitate timely and accurate responses to subsequent inquiries by customers.

(7) A licensee shall inform the customer of the outcome of the investigation of their complaint, and any decision of the licensee.

(8) Where a customer is not satisfied with a decision made on a complaint, the licensee shall give the customer the option of pursuing an identified escalation process, where the decision may be examined by a suitably qualified person in the licensee's organisation.

(9) Where the consumer has already gone through the licensee's escalation process and the complaint has not been resolved to the consumer's satisfaction, the customer may refer the complaint to the Commission.

(10) The complaint handling processes shall be provided free of charge.

(11) Notwithstanding paragraph (10), where the investigation of the complaint requires the retrieval of records more than twelve months old or the retrieval results in any incremental expense or significant inconvenience to the licensee, a licensee may impose a reasonable charge for the complaint handling processes.

(12) Any such charges shall be identified by the licensee, be agreed to by the customer and referred to the Commission before being imposed.

(13) A licensee shall file, with the Commission, such information and statistics on all complaints reported, including those resolved and those outstanding, on a quarterly basis in the manner prescribed by the Commission from time to time.

8. Complaints by persons with disabilities

(1) A licensee shall ensure that persons with disabilities can easily access its complaint handling processes.

(2) A licensee shall provide reasonable assistance to a customer who specifically requests for assistance when lodging complaints.

(3) A licensee shall take such measures as may be prescribed by the Commission to ensure that the requirements and interests of disabled customers are fully addressed.

(4) A licensee shall fulfill any specific obligations that relate to special services or special arrangements for customers with disabilities that the Commission may from time to time impose.

9. Protection of children

(1) A licensee shall establish mechanisms that enable parents and legal guardians to block access of children to harmful content.

(2) A licensee who owns promotes, glamorises or markets alcohol and tobacco products or other harmful substances that are directed at children commits an offence.

10. Information for customers

(1) A licensee shall provide a clear and understandable description of available services, rates, terms, conditions and charges for such services and publish the information within such periods as may be determined by the Commission.

(2) The Commission may from time to time publish information that may include, among others, tariffs and statistical information, it considers useful to customers.

(3) Without prejudice to any other information that may be required by the Commission, a service provider shall provide customers at the point of sale, where applicable with—

- (a) the name of the service provider;
- (b) a toll free consumer service number;
- (c) the activation fee or initiation fee, including deposit requirements;
- (d) the monthly access fees or base charges tariff provisions for calculating charges including, among others—
 - (i) minimum charges, units, distances;
 - (ii) peak, and off peak rates;
 - (iii) night, weekends and holidays rates;
 - (iv) international call charges; and
- (e) any additional or different prices, rates or unit values applicable, and additional taxes or fees.

12. Outage credit system

(1) A licensee shall, within six months from the date of the grant of the licence, submit to the Commission a system of outage credits to be given to a subscriber, which upon the Commission's approval shall become part of the licensee's standard subscriber service agreement.

(2) A licensee shall not be responsible to subscribers for scheduled outages arising in accordance with the terms and conditions of a licence, from an event or effect, which in the Commission's view was not reasonably foreseeable or preventable.

13. Code of commercial practice

(1) A licensee shall submit to the Commission, within six months of being granted a licence for approval, a commercial code of practice in the prescribed manner.

(2) Upon receiving the code submitted under paragraph (1), the Commission may—

- (a) approve the proposed code;
- (b) approve the commercial code of practice with the recommendation that the licensee makes alterations specified by the Commission;
- (c) decline to approve the proposed code and direct that the licensee improves specified areas or further develops the proposed code; or
- (d) extend the period for the review of the proposed code.

[Subsidiary]

(3) The commercial of practice shall include, among others, the licensee's complaints handling procedure, advertising policy, system of outage credit and the emergency safety and assistance services and any other information as the Commission may determine.

(4) A licensee shall deliver to each subscriber within three months of the commencement of the service, the commercial code of practice as approved by the Commission.

(5) The commercial code of practice shall not replace or reduce any benefit of price assurance provided to the subscriber by the subscriber service contract; and shall—

- (a) supplement the subscriber service contract and not reduce a subscriber's consumer rights; and
- (b) be consistent with consumer protection laws.

14. Standard subscriber service Agreements

(1) A licensee shall submit to the Commission, for approval, the standard subscriber service agreement applicable to each service it offers to the public.

(2) Where a dispute arises between a consumer and a licensee on the interpretation of the terms of a service agreement that had not been submitted to the Commission for approval prior to the dispute or complaint and the dispute is submitted to the Commission for resolution, the decision of the Commission shall prevail over the provisions in the subscriber service agreement that had not been approved by the Commission.

(3) For the avoidance of doubt, agreements entered into between terminal equipment vendors and their customers through the sale of such equipment shall be subject to these Regulations and shall be enforced by the Commission.

15. Confidentiality

(1) Subject to the provisions of the Act or any other written law, a licensee shall not monitor, disclose or allow any person to monitor or disclose, the content of any information of any subscriber transmitted through the licensed systems by listening, tapping, storage, or other kinds of interception or surveillance of communications and related data.

(2) A licensee shall, where applicable, establish mechanisms by which customers may be able to—

- (a) know that information is being collected about them through their use of various telecommunications services and systems; and
- (b) receive conspicuous notice that such information could be used, or is intended to be used, without authorisation, by the entity collecting the data for reasons unrelated to the original communications, or that such information could be sold (or is intended to be sold) to other companies or entities.

(3) Notwithstanding paragraph (2)(b), nothing in this regulation shall be construed to mean that a licensee may sell or offer for free, to a third party, any information collected by the licensee without the prior consent of the consumer concerned.

(4) In the case of children, the powers exercised in paragraphs (1) and (2) shall be vested in the parents or lawful guardians on their behalf.

16. Operator assistance

A licensee shall, where applicable, ensure that all its customers can access operator assistance services.

17. Unsolicited communications

(1) A person who uses automated calling systems without human intervention, facsimile machines or electronic mail for purposes of direct marketing without the prior consent of the subscriber commits an offence.

(2) A person who sends electronic mail for purposes of direct marketing disguising or concealing the identity of the sender on whose behalf the communication is made, or without a valid address to which the recipient may send a request that the communications cease commits an offence.

(3) Where a natural or legal person legally obtains from its subscribers their electronic contact details for electronic mail, in the context of a sale of a product or service, the natural or legal person may use these electronic contact details for direct marketing of his or its own similar products or services so long as he or it gives the subscriber an opportunity to object, free of charge and in a simple manner, to the use of the data when it is collected and on the occasion of each message in case the subscriber had not initially objected to the use.

(4) All automated direct-marketing schemes to be used in Kenya shall be based on an opt-in principle, in which potential subscribers shall be accorded the opportunity to accept or reject inclusion in a marketer's mailing list.

