(3) The Chief Executive Officer shall be responsible to the Board for the day-to-day management of the affairs of the Authority and for the performance of any other functions as the Board may direct, and shall be the accounting officer of the Authority.

(4) The Chief Executive Officer shall hold office for a term of three years and is eligible for re-appointment for a further term of three years.

(5) The Chief Executive Officer may be removed from office by the Cabinet Secretary on the recommendation of the Board in accordance with the terms and conditions of service.

13. Other staff

Subject to the provisions in section 35 regarding transitional arrangements, the Authority may engage such other officers and staff as it may consider sufficient for the performance of its functions under this Act on such terms and conditions as are provided in approved establishment.

[Act No. 33 of 2022, s. 8.]

PART IV – RESPONSIBILITY OF COUNTY GOVERNMENTS

14. Role of county government

(1) Each county government may, within its area of jurisdiction, establish a county irrigation development unit for the better carrying out of its functions with respect to irrigation pursuant to Part 2 of the Fourth Schedule of the Constitution.

(2) Each county government shall, for purposes of ensuring uniformity and national standards in the irrigation sub-sector, through its legislative and administrative action, implement and act in accordance with the national policy guidelines issued by the Cabinet Secretary and approved by both Houses of Parliament.

(3) The county irrigation development units established under subsection (1) shall have the following functions—

- (a) formulate and implement county irrigation strategy in collaboration with relevant stakeholders, in line with national policies and strategies;
- (b) develop and maintain an irrigation database and integrate systematic monitoring and evaluation;
- (c) identify community-based smallholder schemes for implementation in line with national guidelines;
- (d) mainstream irrigation related statutory obligations such as those that relate to the environment, water and health;
- (e) provide capacity building for farmers and support establishment of viable farmer organizations, and in particular irrigation water users associations to develop and manage irrigation schemes including actively participating in conflicts resolution within irrigation schemes;
- (f) set up measures to implement adaptation and mitigation to climate change, and enhance sustainable environmental management.

PART V – IRRIGATION SERVICES

15. Water for irrigation

(1) The Cabinet Secretary shall, subject to water and other resource constraints, and in consultation with county governments, and other stakeholders ensure the adequacy and quality of water for irrigation purposes throughout the country.

(2) Pursuant to subsection (1), the Cabinet Secretary shall take measures to—

- (a) in consultation with the Water Resources Authority, put in place appropriate water use fees structures and make arrangements with the Water Resources Authority in respect of requisition of irrigation water in bulk;
- (b) seek advice of the Water Resources Authority on the development of new irrigation water sources, including water harvesting, flood control and storage for irrigation;
- (c) approve appropriate arrangements on inter-catchment transfers of irrigation water in consultation with county governments and Water Resources Authority;
- (d) develop a mechanism on return on investment formula resulting from construction of irrigation schemes using public funds; and
- (e) develop guidelines on private sector involvement at various stages of the irrigation project implementation cycle.

[Act No. 33 of 2022, s. 9.]

16. Setting apart of land, access rights etc.

(1) The Cabinet Secretary may, in consultation with the National Lands Commission, the Board and county governments, and by notice in the *Kenya Gazette*, designate an area of land, for which an irrigation water permit may be issued by the Water Resources Authority and an irrigation license may be issued.

(2) In respect of land, other than public land, in a national or public irrigation scheme, the Cabinet Secretary shall, in accordance with the law for the time being relating to the compulsory acquisition of land, take such steps as may be necessary

to acquire the right, title or interest in such land and to vest it in the Authority for the purposes of this Act.

(3) In the case of community land forming part of a national or public irrigation scheme, the Cabinet Secretary, on behalf of the Authority, may take the land on lease and on terms to be agreed between the Cabinet Secretary and the county government concerned.

(4) In default of agreement between the Cabinet Secretary and the county government as to the terms of a lease under subsection (3) of this section, the relevant provisions of the Land Act (Cap. 280), shall have effect.

(5) The Cabinet Secretary shall, in collaboration with county governments support and facilitate access rights to land for all irrigators on national irrigation schemes in order to provide livelihoods for poor and vulnerable persons and groups, and adequate security for investments in land improvement and the irrigation schemes.

