

LEGAL NOTICE No. 275

(Leg. 19/1)

THE FACTORIES ORDINANCE, 1950

(No. 38 of 1950)

NOTICE OF EXCEPTION No. 4 (GENERAL)

STEAM BOILERS—AUTOCLAVES, VULCANIZERS AND LAUNDRY
CALENDERS

IN EXERCISE of the powers conferred by section 40 of the Factories Ordinance, 1950, the Chief Inspector of Factories hereby excepts the classes or types of steam boiler specified in the first column of the Schedule to this Notice from the requirements of section 37 of the said Ordinance specified in the second column of the said Schedule, subject however to the conditions and limitations set opposite thereto in the third column of the said Schedule.

SCHEDULE

(1) Classes or Types of Steam Boilers	(2) Requirements of section 37 which shall not apply	(3) Conditions or limitations (if any)
Autoclaves. Dental Vulcanizers. Vulcanizers used for the repair of rubber tyres, except a vulcanizer connected with any other plant or capable of containing a whole tyre. Steam calenders in which steam is generated by means of an immersion heater.	Sub-section (2) (a) (iv).	Steam or water contained in any such boiler shall not be drawn off, nor permitted to escape while the boiler is being heated, except such steam as may escape from a safety valve, fusible plug or bursting disc as the case may be: Provided that the use of any test cock or valve fitted at or above the normal water level for the purpose of ascertaining ^{testing} or adjusting the height of the water shall be deemed not to contravene this condition.
Autoclaves and steam calenders in which steam is generated by means of an immersion heater.	Sub-section (2) (c).	—
Dental Vulcanizers.	Sub-section (2) (a) (i) and so much of sub-section (8) as applies to a safety valve.	(1) Each such steam boiler shall be fitted with two suitable pressure relieving appliances to prevent the boiler being worked at a pressure greater than the maximum permissible working pressure. (2) The appliances provided in pursuance of condition (1) shall be properly maintained and be renewed once at least in every alternate period of 14 months.

Dated this 4th day of June, 1956.

G. J. M. GRAY,
Chief Inspector of Factories.