18. Presentation and restriction of calling and connected line identification

The Commission shall, from time to time, prescribe through guidelines, the manner in which calling line identification features shall be available to subscribers through licensees whose systems have such capabilities.

19. Emergency services

(1) A licensee shall provide free access to emergency safety and assistance services in the manner determined by the Commission from time to time, in accordance with the written laws in force and international standards.

(2) A licensee shall permit calls to internationally and nationally emergency numbers to be free of charge.

(3) A licensee shall, where technically possible, forward any useful personal data to the designated emergency services providers upon connecting emergency calls.

(4) Where there is doubt, the Commission shall determine the numbers that qualify for toll free access under paragraphs (1) and (2).

20. Billing

(1) A licensee shall install a billing system that permits, upon request by a customer, issuance of bills that identify the rates charged to the subscriber, the number called, the duration of each call, the charge per call, applicable discounts and the class of service and any other information as may be stimulated by the Commission.

(2) The Commission may include in the billing requirements information relating to—

- (a) the name of licensee;
- (b) the billing period covered by bill;
- (c) change in licensee;
- (d) disclosure of any rate or service charge, including those implemented within the next billing cycle;
- (e) a listing of the statement or payment due date;
- (f) amount of charges debited to each billed account from the previous cycle;

[Subsidiary]

- (g) amount of payments made to each billed account segregated from late payments;
- (h) terms for late payment fees and termination of service;
- (i) the licensee's toll free number or numbers by which customers may make inquiries about or dispute charges contained on the bill and the methodology used to quantify charges;
- (j) toll free number of the where customers may make inquiries or file complaints;
- (k) rental charges; and
- (l) any other information that the Commission may from time to time by require to be included.

(3) A licensee shall put in place a mechanism through which a subscriber to its service may place a request for an itemised bill, where the service is not issued as a standard offer and accord each customer the option of receiving itemised bills on a regular basis if the subscriber so wishes and upon payment of a reasonable charge.

21. Guidelines

(1) The Commission may issue guidelines for the implementation of these Regulations, the guidelines may, among others, relate to—

- (a) standard of conduct for service providers; and
- (b) key performance indicators for both the sector and individual service providers.

(2) The Commission may review the guidelines made under paragraph (1), to ensure that the guidelines remain relevant and effective.

22. Monitoring sector performance

The Commission shall monitor sector performance, conduct consumer satisfaction surveys and publish its findings at least once in every two years.

23. Offences and penalties

(1) A licensee who—

- (a) fails to perform the measurement, reporting and record keeping tasks within the required time;
- (b) fails to reach a target for any of the parameters stipulated under these Regulations;
- (c) fails to submit, during a time specified by the Commission, information requested by the Commission pursuant to these Regulations;
- (d) submits or publishes false or misleading information about the quality of its services;
- (e) obstructs or prevents an inspection or investigation carried out by the Commission pursuant to these Regulations;
- (f) engages in any act or omission whose effect would be to defeat the purposes of these Regulations,

commits an offence.

(3) A person who commits an offence under these Regulations shall, where no specific penalty is provided for, is liable on conviction to a fine not exceeding three hundred thousand shillings or to imprisonment for a term not exceeding three years or both.

24. Period of compliance

(1) A licensee shall put in place such measures, processes or systems necessary to fully comply with these Regulations within six months of their coming into force.

(2) All existing contracts and codes that have not been filed with and approved by the Commission as required by these Regulations shall be filed and approval sought within six months of the coming into force of these Regulations.

“National Communication Numbering and Addressing Plan” means the plan for electronic communications numbers and addresses, postal codes and national addressing system established by the Commission under regulation 4;

“Numbering Scheme” means the procedures and criteria for the reservation, assignment, and reclamation of numbering resources.

3. Object and purpose

The object and purpose of these Regulations is to provide a regulatory framework for the control, planning, administration and management of the numbering and addressing of network services, national plan and applications services.

4. Establishment of a National Communication and Numbering Plan

The Commission shall establish a National Communication Numbering and Address Plan and control all communication numbers and addresses to ensure fairness and efficiency by—

- (a) undertaking planning, allocations and monitoring;
- (b) maintaining the national communication numbering and address register for all licensees in respect of resources which have been assigned;
- (c) facilitating maintenance of the national electronic address and users register;
- (d) managing postal codes and national addressing systems;
- (e) assigning call signs to all amateur radio operators in the country; and
- (f) issuing maritime mobile service identity numbers for maritime vessels registered in Kenya.

5. Administration and planning of numbering and communication addresses

(1) The Commission shall control, plan, administer and manage the numbering and addressing of communications systems and services.

(2) The Commission shall develop a numbering, and addressing plan for the communications systems and services taking into account the numbering plan subsisting immediately prior to the commencement of these Regulations.

(3) In the discharge of its functions under these Regulations, the Commission shall liaise with the relevant international organizations dealing with numbering and electronic addresses.

(4) Prior to the assignment and publication of any numbering plan, the Commission shall ensure that the numbering plan—

- (a) provides for allocation of numbers to licensees in sufficient quantities in the manner determined by the Commission;
- (b) allows for numbers to be allocated without undue delay;
- (c) allows for the inclusion of as few digits as is practicable;
- (d) does not confer an undue advantage on any licensee; and
- (e) minimizes any inconvenience and costs that may be caused by the implementation of the numbering plan to a licensee and to persons using the communication systems.

(5) The numbering scheme of each licensee shall comply with the Commission's guidelines relating to the implementation of the national numbering plan.

(6) The numbering and addressing plan may set out rules which may include—

- (a) the use of different numbers and addresses for different kinds of services;
- (b) the assignment of numbers and addresses;
- (c) the transfer of assigned numbers and addresses;
- (d) the use of assigned numbers and addresses;
- (e) the portability of assigned numbers and addresses;
- (f) the requirements that licensees maintain a plan for assigning and re-assigning numbers and addresses;
- (g) the fees for the assignment and transfer of numbers and addresses which may be determined by the Commission; and
- (h) any other matters that the Commission may, from time to time, prescribe in the *Gazette*.

(7) The Commission may when assigning or allocating numbers to licensees charge the prescribed fees for the allocation or assignment.

(8) The Commission shall permit any person, upon paying the prescribed fee, to inspect the numbering and addressing plan during working hours.

(9) Notwithstanding paragraph (8), any person authorized by the Commission, in writing, may inspect the numbering plan without paying the prescribed fee.

6. Compliance with numbering and address plans

(1) A licensee shall apply and abide by the numbering plan prescribed by the Commission.

[Subsidiary]

(2) The Commission may, before developing a numbering plan, consult with licensees in respect of—

- (a) arrangements for the allocation and re-allocation of numbers within the initial numbering plan; and
- (b) additions to, or replacement of the initial numbering plan.

(3) The Commission shall, at least six months before prescribing a new numbering plan give notice to licensees and the general public in the *Gazette* and any other media that the Commission considers appropriate.