(6) The Cabinet Secretary shall, in consultation with county governments, ensure that the design of national or public irrigation schemes and others, takes into account the needs of various irrigation water users, including livestock and fish producers and the impact the irrigation scheme is likely to have on the environment.

[Act No. 33 of 2022, s. 10.]

17. Administrative and legal framework for water storage

(1) The Cabinet Secretary shall in consultation with the Water Resource Authority Secretary, the National Water Storage and Harvesting Authority, the National Land Commission, the Council of Governors and other stakeholders prescribe administrative and regulatory frameworks within existing laws and regulations on water storage existing and future irrigating requirements.

(2) Without prejudice to subsection (1), the Cabinet Secretary shall ensure that irrigation developments are planned and implemented—

- (a) in accordance with Integrated Water Resources Management Principles;
- (b) in accordance with agreements between irrigation water users and other stakeholders; and
- (c) in such a manner as to reduce conflicts on water resources, protect the environment and public health and share water appropriately and equitably for multiple uses.

[Act No. 33 of 2022, s. 11.]

18. Irrigation research, innovation and training

(1) The Cabinet Secretary shall take legislative and administrative measures to ensure that irrigation research, innovation and training functions are carried out and appropriately co-ordinated.

(2) Each county government may identify priority irrigation research, innovation and training areas and participate in irrigation research, innovation and training processes, in collaboration with the national government.

19. Management of irrigation schemes

(1) The Cabinet Secretary shall, through the Authority, oversee management of existing and new national or public schemes, except those under county governments, and particularly storage dams, intake, main and secondary systems as necessary.

(2) The Cabinet Secretary, through the Authority, shall provide resources and direction for capacity building and technical services to irrigation water users associations, scheme management committees, dispute resolution committees and other farmer associations to enable them to progressively accept and assume full responsibility for management of national or public schemes under appropriate agency contracts with the National Government or county governments, as the case may be.

(3) Despite any agency contracts between the National Government or county governments and any irrigation water users' association, scheme management committees, dispute resolution committees under subsection (2), all assets of the national or public irrigation schemes shall remain vested in the national government or county government as appropriate, which shall also retain regulatory oversight over governance, management and financing of such schemes.

(4) The Cabinet Secretary shall, through the Authority and in collaboration with county governments and relevant stakeholders provide support, subject to availability of resources, and direction for capacity building and technical advisory services to irrigation water users' associations, scheme management committees, dispute resolution committees and other farmer associations to enable them to take over governance and management responsibility for smallholder schemes as soon as possible after they are developed.

20. Formation of irrigation water users' associations

(1) A resident of a catchment area who is a crop farmer, livestock producer, fish pond user, or small rural industry entrepreneur or otherwise uses water for irrigation purposes from a common water source may, together with other members or persons resident in the same area, form or join an irrigation water users' association.

(2) Where an association pre-exists an irrigation scheme, the said association may be recognized as the *bona fide* association to operate and maintain a scheme established in the association's area of coverage, and more than one association may operate and maintain a scheme on appropriate and mutually agreed terms.

(3) An association may, with the approval of the Cabinet Secretary, enter into an agreement with the National Government, a county government, a private sector institution or another farmers' association for the establishment, expansion, implementation, improvement, modernisation, operation or maintenance of a scheme subject to mandatory approvals in accordance with regulations.

(4) Despite sub-section (3), an association may enter into cost-sharing agreements with the National Government, county governments, private sector institutions or other farmers' associations for implementing improvements, modernization, establishment or expansion of a scheme, subject to approval by the Cabinet Secretary and concurrence of the National Treasury.

(5) The Cabinet Secretary, in consultation with county governments, may make rules for the establishment and governance of irrigation water users' associations under this section.

[Act No. 33 of 2022, s. 12.]

PART VI – FINANCIAL PROVISIONS

21. Finances of the Authority

The funds and assets of the Authority shall consist of—

- (a) such monies as may be appropriated by the National Assembly for the purposes of the Authority;
- (b) any monies or property which may in any manner accrue or vest in the Authority in the course of the exercise of its functions under this Act;
- (c) such monies as may become payable to the Authority by way of fees in respect of services rendered by or through the Board; and
- (d) all monies from any other sources provided, donated or lent to the Authority.