7. Obligations of licensees

(1) All licensees shall use the communication numbers and addresses assigned by the Commission in accordance with the National Communication Numbering and Address Plan and ensure that the resources are—

- (a) utilized efficiently;
- (b) limited to provision of communication services;
- (c) utilized in a manner that ensures that communications systems and services are identified;
- (d) utilized and paid for as prescribed by the Commission; and
- (e) not transferred without the prior written consent of the Commission.

8. Communications numbering and electronic address plan

(1) The National Communication Numbering and Address Plan shall include communication numbers and addresses used to identify—

- (a) electronic communications networks;
- (b) different carries;
- (c) terminal facilities for cellular phones;
- (d) signaling transmission equipment;
- (e) emergency and inquiry calls;
- (f) terminal transmission line facilities for data communication services;
- (g) electronic mail communications networks;
- (h) types or content of information and communication technologies;
- (i) terminal transmission line facilities for paging services;
- (j) geographical postal points of delivery;
- (k) maritime mobile service identity numbers;
- (l) radio call signs; and
- (m) such other systems and services as the commission may from time to time prescribe in the *Gazette*.

9. Assignment of communications numbers

Where an application for communication numbers or addresses is submitted to the Commission, the Commission shall, after taking into account the National Communication Numbering and Address Plan and availability of the numbers and addresses, assign and issue a certificate of assignment together with the conditions attached to the use of the communication numbers the numbers required for the communication numbers or addresses, upon payment of the prescribed fee.

10. Cancellation of assignment

(1) Where a licensee fails to use the number or address assigned by the Commission within the prescribed period, fails to pay any prescribed fees or uses the number in a manner contrary to the Regulations, the licensee shall be required to submit to the Commission the reasons for such failure, after which the Commission may take such measures as it deems fit including, among others, cancellation of the assignment.

(2) A licensee who fails to utilize a number or address assigned to it by the Commission within the period prescribed in the assignment may apply, in writing, to the Commission for the extension of the time within which the licensee ought to utilize the number or address.

(3) An application for extension of time under paragraph (2) shall include the reasons for the failure to utilize the number within the time prescribed.

11. Prohibition of generation and use of fictitious numbers and addresses

A person shall not regenerate or use fictitious numbers or addresses.

12. Delegation of responsibility

(1) The Commission may appoint a person or an organization to manage or maintain an integrated public number or address database.

(2) The Commission, or a person or an organization appointed under paragraph (1) shall provide non-discriminatory commercial access to the database on terms and conditions similar to those it offers itself.

(3) The Commission may prescribe, in the *Gazette*, the manner in which obligations under this regulation may be undertaken.

13. Offence and penalty

A licensee who uses numbers or addresses contrary to these Regulations, commits an offence and is liable, upon conviction, to a fine of not exceeding one million shillings or to imprisonment for a term not exceeding five years or both.

14. Revocation of Part IX of L.N. 68/2001

**KENYA INFORMATION AND COMMUNICATIONS
(IMPORTATION, TYPE APPROVAL AND DISTRIBUTION OF
COMMUNICATIONS EQUIPMENT) REGULATIONS, 2010**

[L.N. 57/2010.]

1. Citation

These Regulations may be cited as the Kenya Information and Communications (Importation, Type Approval and Distribution of Communications Equipment) Regulations, 2010.

2. Interpretation

In these Regulations, unless the context otherwise requires—

“communication equipment” means telecommunication equipment, radio communication equipment or broadcasting apparatus;

“national standards” means the Kenya standards established by consensus and approved by the Kenya Bureau of Standards, that provide, for common and repeated use, rules, guidelines or characteristics for products and services and related processes or production methods, aimed at achieving the optimum degree of order in a given context including terminology, symbols, packaging, marking or labeling requirements as they apply to a product, process or production method;

“operating network” means a network that can carry communications traffic in the form of voice or data;

“service provider” means a person providing communication services under the Act;

“type acceptance” means the process of evaluating communications equipment that has been type approved by a recognized foreign national regulatory authority with a view to ensure conformity of such equipment to national standards;

“type approval” means a method of checking the compatibility of communications equipment with any operating communication network and the conformance of such equipment to national standards.

3. Equipment subject to type approval

(1) All communications terminals, network equipment and communications equipment to be used for connection or access to the public operating communication networks, wireless communications equipment and radio communications equipment intended to be connected directly or to inter work with a communications network in Kenya to send, process or receive information shall prior to their use be submitted for type approval or type acceptance by the Commission.

(2) The Commission shall grant type approval for each type of equipment once, and subsequent users of the same type of equipment shall not apply to the Commission for approval.

(3) Notwithstanding paragraph (2), where there is a change of model, design or specification of equipment which had been type approved by the Commission, the equipment shall be re-submitted for type approval.

(4) The Commission shall conduct type approval in accordance with the procedures for type approval of communication equipment in Kenya as it publishes from time to time.

4. Application for type acceptance

A service provider shall submit its application for approval or type acceptance of communications equipment in prescribed forms issued by the Commission.

5. Evaluation

(1) The Commission may not return to an applicant any samples of equipment and associated literature submitted for the purpose of type approval or acceptance.

(2) The Commission shall evaluate an application and communicate its decision to the applicant within sixty days from the date of receipt of the application.

(3) Where the Commission does not communicate its approval or refusal within the period prescribed in paragraph (2), the Commission shall be deemed to have approved the application.

6. Type acceptance

(1) The Commission may type accept any equipment that has been granted type approval from another country or jurisdiction that is recognized by the Commission.

(2) Notwithstanding paragraph (1), an applicant for type acceptance shall submit a sample or samples of the equipment and copies of test results and type approval certificate from that country or jurisdiction at the time of the submission of the application for provisional acceptance.

(3) The Commission may, on its own initiative or upon an application by a service provider, conduct inquiries to determine whether technical standards from other countries or jurisdictions should be recognized in Kenya for purposes of exempting any equipment from type approval or testing requirements.

7. Provisional type approval

(1) Any person may submit equipment for provisional type approval by the Commission.

(2) Notwithstanding paragraph (1), licensed vendors shall submit equipment intended for commercial purposes for type approval.

(3) Where the Commission has determined that equipment that is the subject of an application for provisional type approval complies with the provisional type approval requirements, the Commission may grant provisional type approval for a period not exceeding six months on such terms and conditions that it may determine.

(4) When granting provisional type approval to equipment, the Commission may, where it considers it necessary, limit the number of units of that equipment that an applicant can hold and utilize until the final type approval is granted.

8. Final type approval

(1) An application for final type approval shall be made before the expiry of the provisional type approval period and shall indicate the date of grant of provisional approval.

(2) No provisional type approval shall lapse or expire while an application for final type approval is pending at the Commission.

(3) The Commission shall grant final type approval where it is satisfied that the grant of the final type approval—

- (a) is in the public interest; and

[Subsidiary]

- (b) will not lead to harmful interference to any communications and radio communication network or be a risk to human health or the environment.

(4) The Commission shall inform the applicant in writing of the final type approval of equipment or apparatus.

(5) Where the Commission is of the view that an equipment or apparatus should not be type approved, it shall notify the applicant, in writing, of its decision and state the reasons for the refusal.

(6) The Commission shall, from time to time, publish a list of all type approved equipment.

9. Technical evaluation

(1) The Commission shall carry out technical evaluation of equipment by document examination and where applicable laboratory testing of equipment sample, and in accordance with the procedures for type approval and acceptance of communication equipment in Kenya which the Commission shall publish from time to time.

(2) The samples of equipment submitted shall be—

- (a) in a good working condition;
- (b) properly configured for testing and complete with the necessary test adapters; and
- (c) clearly marked with the trade name, model and serial number.

(3) Where the Commission requires clarification on the technical details or other specifications of the equipment submitted for type approval or acceptance, it shall notify the applicant and require the applicant to respond in the required manner within the time specified by the Commission.

(4) An application for type approval or type acceptance shall be rejected or deemed to have been rejected by the Commission if the applicant fails to respond within three months from the date of the Commission's request for details or clarifications.

10. Type approval certificate

(1) The Commission shall issue a provisional or final type approval certificate to the successful applicant for a specific model of equipment.

(2) The communication equipment to be sold or used shall be of the same model that was granted the type approval and not modified in any way without the approval of the Commission.

(3) The grant of type approval under this Regulation shall not be construed as a guarantee for the proper functioning, performance or quality of the equipment by the Commission.

(4) A supplier, importer or distributor shall ensure that the approved equipment inter-works properly with the public electronic communication network.

(5) The Commission shall not be liable for interference caused to other equipment, injury, or loss of life, or damage to property, arising as a direct or indirect result of the use of any approved equipment.

(6) Where there is doubt relating to the interpretation of a type approval specification, the method of carrying out the test or the validity of the statements made by the manufacturers of the equipment, the interpretation of the Commission shall be final.

11. Connection of type approved terminals to the public electronic communications network

(1) A supplier, importer or distributor shall, before selling any communication equipment, ensure that the equipment meets the standards and specifications set out by the Commission and is compatible with the public communications networks.

(2) A service provider shall not connect type approved communication equipment to public networks before the equipment is inspected by the Commission and network operators.

(3) A network operator shall not have the right to refuse connection to type approved equipment.

12. Type approval label for terminal or network equipment

(1) A service provider shall affix a type approval label in all its communications terminal or network equipment.

(2) Every supplier, importer or distributor shall ensure that all equipment offered for sale or private use have valid type approval or type acceptance certificates issued by the Commission and is clearly affixed with a type approval label issued by a recognized Commission containing—

- (a) the logo of the Commission;
- (b) the type of the equipment; and
- (c) the alphanumeric identifications of the equipment.

13. Revocation of type approval of device

(1) The Commission may, on its own motion or upon a complaint by any person, conduct investigations regarding the operation or use of equipment or apparatus that has been granted provisional or final type approval and may revoke the type approval where it is satisfied that—

- (a) the holder of a final or provisional type approval certificate has violated its conditions; or
- (b) the equipment or apparatus is causing or is likely to cause harmful interference to communications network or is a risk to human health or the environment.

(2) Any person who is aggrieved by the decision of the Commission made under this Regulation may appeal to the Appeals Tribunal.

14. Complaint procedure

(1) Any person may make a complaint in respect of the working of any equipment that has been type approved or object to the type approval of any equipment by submitting a complaint or objection to the Commission in writing stating—

- (a) the name and address of the complainant;
- (b) the name and address, if known, of the person against whom the complaint is made; and
- (c) the facts, including supporting data, where available, showing that the apparatus does not conform to these Regulations and that the apparatus may cause harmful interference to communications network or is a risk to human health or the environment.

(2) The Commission shall forward a copy of the complaint or objection to the applicant or holder of a type approval certificate and give the applicant or holder an opportunity to give evidence to rebut the complaint or objection.

[Subsidiary]

(3) The Commission shall consider any complaint or objection received when considering the application for type approval or in evaluating the operation of equipment for that has been granted type approval.

15. Installation of approved equipment

(1) No person other than a communications technician registered with the relevant regulatory authority shall install type approved equipment.

(2) Notwithstanding paragraph (1), where the installation is done by any other person, the installation shall be certified by a communications engineer registered with the relevant regulatory authority.

16. Exemptions from type approval

The Commission may, where it deems expedient, exempt any communications equipment that is temporarily imported into Kenya for re-export from type approval requirements.

17. Conditions for importation and distribution

(1) A person shall not supply, import or distribute electronic communications equipment unless that person has a licence granted by the Commission.

(2) A licensed supplier, importer or distributor of electronic communications equipment shall ensure that—

- (a) the equipment is type approved by the Commission; and
- (b) customers for radio communications equipment have radio communications licences from the Commission.

(3) Notwithstanding paragraph (1), a person may import into Kenya any type approved terminal electronic communication equipment where the equipment is solely for personal use.

(4) A person shall not sell electronic communication equipment sell at a place other than a shop or a distribution centre of a licensed supplier, importer or distributor.

18. Lists of equipment

(1) The Commission shall from time to time publish a list of prohibited equipment.

(2) A service provider shall not supply, import or distribute for use any equipment prohibited by the Commission.

19. Re-exportation of equipment

(1) A supplier, importer or distributor who wishes to import and re-package equipment for re-exportation or transshipment shall apply for a permit from the Commission.

(2) Prior to the importation of any equipment under this regulation, the supplier, importer or distributor shall furnish or cause to be furnished to the Commission full particulars of the respective equipment and the business the supplier, importer or distributor is involved in.

(3) A supplier, importer or distributor who imports and repackages equipment for re-exportation or transshipment, equipment imported without a permit issued under paragraph (1) commits an offence.

20. Capacity of the importer or distributor

The Commission shall not issue a permit to a supplier, importer or distributor unless the Commission is satisfied that the supplier, importer or distributor—

- (a) is capable of conducting the business;

- (b) has qualified and competent technical and supporting staff;
- (c) has a suitable shop or distribution centre; and
- (d) meets any other criteria determined by the Commission.

21. Import and sale restrictions

The Commission may in consultation with the relevant Government agencies, restrict the importation or sale within Kenya of any communications or other apparatus, where it is of the opinion that the equipment or apparatus may cause damage or harmful interference to communications networks or is a risk to human health or the environment.

22. Power to inspect

An authorized officer of the Commission may at reasonable times enter premises on which a supplier, importer or distributor is keeping imported communications equipment for the purposes of inspecting the equipment.

23. Disposal of equipment

(1) The equipment which has been brought for type approval and which due to destructive tests or other reasons the Commission determines as not being suitable for return to the applicant, may be destroyed by the Commission after giving thirty days notice for objection to the applicant.