22. Annual estimates

(1) At least five months before the commencement of each financial year, the Authority shall cause to be prepared estimates of the revenue and expenditure of the Authority for that year.

(2) The annual estimates shall make provision for all the estimated expenditure of the Authority for the financial year concerned and in particular shall provide for—

- (a) the payment of salaries, allowances and other charges in respect of the staff of the Authority and the Board of the Authority as the case may be;
- (b) the payment of pensions, gratuities and other charges in respect of retirement benefits which are payable out of the funds of the Authority;
- (c) the acquisition, maintenance, repair and replacement of the equipment and other movable property of the Authority;
- (d) the creation of such reserve funds to meet future or contingent liabilities in respect of retirement benefits, insurance and the replacement of buildings or equipment, or in respect of such other matters as the Board may deem fit;
- (e) estimated expenditure for development of infrastructure for the development of irrigation; and
- (f) estimated expenditure for the provision of irrigation services and advisory support.

(3) The annual estimates shall be approved by the Board at least two months before the commencement of the financial year to which they relate and shall be submitted to the Cabinet Secretary.

(4) No expenditure shall be incurred for the purposes of the Authority except in accordance with the annual estimates approved under subsection (3) or in pursuance of an authorization of the Board given with prior written approval of the Cabinet Secretary and the Cabinet Secretary to the National Treasury.

[Act No. 33 of 2022, s. 13.]

23. Accounts and Audit

The Board shall ensure that proper books of account of the income, expenditure, assets and liabilities of the Authority are kept, and shall in this regard be subject to the provisions of the State Corporations Act (Cap. 446).

24. Annual reports

(1) The Board shall, within a period of seven months after the end of each financial year, or within such longer period as the Cabinet Secretary may approve, submit to the Cabinet Secretary a report on the operations of the Authority during that year, and the auditor's report, together with the yearly balance sheet and such

other statements of account as the Cabinet Secretary shall require, and the Board shall publish them in such manner as the Cabinet Secretary may specify.

(2) A copy of every auditor's report, balance sheet and other statements of accounts submitted in accordance with subsection (1) shall be sent by the Authority to the Auditor-General, who may at any time examine the accounts, and the Auditor-General shall be entitled to require from the Authority and its auditors such further information and explanation as he may consider necessary.

(3) The financial reports of the Authority with the yearly balance sheet and such other statements of account as the Cabinet Secretary may deem appropriate, together with the auditor's report and any report made by the Auditor-General, shall be submitted through the Principal Secretary and the same shall be laid by the Cabinet Secretary before Parliament as soon as possible after it has been submitted to the Cabinet Secretary and shall constitute an integral part of the Cabinet Secretary's report required under this section.

PART VII – DISPUTE RESOLUTION

25. Dispute resolution

(1) Disputes related to irrigation and drainage scheme development, management, water allocations and delivery, financing, operation and maintenance and other matters shall be resolved within the irrigation water users association or at irrigation scheme level wherever possible.

(2) Each association which is legally registered shall have a Dispute Resolution Committee that consists of at least three members selected by its governing body.

(3) Decisions regarding any dispute contemplated under this section shall be made by the relevant Dispute Resolution Committee within thirty days of the hearing of the dispute in question.

26. Appeals

Where the water users association or at the irrigation scheme level is unable to resolve a dispute, the same shall be referred to the Dispute Resolution Committee at the first instance to consider and determine the matter before the same is referred to Court.

PART VIII – MISCELLANEOUS AND OFFENCES PROVISIONS

27. Monitoring and evaluation

The Cabinet Secretary shall, in consultation with the county governments—

- (a) develop and implement a monitoring and evaluation system for the development, governance, management, regulation, provision and financing of irrigation at all levels, including assessment of inputs, outputs immediate outcomes and ultimate impacts based on the results; and
- (b) conduct periodic irrigation management and performance audits in strategically important schemes, and may assess the financial management and quality of governance obtaining in the schemes.

[Act No. 33 of 2022, s. 14.]