(2) A person who is aggrieved by the decision of the Commission made under this Regulation may appeal to the Tribunal.

24. Offence and penalty

(1) A person who deals in or uses equipment without type approval or acceptance in accordance with these Regulations commits an offence.

(2) A person who is convicted of an offence shall on conviction be liable to a fine not exceeding three hundred thousand shillings or to imprisonment for a term not exceeding three years or to both.

25. Revocation of Part VIII of L.N. 68/2001

“user” means any person or body of persons who uses or operates radio communication services.

3. Purpose and object

The purpose and objective of these Regulations is to—

- (a) promote and support the orderly development and efficient operation of radio communication systems and services to meet the country's socio-economic, security and cultural needs;
- (b) ensure proper planning, utilization and management of the spectrum resource in accordance with the Act, Government of Kenya Policy objectives, international agreements;
- (c) promote the efficient use of frequency spectrum resource through the adoption of latest technical advances and efficient spectrum allocation and management technology based on operational requirements and technical viability;

- (d) ensure the equitable and fair allocation and assignment of spectrum to benefit the maximum number of users.

4. Eligibility for licenses

The Commission shall publish guidelines that shall specifying the persons eligible and eligibility criteria for the grant of spectrum licences from time to time.

5. General licensing conditions

(1) A person shall not possess, establish, install or use any radio communication station which requires licensing under these Regulations in any place or on board any local vessel, aircraft or vehicle, unless that person has a valid licence granted by the Commission.

(2) A radio communication licence shall not confer any ownership rights of the frequency on the licensee.

(3) A licensee shall not transfer frequencies assigned and the rights therein without the written consent of the Commission.

(4) A licensee shall comply with the provisions of the International Telecommunications Convention.

(5) Where the authorization is for a period not exceeding one month, the Commission may grant temporary authorization for the utilization of the frequency spectrum and the minimum applicable fee will be for a period of one month.

6. Application criteria for approval

(1) The Commission shall, when considering an application for frequency assignment, take into consideration—

- (a) spectrum availability for the type of service and proposed location;
- (b) whether the proposed service can be satisfied by any other means of communication;
- (c) the distress and safety radio communication services which require protection from harmful interference; and
- (d) the current technical advances that ensures the most efficient spectrum use.

(2) The Commission may assign a frequency or frequencies to the applicant, and shall for that purpose take into account all technical data of the equipment and associated accessories that the applicant is proposing to use.

7. Assignment of frequencies

(1) The Commission may assign frequencies when it is satisfied that such assignment will not cause harmful interference to any station or licensee operating in accordance with the Kenya table of frequency allocations.

(2) A person licensed to operate and provide radio communication systems and services shall apply to the Commission, for the assignment of the necessary frequencies.

(3) Where the Commission is satisfied with an application, it may assign the applicant a frequency, which the applicant shall use in accordance with the prescribed technical and operating parameters.

(4) Where the frequencies applied for are not available, the Commission may assign frequencies in an alternative frequency band.

(5) The Commission may impose such conditions as it may consider necessary for the use of the assigned frequencies.

[Subsidiary]

8. Obligations of licensees

(1) A licensee who has been assigned frequencies bands for use shall—

- (a) maintain and provide, at the Commission's request, an inventory of frequencies assigned;
- (b) keep the licence in force by regular payment of annual fees prescribed by the Commission from time to time;
- (c) put into use the assigned frequencies within the period specified by the Commission;
- (d) use such measures as may be prescribed by the Commission to eliminate unauthorized emissions, harmful interference or illegal use of the spectrum;
- (e) optimize the utilization of frequency spectrum resource in the manner prescribed by the Commission from time to time; and
- (f) implement all the measures prescribed by the Commission from time to time.

(2) The Commission may where it considers it necessary, require a licensee to migrate to a new frequency band.

(3) The Commission shall implement the migration through an arrangement that shall not impose unreasonable burden to the licensee involved.

(4) A licensee shall not make material change to a licensed station or change the station parameters specified in the licence, without a written authorization from the Commission.

(5) A licensee shall require the written consent of the Commission where a licensee proposes to—

- (a) increase the height of a structure supporting the radiating portion of the antenna;
- (b) relocate an antenna where such relocation would involve a change in the geographic co-ordinates of latitude or longitude by as much as one second, or relocation involves a change in street address;
- (c) change in antenna parameters, including height, number of antenna elements, radiation pattern or polarization.

(6) All licensees shall, unless exempted by the terms of authorization, transmit the assigned call sign at the end of each complete transmission.

(7) The transmission of the call sign at the end of each transmission shall not be required in cases of projects requiring continuous, frequent or extended use of the transmitting apparatus, if, during the periods and in connection with the use, the call sign is transmitted at least once every thirty minutes.

9. Sharing of frequencies

(1) The Commission may, where necessary, require a licensee to share a frequency.

(2) The Commission shall implement the sharing through an arrangement that shall not impose unreasonable burden to the licensee involved.

10. Frequency spectrum pricing

(1) The Commission may from time to time prescribe the methods of determining frequency spectrum pricing.

(2) The Commission shall not avail frequency spectrum licences to a licensee unless the licensee has paid frequency spectrum licence fees and complies with the conditions imposed by the Commission.

(3) The Commission may recall frequencies assignments that have not been utilized within the period specified in the licence.

(4) Where a frequency assignment is recalled for non-utilization, the licence fee paid in accordance with paragraph (2) shall not be refunded.

11. Pricing parameters

(1) The Commission shall adopt a pricing formula that reflects the economic value of frequency spectrum in order to encourage efficient use of frequency spectrum and stimulate growth.

(2) The pricing formula adopted under paragraph formula shall take into account the following factors—

- (a) size of spectrum assigned;
- (b) frequency band and level of congestion within the band;
- (c) market demand;
- (d) power output; and
- (e) geographical usage; and
- (f) such other factors as the Commission may from time to time determine.

(3) The Commission shall review and publish the pricing formula for frequency spectrum at least once in every three years.

12. Type approval and inspection

(1) A licensee shall not use any frequency spectrum unless the radio equipment in respect of which an assignment is sought has been duly type approved or type accepted by the Commission.

(2) Upon installation of the radio communication system, the licensee shall ensure that the system is inspected and certified by the Commission to be operating in accordance with the Act and the Regulations made thereunder.

13. Monitoring and inspection

(1) The Commission shall monitor all emissions from licensed stations to ensure the efficient utilization and compliance with licensed parameters.

(2) The licensee shall permit unlimited access by the Commission's authorized officers to the licensee's installations at reasonable times for the purposes of inspection and verification of operational parameters.

(3) The owners and management agents of buildings shall—

- (a) require proof of licences and authorization from the Commission before authorizing the installation of any radio communication systems in their premises;
- (b) keep records of all equipment installations; and
- (c) permit unlimited access by the Commission's authorized officers to the licensees' installations for the purposes of inspection and verification of operational parameters.

(4) A licensee shall, when requested to do so, make available all records that relate to a station's operations to the Commission's authorized officers.

(5) A licensee shall report any interference experienced to the Commission, in writing.

[Subsidiary]

(6) Where the Commission, pursuant to a report made to it or on its own accord, is of the view that certain measures need to be undertaken to avoid or mitigate any interference, the Commission may require a licensee or a class of licensees, in writing, to take the measures specified.

14. Inspection, sitting and maintenance of illuminated towers and control equipment

(1) A licensee of a radio station that has an antenna structure shall paint and illuminate the tower, perform routine inspections and maintenance of the tower to ensure that it is properly marked and illuminated and on any other associated control equipment, required.

(2) All licensees shall comply with directions given by the Commission in consultation with the government agency responsible for civil aviation, in matters relating to antenna towers.

(3) All licensees shall ensure that the sitting of antennas and towers comply with all applicable laws to which they are subject to.

(4) All licensees shall ensure that the sitting and installation of transmitters, antennas and towers comply with the laws and guidelines relating to radiation limits that may be in force from time to time.

15. Radio spectrum management and monitoring facilities

Where the Commission is of the opinion that a radio operation or structure may cause harmful interference to its operation, the Commission may restrict the installation or operation of radio communications apparatus or erection of structures within a specified area from the Commission's radio monitoring facilities.

16. Disposal of uncollected goods

(1) The Commission may disable or confiscate any radio communication apparatus or stations operated in contravention of the conditions of its licence or in contravention of the Act and these Regulations.

(2) The confiscated equipment or apparatus may, if not collected by a licensee, be disposed of in accordance with laws governing disposal of uncollected goods.

17. Misuse of frequencies

(1) A licensee who uses any radio communication station for or in furtherance of unlawful conduct, commits an offence and is liable, upon conviction, to a fine not exceeding One Million Kenya Shillings or to imprisonment for a term not exceeding five years or both.

(2) Any person who, upon receiving a request for information concerning the use of frequency spectrum from the Commission, fails to disclose the information or gives false or misleading information commits an offence and is liable, on conviction, to a fine not exceeding one million shillings or to imprisonment for a term not exceeding five years or both.

18. Amount of frequencies

The Commission may prescribe the minimum or maximum number or amount of radio communication channels or frequencies which any user or licensee may be granted.

19. Revocation of Part VI of L.N. 68/2001

Part VI of the Kenya Communications Regulations, 2001 is revoked.

**KENYA INFORMATION AND COMMUNICATIONS
(UNIVERSAL ACCESS AND SERVICE) REGULATIONS, 2010**

[L.N. 70/2010.]

1. Citation

These Regulations shall be cited as the Kenya Information and Communications (Universal Access and Service) Regulations, 2010.

2. Interpretation

In these Regulations, unless the context otherwise requires—

“Advisory Council” means the Universal Service Advisory Council established under section 102A of the Act;

“designated population” means individuals, households, groups, communities or institutions determined by the Commission, from time to time to be the target beneficiaries of universal access;

“Fund” means the Universal Service (US) Fund established under section 84J of the Act;

“licensee” means any person licensed under the Act;

“operating plan” means a plan prescribed by the Commission for the implementation of specific universal service programs and projects;

“subsidies” means assistance granted to support universal service programmes and projects;

“universal access” means access of one hundred percent by a designated population that can obtain, at the minimum, public access to quality and affordable communication systems and services;

“universal service” means access of one hundred percent by a designated population that is reasonably able to privately subscribe to and use particular communication systems and services of a specified quality on an individual, household or institutional basis including, among others, to the provision of—

- (a) public voice telephony;
- (b) internet access; or
- (c) other services by which people access efficient, affordable and modern communications systems and services;

“unserved areas” means geographic areas where no designated level of universal access is currently available;

“Universal Service Levy” means a levy charged by the Commission on licensees for purposes of the Universal Service Fund;

“universal service programs” means the general macro-level universal service initiatives aimed at achieving one or more of the universal service objectives;

“universal service projects” means the specific micro-level implementation activities related to each Universal Service Program.

3. Purpose and object

(1) The purpose of these Regulations is to provide a regulatory framework for the design and implementation of universal access and service provision and for the administration of the Universal Service Fund in Kenya.

(2) Without prejudice to the generality of section 84J of the Act, the objectives of the Universal Service Fund shall be to—

- (a) encourage efficient access to and use of communications systems and services throughout the Republic of Kenya, focusing on rural, remote and under-served areas in order to promote social, and economic development;
- (b) ensure reasonable availability and affordability of basic and advanced communications systems and services to persons with disabilities, at the household and individual levels, particularly where the market is unable to deliver such services in a financially viable manner;
- (c) support the development of information and communication technologies, including related human capacity and technological innovation;
- (d) provide support for the introduction and expansion of communication services to schools, health facilities and other organizations serving public needs; and
- (e) facilitate development of and access to a wide range of local and relevant content.

4. Amount of the Universal Service Levy

(1) The Universal Service Levy imposed under section 84J(3) of the Act shall be charged on all licensees offering communications systems and services on a commercial basis.

(2) The levy charged on licensees shall be an amount not exceeding one percent of the gross revenue of a licensee.

5. Purpose of the Universal Service Fund

The funds from the Fund may be applied in activities that support national communications development programmes including, among others—

- (a) funding universal service programmes and projects;
- (b) identifying, approving, scheduling and financing private sector and local community investments in universal service provision projects; and
- (c) the conduct of research and other relevant studies in information technologies.

6. Manner of funding

The Commission may fund universal service programmes and projects through—

- (a) subsidies;
- (b) loans; and
- (c) grants.

7. Identification of projects to fund

When identifying the projects to be funded by the Universal Service Fund, the Commission—

- (a) shall promote the establishment of efficient, self-sustaining projects, that will expand access to communications systems and services on their own initiative and with minimal funding;
- (b) may support projects that are not economically feasible without support of the Fund;
- (c) may support projects to the extent necessary to create adequate economic incentives for investors.

[Subsidiary]

8. Management of the Fund

Pursuant to section 84J of the Act, the Commission shall collect and disburse the funds of the Fund in accordance with the Act and—

- (a) establish administrative mechanisms, systems and structures for proper management of the Universal Service Fund;
- (b) supervise and provide broad policy directions for the management of the Fund and Universal Service Programs;
- (c) develop specific indicators of communications access;
- (d) as far as practicable, apply a competitive selection process to select beneficiaries of the Fund;
- (e) develop appropriate socio-economic criteria for identifying the geographical areas, population groups, institutions and organizations that may be eligible to benefit from the Fund;
- (f) develop criteria for evaluating project proposals for funding;
- (g) monitor and evaluate the fund projects; and
- (h) formulate the annual operating plans of the Fund.

9. Universal Service Advisory Council

The Universal Service Advisory Council shall—

- (a) advise the Commission and provide strategic policy guidance for the implementation of the Universal Service Fund; and
- (b) perform any other functions assigned to it by the Board from time to time and as necessary for the implementation of these Regulations.

10. Fund accounts

(1) The Commission shall deposit the funds of the Fund monies in one or more accounts established in one or more reputable banks in Kenya.

(2) The Commission shall maintain a separate account for the Universal Service Fund and shall keep proper books of accounts and records of the operations of the Fund.

(3) The accounts of the Fund may at any time and shall at the end of each financial year, be audited by an independent auditor.

11. Annual report

(1) The Commission shall, within three months after the end of the financial year, prepare and submit to the Minister an annual report containing—

- (a) the audited financial statements of the Fund; and
- (b) details of activities supported by the Fund.

(2) The Annual Report shall also be available for public inspection at such times and in such manner as the Commission shall prescribe.

12. Investment of the funds of the Fund

The Commission may invest or apply the funds of the Fund towards—

- (a) fixed bank deposits;
- (b) Government securities; or
- (c) any other investments approved by the Commission and in accordance with applicable financial Regulations.

13. Power to issue guidelines

The Commission may, from time to time, issue guidelines relating to the management of the fund.

**KENYA INFORMATION AND COMMUNICATIONS (LICENSING
AND QUALITY OF SERVICE) REGULATIONS, 2010**

[L.N. 71/2010.]

1. Citation

These Regulations may be cited as the Kenya Information and Communications (Licensing and Quality of Service) Regulations, 2010.

2. Interpretation

In these Regulations, unless the context otherwise requires—

“**contact address**” means the physical address, telephone number, facsimile number and email address of a licensee or an applicant for licence;

“**licence**” means a licence issued under the Act;

“**licensee**” means a person or an entity licensed by the Commission to provide any communication services;

“**market structure**” describes the state of a telecommunications market in relation to competition.

3. Market structure

(1) The Commission may, from time to time, publish details of the communications market structure prevailing in the country.

(2) The Commission shall, when issuing licences, consider the market structure.

4. Application for licence

(1) A person who wishes to operate any communication system or provide a communications service requiring a licence under the Act, shall apply to the Commission for a licence.

(2) An application for a licence under these Regulations shall in the manner and form prescribed by the Commission.

(3) An entity applying for a licence under these Regulations shall ensure that its shareholding conforms to the prevailing communications sector policy.

(4) An applicant for a licence shall submit to the Commission—

- (a) registration or identification documents prescribed by the Commission;
- (b) the applicant's contact address;
- (c) where applicable, a detailed business plan for the proposed services;
- (d) detailed information relating the proposed system or services to be provided;
- (e) where applicable, information relating to the previous experience in the management of the proposed system or the provision of the services for which a licence is sought; and
- (f) any other information that the Commission may require.

5. Failure to submit documents or information

(1) Where an applicant fails to submit all documents or information required under these Regulations the Commission shall reject the application and inform the applicant, in writing, of the rejection.

(2) Where the Commission rejects an application due to incomplete or insufficient information, the rejection shall not, except where a tender process is involved, bar the applicant from resubmitting the application.

(3) The Commission shall treat the re-submitted application as a new application.

6. Granting of licences

Upon the completion of the application process, the Commission shall, if it is satisfied that the applicant has complied with the requirements under these Regulations, issue a licence to the applicant.

7. License terms and conditions

(1) The Commission may specify the terms and conditions of a licence consistent with the provisions of the Act, Regulations and other relevant circumstances.

(2) A licensee shall comply with all terms and conditions of its licence.

8. Notification of change of particulars

A licensee shall—

- (a) notify the Commission of its intention to change the name or contact address it filed with the Commission at least thirty days before effecting such change; and
- (b) notify the Commission and the public of any trade or brand name it intends to use at least thirty days prior to using the trade or brand name.

9. Change in shareholding

(1) A licensee shall ensure that its shareholding complies, at all times with the Government's Communications Sector Policy, published from time to time.

(2) A licensee shall notify the Commission of any proposed change in ownership, control or proportion of shares held in it, at least thirty days before the change is effected:

Provided that—

- (a) any change in shareholding exceeding fifteen per centum of the issued share capital; or
- (b) the acquisition by an existing shareholder of at least five per centum of additional shares,

shall require the prior written consent of the Commission and the Commission shall notify the applicant of its acceptance or refusal, stating the reasons for its decision, within thirty days of receipt of the request for consent.

10. Transfer or assignment of a licence

(1) A licensee shall not transfer or assign a licence granted under the Act without the written consent of the Commission.

(2) The Commission may, when considering an application for the transfer or assignment, consider the same requirements and terms as if considering an application for the grant of a new licence.

(3) The Commission shall communicate its decision on an application for the transfer or assignment of a licence to an applicant within thirty days of receipt of the application and state the reasons for the decision.

[Subsidiary]

11. Renewal of a licence

(1) A licensee shall make an application for the renewal of its licence in accordance with the procedure specified in each licence.

(2) When considering an application for renewal of a licence, the Commission shall consider the extent of compliance, by the licensee, with the terms and conditions contained in the licence in the previous licence period.

12. Revocation of licences

(1) The Commission may revoke a licence in accordance with the Act.

(2) Any person who is aggrieved by the decision of the Commission made under this regulation may appeal to the Tribunal within thirty days from the date of the decision.

13. Obligations of a licensee to provide quality of service

(1) A licensee shall, in addition to the terms and conditions of the licence—

- (a) improve service quality, by identifying service deficiencies and making appropriate changes;
- (b) maintain service quality, while considering environmental and operating conditions;
- (c) avail information to ensure informed subscriber choice of services and licensees;
- (d) improve the operation and performance of interconnected networks; and
- (e) assist in the development of related communications markets.

14. Principles for developing quality of service standards

(1) The Commission shall, when developing quality of service standards, ensure that—

- (a) the parameters related to quality of service are clearly defined and measurable;
- (b) information about the standards relating to quality of service are sufficient, comparable and accessible;
- (c) communications infrastructure and services are compatible with international standards;
- (d) practices increasing the user satisfaction and decreasing user complaints are encouraged;
- (e) discrimination, relating to the quality of the service offered, between similar users is avoided; and
- (f) special needs of disabled users are also considered when developing quality of service parameters.

15. Quality of service standards

The quality of service standards under these Regulations may be determined based on—

- (a) parameters, defining the applicable quality of service measurements for specific services;
- (b) methods of measuring service performance against predetermined parameters;

- (c) measurable service characteristics of parameters determined by the Commission; and
- (d) any applicable targets for parameters identified by the Commission from time to time.

16. Measurement, reporting and record keeping

(1) The Commission shall, from time to time, publish a notice in the *Gazette* prescribing quality of service parameters that licensee are to measure and report on to it.

(2) The notice published under paragraph (1) shall specify measurement and reporting intervals for quality of service parameters prescribed by the Commission.

(3) A licensee shall, for each parameter prescribed by the Commission under paragraph (1)—

- (a) take measurements using the method specified for the parameter;
- (b) compile, summarize and submit the measurements to the Commission, in the prescribed format and within the specified period;
- (c) submit any additional information required by the Commission, including details of the times, places and other particulars of the measurements, as the Commission may from time to time direct; and
- (d) retain all quality of service data, including all measurements and related records, for a minimum of twelve months after the reporting period or as the Commission may, from time to time, direct.

17. Inspections and investigations

The Commission may inspect or investigate matters relating to the measurement of quality of service, of a licensee from time to time to ensure compliance.

18. Publication of reports on measurements of quality of service

The Commission may publish measurement results or the quality of service reports submitted by licensees.

19. Telecommunications contractors

(1) The Commission shall, before issuing a licence to a telecommunications contractor under these Regulations, consider—

- (a) the applicant's ability to conduct the business; and
- (b) the competence of the technical staff undertaking to its works.

(2) A telecommunications contractor shall, when undertaking works ensure, that the work complies with guidelines issued by the Commission from time to time and any other internationally acceptable standards prevailing.

(3) The Commission may revoke the licence of a telecommunications contractor who contravenes paragraph (2).

20. Approvals from other authorities

Notwithstanding that a licence has been issued by the Commission, a licensee shall bear the responsibility of obtaining the approvals of other Government agencies, local authorities or other relevant authorities that may be required for the provision of the licensed services, installation, placement, laying or maintenance of any facilities on, through, under or across any land.

[Subsidiary]

21. Duty of care

(1) A licensee shall, when installing its facilities, take all reasonable steps to ensure that it causes as little detriment or damage, and inconvenience to the public, as is practicable in the circumstances.

(2) If a licensee engages in any activity relating to any land under these Regulations, the licensee shall take all reasonable steps to restore the land to the condition it was before the activity began.

(3) A licensee shall, when installing its communications systems, take all reasonable steps to—

- (a) observe international standards and practices;
- (b) protect the safety of persons and property;
- (c) protect the environment; and
- (d) ensure that the activity does not adversely interfere with—
 - (i) the operations of a public utility;
 - (ii) public roads and paths;
 - (iii) the movement of traffic; and
 - (iv) the use of land.

(4) A licensee shall enter into an agreement with any public utility whose operations are likely to be affected by an activity of the licensee, to provide for the most convenient manner in which the licensee shall engage in that activity.

22. Validity of provisions

Where one or more of the provisions of any licence, for any reason becomes invalid or unenforceable, the validity or enforceability of the other provisions of the licence shall not be affected.

23. Transitional provisions

(1) When the Commission introduces a new licensing framework, a person holding a licence issued under the former licensing framework (in this section referred to as an “old licensee”) shall continue to hold the licence in accordance with its terms and may migrate to the new licensing framework in accordance with the migration modalities issued by the Commission.

(2) Where a licensee who held a licence before the commencement of these Regulations notifies the Commission that the licensee opts to migrate to a new licence—

- (a) the Commission shall issue the new licences to the licensee on terms that do not detract from the rights held by the licensee under the old licence;
- (b) the new licence issued by the Commission to the licensee shall be valid for the unexpired term of the old licence or the full duration of the new licence whichever period is shorter;
- (c) the old licence shall cease to be valid immediately the new licence, commences; and
- (d) the old licensee shall be deemed to have waived the right to the continuation of the old licence and no compensation shall be due to the old licensee in this regard.

(3) Where an old licensee notifies the Commission that the old licensee opts to continue with the old licence—

- (a) the old licensee shall be entitled to continue to operate the network or provide the service contemplated and authorized by that licence for the remainder of the term of that licence;

- (b) the old licence shall expire at the end of the licence term specified in that licence, and licensee may apply for renewal under the new licensing framework.

24. Miscellaneous offences

(1) A person who provides any services under the Act without a licence issued by the Commission commits an offence.

(2) A person who commits an offence under these Regulations for which no penalty is specifically provided, is be liable to a fine not exceeding three hundred thousand shillings or to imprisonment for a term not exceeding three years or to both.

“**proxy registration**” means registration on behalf of a subscriber by a person not being the subscriber;

“**registration**” means the process of recording identification particulars of a subscriber by a licensee or an agent for the purpose of facilitating access to a telecommunication service, in accordance with these Regulations;

“**subscriber**” means a person who has access to telecommunication services provided by a licensee;

“**subscription medium**” includes a Subscriber Identity Module and any such device that contains a subscriber’s number, encoded network identification details, personal identification number and any other user data that may be provided from time to time by a licensee for the provision of access to telecommunication services to a subscriber;

“**suspend**” means to temporarily disable access to telecommunication services to a subscriber by a licensee.

3. Object

The object of these Regulations is to provide a process for the registration of existing and new subscribers of telecommunication services provided by telecommunication licensees in Kenya.

4. Requirement for registration

(1) A licensee or agent shall register a subscriber as specified in these Regulations.

(a) Without prejudice to the generality of paragraph (1), all existing subscribers who are not registered at the commencement of these Regulations shall present their subscription mediums for registration by a licensee or agent in accordance with these Regulations.

(b) If an existing subscriber fails to comply with paragraph (2) within thirty days of commencement of these Regulations, a licensee shall suspend and deactivate the unregistered subscription medium in accordance with these Regulations.

(3) A subscription medium shall only be sold and activated upon registration of identification particulars of a new subscriber as specified under these Regulations.

(4) A licensee shall not sell or market pre-activated subscription mediums to new subscribers with effect from the date of commencement of these Regulations.

(a) A licensee may contract or otherwise engage an agent for purposes of registering existing or new subscribers.

Provided that the agent shall be bound to the same extent as a licensee, by the requirements under the Act and these Regulations with necessary modifications.

(b) It shall be an offence for a person other than a licensee or an agent to sell a subscription medium.

(6) A licensee shall keep a record of—

(a) all its agents;

(b) all subscription mediums sold to agents; and

(c) all registrations of existing and new subscribers made by the licensee and the licensee's agents and any changes made thereto.

(7) A licensee shall submit the records maintained pursuant to paragraph (6) to the Commission in the prescribed form after every quarter and at the end of its financial year, prepare and submit to the Commission in the prescribed form, an annual report of its operations on the maintenance of records under paragraph (6) of this regulation after every seven days or at any other time upon request by the Commission.

(8) The Commission shall from time to time, prescribe the format in which licensees submit information to the Commission.

(9) A licensee or an agent who contravenes the provisions of this regulation commits an offence.

5. Method of registration

(1) Where an existing or new subscriber wishes to register a subscription medium, that subscriber shall provide the following particulars to the licensee or agent—

(a) subscriber number;

(b) official name;

(c) date of birth;

(d) gender;

[Subsidiary]
